**The Shadow of the Object** Christopher Bollas, 2017-07-20 In *The Shadow of the Object* Christopher Bollas integrates aspects of Freud's theory of unconscious thinking with elements from the British Object Relations School. In doing so he offers radical new visions of the scope of psychoanalysis and expands our understanding of the creativity of the unconscious mind and the aesthetics of human character. During our formative years we are continually impressed by the object world. Most of this experience will never be consciously thought and but it resides within us as assumed knowledge. Bollas has termed this the *unthought known*, a phrase that has ramified through many realms of human exploration including the worlds of letters, psychology and the arts. Aspects of the *unthought known*, the primary repressed unconscious will emerge during a psychoanalysis as a mood, the aesthetic of a dream or in our relation to the self as other. Within the unique analytic relationship it becomes possible at least in part to think the *unthought*, an experience that has enormous transformative potential. Published here with a new preface by Christopher Bollas, *The Shadow of the Object* remains a classic of the psychoanalytic literature written by a truly original thinker.

**The Poetics of Tenderness** Robert Cantwell, 2017-12-13 *The Poetics of Tenderness* a literary critical essay on love grounded in the developmental theory of the British psychoanalyst Donald Winnicott and shaped by recent work on the neurobiology and anthropology of love. It maintains that sexual love is not merely an artifact or invention of culture but a vital manifestation of the culture making power itself. Calling upon Andreus Capellanus, Plato, Schopenhauer, Freud, William James, Hardy, Dreiser and Fitzgerald, D. H. Lawrence and Tom Stoppard among others, the book's aim is to turn the discussion of sexuality around to substitute for ideas and figures of violence and predation which have dominated our sexual imaginary for more than four decades, much older and more durable associations of sex and love with care, affection, beauty, memory, worthiness and ideality. It argues for a resurrection of tenderness and holds out the possibility that even where anything goes, love may yet be a source of sweetness and light that mutual respect, equity, justice and decency in the spheres of sex and love will more likely flow from compassion and sympathy than from anger, fear, suspicion, mistrust, resentment and bitterness. Close readings of two widely read novels, Dickens' *Great Expectations* and Nabokov's *Lolita* preside over the discussion exploring these authors' distinctively detailed and probing accounts of love's unfolding in particular social, cultural, historical and psychological settings. Both novels proceed from deep within the authors' interior life; both novels release love from its normally deep entanglements with intimacy and isolation, compatibility and incompatibility, social place and social possibility, inspiring in their narrators a prolonged introspective inquiry into an all-consuming preoccupation which ultimately restores them to the moral order.

*The Trauma of Gender* Helene Moglen, 2001-02-12 The Trauma of Gender is a wonderfully crafted text provocative insightful and imaginative Moglen not only shows us how to read the intrapsychic processes at work in fiction but offers a careful consideration of the social form that loss mourning and desire take in the fictions she considers Along the way she develops a nuanced account of the origin of the novel showing her readers in subtle ways how the beginnings of fiction and the beginnings of fantasy are interwoven Her text exemplifies psychoanalytic literary criticism at its best offering a fine and probing study of the social and psychic

dimensions of literary works Judith Butler author of *Gender Trouble* These extremely powerful and authoritative new readings of important canonical texts will set a new standard for discussions of the novel as a genre Moglen's work as an interpreter of literary texts and of psychoanalytic theories is superior and her muscular writing style is well suited to the pleasurable pessimistic bent of her critical mind Lisa L Moore author of *Dangerous Intimacies Toward a Sapphic History of the British Novel* In this lucid and perceptive study Helene Moglen looks steadily at the shadow side of canonical eighteenth century fiction and sees the psychic costs of waxing individualism The book is an excellent corrective to the view that the novel is a triumphant expression of bourgeois values Catherine Gallagher author of *Nobody's Story The Vanishing Acts of Women Writers in the Marketplace 1670-1820*
