Shades of Wyoming Ann WILLIAMS,1995      *Carbon County* Rebecca Rabenold-Finsel,2004-10-06 Nowhere in Pennsylvania is there a synchronicity between geography and history as there is in Carbon County Intersected by the majestic Lehigh River in the picturesque Pocono Mountains this is a county built on the discovery of anthracite coal the fortitude of early settlers and the boundless imaginations of men like Josiah White Erskine Hazard and Asa Packer For over a century Carbon County s breathtaking scenery stunning Victorian architecture and natural landmarks such as Hicheltooth Cliffs and Glen Onoko Falls have attracted travelers Whether riding on the hair raising Switchback Railroad or staying at the American Hotel now the Inn at Jim Thorpe travelers loved postcards many of which are featured in this book Compiled from some of the finest collections of vintage postcards in the state Carbon County is a visual treasure documenting the haunting beauty and idiosyncrasies of the area      **A Genealogical and Personal History of Bucks County, Pennsylvania** William Watts Hart Davis,1975 Reprint of v 3 of the 1905 ed published by Lewis Pub Co New York under title History of Bucks County Pennsylvania from the discovery of the Delaware to the present time      *Weekly Florists' Review* Gilbert Leonard Grant,1924  
*Shades of Moran, Wyoming* John H. Brandenburg,1976 This is number 270 in a limited edition signed by the author  
**Wyoming, a Guide to Its History, Highways, and People** ,1981-01-01 First published in the famous American Guide Series of the Work Projects Administration in 1941 Wyoming A Guide remains a distinguished survey of the state its centers of interest and its history Now issued in paperback for the first time it can introduce to new readers the geographic spectacle and pioneer history that continue to shape the character of Wyoming A new introduction by T A Larson author of History of Wyoming updates the Guide and evaluates changes seen in the state since the book was first published Valuable to the resident as a reference to the state s many treasures and useful to the tourist who wants to know more than the road signs tell Wyoming A Guide commemorates those who passed through to the West and those who stayed to forge a state in the heart of the frontier      **The Ladies' Wreath** ,1849      Wyoming, a Guide to Its History, and People, Best Books on,1941  
**Florists' Review** ,1909      Chemical Technology: Lighting, by W. Y. Dent [and others] Charles Edward Groves,William Thorp,William Joseph Dibdin,1895      The Chronicles of Middletown C. H. Hutchinson,1906      **Wyoming Road Trip by the Mile Marker** Brook Besser,2010-03 NEW REVISED EDITION that simplifies the highway naming and adds a number of new features that make the book easier to understand and navigate Contact info nightblazebooks com with any questions Please read this entire description and the notes at the end Yellowstone National Park is the focal point of Wyoming however there is so much more if you know where to look Hidden gems like badlands and petroglyphs can be found in the plains and valleys and with 15 mountain ranges over 9 000 ft Wyoming is hardly the boring prairie that many people envision Even where the plains seem unspectacular there is a rich history along pioneer trails that served as the gateway to the west throughout the 19th century This book identifies ALL of this and is simply a book you should not be without Most Wyoming

travel guides are written to explore a specific subject or location but it would take a stack of books to cover the state for all subjects Think of these books as a mile wide and 100 miles deep This remarkable guide on the other hand has most everything in the entire state laid out by the highway mile markers so you will always know what is ahead and exactly how to get there This book covers National Parks and Monuments State Parks sightseeing camping picnicking hiking historical sites archaeological sites rest areas RV dumps and general points of interest The book has over 1900 entries so think of it as 100 miles wide and 10 miles deep enough information to get around but not an overload of information to wade through Without a book like this putting together a trip across the state requires a great commitment of time and effort The author knows this because he has done it many times In order to provide massive amounts of information into a book of reasonable size and cost first off the book it is not a pocket guide but instead is full A4 paper size measuring 8 3 x 11 7 x 0 5 inches If this was a pocket guide it would be well over a thousand pages Secondly the book is laid out in a clear and concise report style format The descriptions are brief and to the point and not filled with colorful adjectives Instead the book uses a simple 5 star Cool Rating to convey the author s opinion of the impressiveness of each attraction In addition the first two lines for each attraction provide the mileage GPS coordinates elevation which entity owns the land and a grid system that corresponds to the maps in the book or can locate the attraction on any map The detailed directions are also condensed to generally fit on a single line Just to put a final point on the amount of information in this book the index is extracted directly from the book itself and therefore is so comprehensive that it contains over 2 300 entries So don t think of whether you should buy this book or that book this book stands on its own or as the ultimate companion book to any other Wyoming travel book It will pay for itself many times over in time and fuel savings If you put it in perspective the price of the book is around what it costs to operate a vehicle for about 30 miles maybe 10 or 20 in a big RV pretty insignificant Complete coverage of Yellowstone National Park Grand Teton National Park Devils Tower National Monument Fossil Butte National Monument Bighorn Canyon National Recreation Area Fort Laramie National Historic Site Medicine Lodge State Archaeological Site Snowy Range Bighorn Mountains Wind River Mountains Sinks Canyon State Park Guernsey State Park Glendo State Park Keyhole State Park Green River Lakes Casper Mountain Park Jackson Hole and much more NOTES Because grayscale photos never do justice to things of beauty the book contains no photos However dozens of color photos can be seen on the book website [wyomingroadtripbythemilemarker.com](http://wyomingroadtripbythemilemarker.com) [Seeing Pennsylvania](#) John Thomson Faris,1919 **A History of the Indian Villages and Place Names in Pennsylvania** George P. Donehoo,2019-01-13 No state in the entire Nation is richer in Indian names or in fact in Indian history than Pennsylvania These Indian names of Pennsylvania are full of music but of far greater importance they are full of history A History of the Indian Villages and Place Names in Pennsylvania which was first published in 1928 is the only major book of the 20th century that traces Pennsylvania s Indian place and names for their correct form origin and history Its pages are filled with the most incredible collection of information ever assembled on the

Indian villages of Pennsylvania and their Indian place names and is an Indian history scholar's delight. In preparing his book, Dr. Donehoo researched every available source of printed material about Indian place names in Pennsylvania. He also walked nearly every Indian trail from the Delaware to the Ohio using early trader's journals and maps as his guide to seek out the places the Indians lived. Each Indian name comes complete with historical notes by the author. The book includes a list of all the sources used to authenticate each Indian place name. An excellent bibliography follows at the conclusion of the work along with appendixes listing the Indian villages of New York destroyed by General Sullivan's army in 1779, prehistoric works in Pennsylvania by county, and an alphabetical listing of all Indian named places in each county.
