## **Shadow Of Blooming Grove Harding His T:**

**The Vagabonds** Jeff Guinn, 2020-11-17 A fascinating slice of rarely considered American history Booklist the story of Henry Ford and Thomas Edison whose annual summer sojourns introduced the road trip to our culture and made the automobile an essential part of modern life In 1914 Henry Ford and naturalist John Burroughs visited Thomas Edison in Florida and toured the Everglades The following year Ford Edison and tire maker Harvey Firestone joined together on a summer camping trip and decided to call themselves the Vagabonds They would continue their summer road trips until 1925 when they announced that their fame made it too difficult for them to carry on Although the Vagabonds traveled with an entourage of chefs butlers and others this elite fraternity also had a serious purpose to examine the conditions of America s roadways and improve the practicality of automobile travel Cars were unreliable and the roads were even worse But newspaper coverage of these trips was extensive and as cars and roads improved the summer trip by automobile soon became a desired element of American life The Vagabonds is a portrait of America s burgeoning love affair with the automobile NPR but it also sheds light on the important relationship between the older Edison and the younger Ford who once worked for the famous inventor The road trips made the automobile ubiquitous and magnified Ford s reputation even as Edison s diminished The automobile would transform the American landscape the American economy and the American way of life and Guinn brings this seminal moment in history to vivid life

**The Taft Court: Volume 10** Robert C. Post, 2023-11-09 The Taft Court offers the definitive history of the Supreme Court from 1921 to 1930 when William Howard Taft was Chief Justice Using untapped archival material Robert C Post engagingly recounts the ambivalent effort to create a modern American administrative state out of the institutional innovations of World War I He shows how the Court sought to establish authoritative forms of constitutional interpretation despite the culture wars that enveloped prohibition and pervasive labor unrest He explores in great detail how constitutional law responds to altered circumstances The work provides comprehensive portraits of seminal figures such as Oliver Wendell Holmes Jr and Louis Dembitz Brandeis It describes William Howard Taft s many judicial reforms and his profound alteration of the role of Chief Justice A critical and timely contribution The Taft Court sheds light on jurisprudential debates that are just as relevant today as they were a century ago

**The Hidden Campaign** Hugh E. Evans, 2016-07-08 In early 1944 with the outcome of World War II by no means certain many in the United States felt that FDR as wartime Commander in Chief was an indispensable part of prosecuting the war to a victorious conclusion Yet although only 62 Roosevelt was mortally ill with congestive heart disease a fact that was carefully shielded from the American public prior to the election of 1944 In a media environment where we get more details about politicians health than we sometimes prefer it is hard to imagine how a paper as authoritative as The New York Times could describe FDR s death as sudden and unexpected on its front page Dr Hugh Evans looks at the issue of Roosevelt s health not only from a medical ethics perspective but also with a keen eye for the political and media

considerations that led to the decision to run and not disclose the extent of Roosevelt's illness

**Passing for who You Really are** A. D. Powell, 2005 This eloquent spokesperson of the movement to abolish government sponsorship of the race notion believes that the one drop rule ignores science crushes tolerance and mocks the American Dream This collection of essays on multi racialism originally appeared in Interracial Voice magazine

*Liberalism and American Identity* Patrick M. Garry, 1992 His examination of the liberal ideology and tradition in American politics reveals not only the nation's liberal identity but also the conservative tendency to label liberalism un American as a means to circumvent discussion of social problems Garry defines liberalism through historical examples and the beliefs and leadership of prominent Americans namely Franklin Roosevelt Harry Truman and John Kennedy He then applies these principles of liberalism to a discussion of current politics and the problems of crime poverty and national defense Although arguing that the conservative attack during the 1980s greatly misrepresented the American liberal tradition Garry also acknowledges that changes within accepted liberal doctrines during the 1960s and 1970s led to a deviation of contemporary liberalism from its roots

