Congress,2007 Legislating International Organization Kathryn C. Lavelle,2011-10-14 Preface Introduction 1 Congressional Advocacy Towards International Organizations 2 Enacting a Multilateral Framework for Finance Treasury and Congressional Compromise 3 Building Constituencies for the Bretton Woods Framework Banks Big Business and the Cold War Coalition 4 Domestic Constituencies Speak The End of Fixed Parity and the Rise of Development Lending 5 Iron Triangles Go Global The 1982 Debt Crisis and the End of the Cold War 6 Widening the Circle Narrowing the Outcome The 1997 Asian Financial Crisis 7 Reviving a Role for the Bretton Woods Institutions the Financial Crisis of 2008 8 Conclusions Notes Bibliography Index Frank Barney Frank,2015-03-17 How did a disheveled intellectually combative gay Jew with a thick accent become one of the most effective and funniest politicians of our time Growing up in Bayonne New Jersey the fourteen year old Barney Frank made two vital discoveries about himself he was attracted to government and to men He resolved to make a career out of the first attraction and to keep the second a secret Now fifty years later his sexual orientation is widely accepted while his belief in government is embattled *Frank A Life in Politics* from the Great Society to Same Sex Marriage is one man s account of the country s transformation and the tale of a truly momentous career Many Americans recall Frank s lacerating wit whether it was directed at the Clinton impeachment What did the president touch and when did he touch it or the pro life movement some people believe life begins at conception and ends at birth But the

contours of his private and public lives are less well known For more than four decades he was at the center of the struggle for personal freedom and economic fairness From the battle over AIDS funding in the 1980s to the debates over big government during the Clinton years to the 2008 financial crisis the congressman from Massachusetts played a key role In 2010 he coauthored the most far reaching and controversial Wall Street reform bill since the era of the Great Depression and helped bring about the repeal of Don t Ask Don t Tell In this feisty and often moving memoir Frank candidly discusses the satisfactions fears and grudges that come with elected office He recalls the emotional toll of living in the closet and how his public crusade against homophobia conflicted with his private accommodation of it He discusses his painful quarrels with allies his friendships with public figures from Tip O Neill to Sonny Bono and how he found love with his husband Jim Ready becoming the first sitting member of Congress to enter a same sex marriage He also demonstrates how he used his rhetorical skills to expose his opponents hypocrisies and delusions Through it all he expertly analyzes the gifts a successful politician must bring to the job and how even Congress can be made to work Frank is the story of an extraordinary political life an original argument for how to rebuild trust in government and a guide to how political change really happens composed by a master of the art
