Sgt Vlengles Revenge:

Surviving the Ultimate Workplace Bully - My Story William Johnson, 2021-06-16 When I had been bullied in school for being gay I could not have imagined that years later I would be bullied the workplace but I was and not just for being gay Many books have been written about kids being bullied in school but very few books have been written about people being bullied in the workplace I had to ask myself why that was The answer was simple because most folks who are bullied in the workplace whether they be male or female are most times terrified to come forward and report to higher management that someone or more than one someone whether they be male or female is bullying them Why are victims of bullies in the workplace terrified to report it to upper management or HR Because as you will see in my book most times when a person is being bullied in the workplace it is being done by someone in upper management and as I have found out HR will stand by the bully in upper management And yes bullies in the workplace can be male or female as I sadly found out for myself

Sgt. Vlengles' Revenge Tim Brough, 2005-11 Second and continuing group of short stories delving into the dark world of BDSM Rubber fetish His first book was *Black Gloves White Magic*