**Modern First Ladies** Nancy Kegan Smith, Mary C. Ryan, 1989

**TR's Last War** David Pietrusza, 2018-09-01 A riveting new account of Theodore Roosevelt's impassioned crusade for military preparedness as America fitfully stumbles into World War I spectacularly punctuated by his unique tongue lashings of the vacillating Woodrow Wilson his rousing advocacy of a masculine pro Allied Americanism a death defying compulsion for personal front line combat a gingerly rapprochement with GOP power brokers and yes perhaps even another presidential campaign Roosevelt is a towering Greek god of war But Greek gods begat Greek tragedies His own entreaties to don the uniform are rebuffed and he remains stateside But his four sons fight over there with heartbreaking consequences two are wounded his youngest and most loved child dies in aerial combat Yet though grieving and weary TR may yet surmount everything with one monumentally odds defying last triumph Poised at the very brink of a final return to the White House death stills his indomitable spirit In his lively witty blow by blow style David Pietrusza captures through the lens of the Bull Moose the 1916 presidential campaign America's entry into the Great War in 1917 Woodrow Wilson's presidency and the last years of one of American history's greatest men who said on his death bed at the age of sixty I promised myself that I would work up to the hilt until I was sixty and I have done it I have kept my promise Pietrusza not only transports readers with his dramatic portraits of TR his hated rival Wilson and politics in wild flux but also poignantly chronicles the horrific price a family pays in war

**Miseducating Americans** Richard F. Hamilton, 2017-09-08 In *Miseducating Americans* Richard F. Hamilton examines accounts of American history appearing in textbooks and popular accounts and compares these with the reports contained in scholarly monographs The task to determine how certain myths and misconstructions became accepted as recorded history Hamilton provides much needed correction of those misleading accounts Was America historically the land of the free Not if you take into account slavery discrimination and post Civil War segregation policies Was America in the late nineteenth century truly expansionist as American textbooks imply or did it

actually capitalize on unexpected political and economic opportunities like Russia's desire to rid itself of Alaska. Was the acquisition of the Philippines a zealous profit seeking effort aiming for the China market or the fortuitous consequences of a move against Spain during the Spanish American War? Miseducating Americans debunks many commonly accepted explanations of historical facts. It contends that many accounts are oversimplifications and some are one-sided depictions of virtue. Hamilton traces the sources of these misconstructions which mostly come from history textbooks written by authors aiming for popular audiences. He then offers explanations as to how and why the inaccuracies have been repeated and passed on.

*Crooked* Nathan Masters, 2023-03-21 Winner of the Mystery Writers of America's Prestigious Best Fact Crime Award the riveting forgotten narrative of the most corrupt attorney general in American history and the maverick senator who stopped at nothing to take him down. Many tales from the Jazz Age reek of crime and corruption. But perhaps the era's greatest political fiasco, one that resulted in a nationwide scandal, a public reckoning at the Department of Justice, the rise of J. Edgar Hoover, and an Oscar-winning film, has long been lost to the annals of history. In *Crooked*, Nathan Masters restores this story of murderers, con artists, secret lovers, spies, bootleggers, and corrupt politicians to its full page-turning glory. Newly elected to the Senate on a promise to root out corruption, Burton Boxcar Burt Wheeler sets his sights on ousting Attorney General Harry Daugherty, puppet master behind President Harding's unlikely rise to power. Daugherty is famous for doing whatever it takes to keep his boss in power, and his cozy relations with bootleggers and other scofflaws have long spawned rumors of impropriety. But when his constant companion and trusted fixer, Jess Smith, is found dead of a gunshot wound in the apartment they share, Daugherty is suddenly thrust into the spotlight, exposing the rot consuming the Harding administration to a shocked public. Determined to uncover the truth in the ensuing investigation, Wheeler takes the prosecutorial reins and subpoenas a rogue's gallery of witnesses, convicted felons, shady detectives, disgraced officials to expose the attorney general's treachery and solve the riddle of Jess Smith's suspicious death. With the muckraking senator hot on his trail, Daugherty turns to his greatest weapon, the nascent Federal Bureau of Investigation, whose eager second in command, J. Edgar Hoover, sees opportunity amidst the chaos. Packed with political intrigue, salacious scandal, and no shortage of lessons for our modern era of political discord, *Crooked* is a thrilling historical narrative that shows how this intricate web of inconceivable crookedness set the stage for the next century of American political scandals.

