Shadow Woman Linda Howard, 2013-01-01 Lizette Henry wakes up one morning and doesn't recognise the reflection staring back at her in the mirror She isn't suffering from amnesia she remembers who she is what she did the day before her parents where she grew up everything But who she is is not who she sees Alarmed she begins searching her house for something anything that will match what she remembers There is nothing And yet there is nothing in her life that seems abnormal except herself She could be crazy but her instincts are telling her this isn't the case Some women might make an appointment with a psychiatrist but Zette isn't some woman Deep inside she knows she isn't the face in the mirror and that she has to find out the truth before it's too late

Courtship and Kinship in Classical Japan Doris G. Borgen,2015-08-31 Literary critiques of Murasaki Shikibu s eleventh century The Tale of Genji have often focused on the amorous adventures of its eponymous hero In this paradigm shifting

analysis of the Genji and other mid Heian literature Doris G Bergen emphasizes the thematic importance of Japan's complex polygynous kinship system as the domain within which courtship occurs Heian courtship conducted mainly to form secondary marriages was driven by power struggles of succession among lineages that focused on achieving the highest position possible at court Thus interpreting courtship in light of genealogies is essential for comprehending the politics of interpersonal behavior in many of these texts Bergen focuses on the genealogical maze the literal and figurative space through which several generations of men and women in the Genji moved She demonstrates that courtship politics sought to control kinship by strengthening genealogical lines while secret affairs and illicit offspring produced genealogical uncertainty that could be dealt with only by reconnecting dissociated lineages or ignoring or even terminating them The work examines in detail the literary construction of a courtship practice known as kaimami or looking through a gap in the fence in pre Genji tales and diaries and Sei Shonagon's famous Pillow Book In Murasaki Shikibu's Genji courtship takes on multigenerational complexity and is often used as a political strategy to vindicate injustices counteract sexual transgressions or resist the pressure of imperial succession Bergen argues persuasively that a woman observed by a man was not wholly deprived of agency She could choose how much to reveal or conceal as she peeked through shutters from behind partitions fans and kimono sleeves or through narrow carriage windows That mid Heian authors showed courtship in its innumerable forms as being influenced by the spatial considerations of the Heian capital and its environs and by the architectural details of the residences within which aristocratic women were sequestered adds a fascinating topographical dimension to courtship In Mapping Courtship and Kinship in Classical Japan readers both familiar with and new to The Tale of Genji and its predecessors will be introduced to a wholly new interpretive lens through which to view these classic texts In addition the book includes charts that trace Genji characters' lineages maps and diagrams that plot the movements of courtiers as they make their way through the capital and beyond and color reproductions of paintings that capture the drama of courtship

The silent morning Trudi Tate, Kate Kennedy, 2016-01-04 This is the first book to study the cultural impact of the Armistice of 11 November 1918. It contains 14 new essays from scholars working in literature, music, art, history, and military history. The Armistice brought hopes for a better future as well as sadness, disappointment, and rage. Many people in all the combatant nations asked hard questions about the purpose of the war. These questions are explored in complex and nuanced ways in the literature, music, and art of the period. This book revisits the silence of the Armistice and asks how its effect was to echo into the following decades. The essays are genuinely interdisciplinary and are written in a clear, accessible style.
