Parins,2013-11-04 Many Anglo Americans in the nineteenth century regarded Indian tribes as little more than illiterate bands of savages in need of civilizing Few were willing to recognize that one of the major Southeastern tribes targeted for removal west of the Mississippi already had an advanced civilization with its own system of writing and rich literary tradition In *Literacy and Intellectual Life in the Cherokee Nation 1820 1906* James W Parins traces the rise of bilingual literacy and intellectual life in the Cherokee Nation during the nineteenth century a time of intense social and political turmoil for the tribe By the 1820s Cherokees had perfected a system for writing their language the syllabary created by Sequoyah and in a short time taught it to virtually all their citizens Recognizing the need to master the language of the dominant society the Cherokee Nation also developed a superior public school system that taught students in English The result was a literate population most of whom could read the Cherokee Phoenix the tribal newspaper founded in 1828 and published in both Cherokee and English English literacy allowed Cherokee leaders to deal with the white power structure on their own terms Cherokees wrote legal briefs challenged members of Congress and the executive branch and bargained for their tribe as white interests sought to take their land and end their autonomy In addition many Cherokee poets fiction writers essayists and journalists published extensively after 1850 paving the way for the rich literary tradition that the nation preserves and fosters today *Literacy and Intellectual Life in the Cherokee Nation 1820 1906* takes a fascinating look at how literacy served to unite Cherokees during a critical moment in their national history and advances our understanding of how literacy has functioned as a tool of sovereignty among Native peoples both historically and today

Third Series** Library of Congress. Copyright Office, 1968 **The Cherokee Syllabary** Ellen Cushman, 2012-09-13 In 1821 Sequoyah a Cherokee metalworker and inventor introduced a writing system that he had been developing for more than a decade His creation the Cherokee syllabary helped his people learn to read and write within five years and became a principal part of their identity This groundbreaking study traces the creation dissemination and evolution of Sequoyah's syllabary from script to print to digital forms Breaking with conventional understanding author Ellen Cushman shows that the syllabary was not based on alphabetic writing as is often thought but rather on Cherokee syllables and more importantly on Cherokee meanings Employing an engaging narrative approach Cushman relates how Sequoyah created the syllabary apart from Western alphabetic models But he called it an alphabet because he anticipated the Western assumption that only alphabetic writing is legitimate Calling the syllabary an alphabet though has led to our current misunderstanding of just what it is and of the genius behind it until now In her opening chapters Cushman traces the history of Sequoyah's invention and explains the logic of the syllabary's structure and the graphic relationships among the characters both of which might have made the system easy for native speakers to use Later chapters address the syllabary's enduring significance showing how it allowed Cherokees to protect enact and codify their knowledge and to weave non Cherokee concepts into their language and life The result was their enhanced ability to adapt to social change on and in Cherokee terms Cushman adeptly explains complex linguistic concepts in an accessible style even as she displays impressive understanding of interrelated issues in Native American studies colonial studies cultural anthropology linguistics rhetoric and literacy studies Profound like the invention it explores The Cherokee Syllabary will reshape the study of Cherokee history and culture Published through the Recovering Languages and Literacies of the Americas initiative supported by the Andrew W Mellon Foundation **Journal of Cherokee Studies** , 1984