**Moral Vision** Marvin Olasky, 2024-02-13 What makes a leader truly great? Is it simply a matter of management style and personality? Or is it character that matters most? *Moral Visions* takes an insightful look into America's leaders of the past to answer these questions and demonstrates that values and moral convictions are critical to the strength of a nation. Supposedly, we learn about the candidates for the highest office through a series of tests called debates, which are instead an exchange of soundbites. We can't know whether an aspirant to the presidency has the ability to ask good questions or only a suave or belligerent ability to answer them. *Moral Vision* is a human interest introduction to American history through studies of

nineteen leaders presidents almost presidents a tycoon a crusading journalist and even a leading 19th century abortionist Its lessons can help voters sort through the candidates in 2024 and beyond by measuring them against previous leaders none of whom was faultless It shows how the deepest views often grow out of religious belief and influence political goals racial prejudices sexual activities uses of power and senses of service In his 1789 inaugural address George Washington pledged that the foundation for national policy will be laid in the sure and immutable principles of private morality Marvin Olasky shows how 19th century leaders like Thomas Jefferson Andrew Jackson and Grover Cleveland partly upheld and partly ignored that promise and 20th century leaders like Woodrow Wilson John F Kennedy and Bill Clinton tried to compartmentalize the private and the public An extensively updated version of The American Leadership Tradition Moral Vision is for anyone tired of today s textbook tendencies to submerge the role of individuals as big economic and demographic waves roll in History is more than statistics economics and group identities Human beings are more than paper boats riding the rainfall into gutters     *Herbert Hoover and the Commodification of Middle-Class America* Edward Gale Agran, 2016-08-15 Herbert Hoover rose from a rudimentary background to establish himself as a self made millionaire and leading progressive reformer Until the disaster that hit the nation in 1929 Hoover was known globally as the Great Humanitarian who had saved the lives of scores of millions of Europeans and Asians during and following WWI As Secretary of Commerce through the twenties the Great Engineer constructed tooled and fine tuned the most powerful economy in the world Hoover was celebrated as a representative product of America s rise to global domination and a formidable voice for progressivism who could finish the job in the White House The Depression was Hoover s undoing but historians recognize they must take account of his considerable contributions to the creation of twentieth century America As we learn more of that America Hoover makes more sense With due consideration of Hoover s accomplishments one can further understand the construction of the American industrial and corporate economy progressivism and the New Deal and political posturing throughout the century Equally significant one can comprehend twentieth century cash box culture and Hoover s formidable contributions as a public servant to the commodification of American life He endeavored to establish that all could fulfill a secure middle class life in essence achieve the American Dream This concept in part was created by Hoover who also was considered one of the nation s public relations geniuses The political establishment continues to build upon the social and cultural foundation he laid That foundation while under stress remains fundamentally sound as the nation enters the twenty first century The criticisms rained down upon American materialism echo dangers Hoover warned against He subscribed to the maxim that a genuinely good society is not one premised upon material values it is established upon a widely distributed sense of well being grounded in service and compassion Hoover never lost sight of the imperative of selflessness for the good of others the nation and oneself within an individualistically driven society rich in comforts and security He sedulously worked to create a middle class identity which spoke to material well being and fundamental decency A true believer Herbert

Clark Hoover energetically embraced the American Promise      **The White House Physician** Ludwig M. Deppisch, M.D., 2025-03-07 Since the early days of George Washington's presidency physicians have played a significant role in the health and well being of American presidents This text delves into the history of American medicine as it intersects with the specialized treatment and care provided to presidents It also focuses on the changes that have occurred over time to the doctor patient relationship This new edition updates the original 2007 publication through the presidency of Joe Biden The book covers presidential physicians education background accomplishments successes and failures of their professional care as well as social relationships with their president patients Also highlighted are the new developments in the White House Medical Unit WHMU the 25th Amendment of the United States Constitution and post White House careers of featured physicians The book is enhanced by interviews with every presidential physician from Ronald Reagan's last to Joe Biden's illuminating the contrasts and similarities between American medical and political history By reviewing the progression of presidential medical care this book shows the interplay between medicine politics and the well being of our nation's leaders

