

The background of the book cover features a woman in professional attire (a tan blazer, a brown top, and black trousers with a silver belt) walking on a stone-paved path. She is carrying a black briefcase in her right hand and has her left hand in her pocket. In the background, there is a large, classical building with a dome and columns, possibly a courthouse or government building. The overall color palette is warm, with earthy tones and a slightly hazy atmosphere.

politics of sexuality perhaps now the most divisive issue in America's culture wars unfolds in a remote and sparsely populated area of the country Loffreda brilliantly captures daily life since October 1998 in Laramie Wyoming a community in a rural poor conservative and breathtakingly beautiful state without a single gay bar or bookstore Rather than focus only on Matt Shepard she presents a full range of characters including a panoply of locals both gay and straight the national gay activists who quickly descended on Laramie the indefatigable homicide investigators the often unreflective journalists of the national media and even a cameo appearance by Peter Paul and Mary Loffreda courses through a wide ambit of events from the attempts by students and townspeople to rise above the anti gay theatrics of defrocked minister Fred Phelps to the spontaneous grassroots support for Matt at the university's homecoming parade from the emotionally charged town council discussions about bias crimes legislation to the tireless efforts of the investigators to trace that grim night's trail of evidence Charting these and many other events Losing Matt Shepard not only recounts the typical responses to Matt's death but also the surprising stories of those whose lives were transformed but ignored in the media frenzy