**Who Speaks for the President?** W. Dale Nelson, 2000-05-01 When President Warren G Harding fell ill in 1923 Steve Early a reporter for the Associated Press became skeptical of the innocuous bulletins being issued by the White House He remained at the hotel where the president was staying and when Florence Harding called out for a doctor Early scrambled down a fire escape to file the story His Associated Press report was six minutes ahead of others with the news of Harding's death A decade later when Franklin D Roosevelt entered the White House Steve Early became the first person to hold the title of presidential press secretary Mike McCurry Jody Powell and Marlin Fitzwater have all become familiar names But how has the role of the White House press secretary changed over the years We see these spokespeople at White House briefings hear them quoted by reporters but what do they really do Whom do they really serve the president or the press In his latest book former Associated Press journalist and White House reporter W Dale Nelson provides an insightful look at what has gone on behind the scenes of the White House press podium from the 1890s to the Clinton administration Nelson draws on interviews with former press secretaries press office records and his own experience as a White House reporter to trace the history of the position from its early informal days to its present seminal role in the Clinton administration      **Not Without Honor** Richard Gid Powers, 1998-01-01 The American anticommunist movement has been viewed as a product of right wing hysteria that deeply scarred our society and institutions This book restores the struggle against communism to its historic place in American life Richard Gid Powers shows that McCarthyism red baiting and black listing were only one aspect of this struggle and that the movement was in fact composed of a wide range of Americans Jews Protestants blacks Catholics Socialists union leaders businessmen and conservatives whose ideas and political initiatives were rooted not in ignorance and fear but in real knowledge and experience of the Communist system Not Without Power is superbly written and richly detailed Perceptive and thoughtful it is an impressively thorough and valuable book David J Garrow One of the contributions

of Powers's provocative narrative history is to bring to life certain segments of anti Communist opinion that have largely been forgotten Sean Wilentz New York Times Book Review Powers makes extensive use of primary sources and uncovers much that is new He vividly recreates the complex relationships within and between several ethnic and radical communities within the United States including their firsthand and often disillusioning experience with communism The depth and range of his work add a great deal to knowledge Journal of American History A valuable well executed study and summation of a vast topic one whose various threads the author has woven into a rich tapestry Richard M Fried Reviews in American History

**Conflicting Loyalties** N. V. Baker, 1992 Baker provides the first comprehensive analysis of the history and structure of the U S Attorney General She documents how attorneys general have differed in their responses seeing themselves as either advocates of the president or neutral expounders of the law She focuses in particular on Robert Kennedy Edwin Meese Elliot Richardson Griffin Bell Robert Jackson Edward Levi A Mitchell Palmer and Roger Taney *Harry Truman and the Struggle for Racial Justice* Robert Shogan, 2013-06-27 When Harry Truman was rescued from political obscurity to become Franklin Roosevelt's running mate black Americans were deeply troubled Many believed that Truman born and raised in former slave holding Missouri was a step back on civil rights from Henry Wallace the liberal incumbent vice president But by the end of his own presidency black newspaper publishers cited Truman for having awakened the conscience of America and given new strength to our democracy by his courageous efforts on behalf of freedom and equality In this first full scale account of Truman's evolving views on civil rights Robert Shogan recounts how Truman outgrew the bigotry of his Jackson County upbringing to become the first president since Lincoln to attempt to redress the nation's long history of injustice toward its black citizens and in the process transformed the course of race relations in America Shogan vividly demonstrates the full significance of the 33rd president's contributions to that transformation He ordered the integration of the armed forces and threw the weight of the Justice Department behind the long struggle against segregation in housing and education And he used the platform of his presidency to relentlessly trumpet the cause of equal rights for those least favored Americans even making an unprecedented address to the NAACP Going beyond other accounts of Truman Shogan points out the political and personal factors that motivated the president and weighs the potential political costs and benefits of his civil rights actions Shogan also explains Truman's shift away from his formative racial prejudices by shedding light on the forces that shaped his character and leadership qualities These included his political tutelage under Boss Tom Pendergast which taught him the value of black voters and the influence of populism which fostered his support for underdogs such as black Americans Illuminating how Truman became the first president to make racial injustice a political priority and the first to denounce segregation as well as discrimination Shogan's book opens a new and provocative window on the struggle for civil rights in America **The Employer**, 1918 **International Bibliography of Historical Sciences**, 1971 Verzeichnis der exzerpierten Zeitschriften 1926 p XXXI XVII **Author in Chief** Michael B. Costanzo, 2019-04-29 With the publication of his

Personal Memoirs in 1885 Ulysses S Grant established what is today known as the presidential memoir Every U S president since Benjamin Harrison has written one and many have turned to other forms of writing as well This book covers the history of works including autobiographies diaries political manifestos speeches fiction and poetry authored by U S presidents and published prior to during or after their terms The writing was easy for some harder for others with varying success from literary comebacks and bestsellers to false starts and failures      *The Presidents We Imagine* Jeff Smith, 2009-03-19 In *The Presidents We Imagine* Jeff Smith examines the presidency s ever changing place in the American imagination Ranging across different media and analyzing works of many kinds some familiar and some never before studied he explores the evolution of presidential fictions their central themes the impact on them of new and emerging media and their largely unexamined role in the nation s real politics
