Shadows In Ecstasy And Other Poems:

Shadows in Ecstasy and Other Poems John R. Tapia, 1971 **The shadow of the obelisk, and other poems** Thomas William Parsons, 1872 **The House of the Titans and Other Poems** George William Russell, 2008-02-01 George William Russell 1867 1935 who wrote under the pseudonym AE was an Anglo Irish supporter of the Nationalist movement in Ireland a critic poet and painter He was also a mystical writer the center of a group of followers of Theosophy in Dublin

Literatura Chicana, 1998 **The Shadow of Heaven** Jon S. Lawry, 2019-06-30 In this subtle and intelligently conceived study of Milton's major poems Professor Lawry analyzes and explicates the poems and interprets them in the context of the entire body of Milton's work His interpretations help the reader to participate with the poet in the enactment of the poems whether with Adam in the Garden of Eden or with Satan in Hell **Providence and Other Poems** Samuel Jones Cassels, 1838 *The Shadow of Eternity* Sharon C. Seelig, 2021-12-14 The poetry of Herbert Vaughan and Traherne represents an attempt to shape their lives and verse around the fact of divine presence and influence writes Sharon Seelig The relationship between belief and expression in these three metaphysical poets is the subject of this deeply perceptive study Each of these poets held to some extent the notion of dual reality of the world as indicative of a higher reality but their responses to this tradition vary greatly from the ongoing struggle between God and the poet of The Temple which finally transforms the materials of everyday life and worship to the more difficult unity of Silex Scintillans with its tension between illumination and resignation to the ecstatic proclamations of Thomas Traherne whose sense of divine reality at first seems so strong as to destroy the characteristic metaphysical tension between this world and the next Seelig's study proceeds from individual poems to the whole work exploring the relation of cosmology and religious experience to poetic form **Papers from My Desk and Other Poems** William Emerson (Poet.), 1873 **Sisters of the Extreme** Cynthia Palmer, Michael Horowitz, 2000-05 Sisters of the Extreme provides us with the eloquent writings of women who experimented with drugs Sometimes their quests brought unexpected rewards sometimes suffering The selections in this anthology show that the psychedelic experiences of women have been anything but stereotypical **The Plays and Poems of William Shakspeare: Romeo and Juliet. Hamlet. Othello** William Shakespeare, 1790 Rime of the Ancient Mariner, the and Other Poems of the Romantic Era Coleridge, Blake, Wordsworth, Byron,, Shelley, Keats, 2006 This Prestwick House Literary Touchstone Classic includes a glossary and reader's notes to help the modern reader more fully appreciate the richness and unique vision of these Romantic innovators The poems in this anthology represent not necessarily the The Double Night and Other Poems Morrison Heady, 1901 **Jeremiah Under the Shadow of Duhm** Joseph M. Henderson, 2019-11-14 Joe Henderson offers a critique of the assumption that poetic form in the book of Jeremiah indicates authenticity This assumption undergirds Bernhard Duhm's reconstructions 1901 of the prophet's biography and the book's composition the basic components of the dominant paradigm for twentieth century Jeremiah scholarship Henderson argues that Duhm's model is

best understood as an attempt to bring the book into conformity with nineteenth century systems of aesthetics historiography and theology and with the Grafian reconstruction of the history of Israel's religion. The accord between these systems and Duhm's assumption about poetic form has less to do with their common grasp of the historical reality of Hebrew prophecy than with their common roots in the Romantic theory of prophetic and poetic inspiration, a theory forged by Robert Lowth in his exposition 1752 of the poetry he found in the prophetic books. Henderson contends that continued adherence to Duhm's foundational assumption has held back recent attempts to move beyond Duhm and overcome the fragmentation of the book entailed by his model. Rhetorical critics who maintain that Jeremiah 2-10 is unified by the structural devices of the historical prophet and redaction critics who maintain that Jeremiah 11-20 is unified by the theological agenda of Deuteronomistic editors both rely on the assumed authenticity of the poetry. Henderson observes that although these scholars have uncovered evidence of dramatic presentation in Jeremiah 2-20, they have failed to see that the dramatic nature of these chapters undermines their use for Duhm's historical critical projects and reveals what actually unifies them: narrative progression.

Mythprint, 2001. *Linda and Other Poems* Jane Cross Simpson, 1879. *The Plays and Poems of William Shakespeare* William Shakespeare, 1790. **Charles Williams and C. S. Lewis** Paul S. Fiddes, 2021. This study of the literary relationship between Charles Williams and C. S. Lewis during the years 1936-1945 focuses on the theme of co-inherence at the centre of their friendship. The idea of co-inherence has long been recognized as an important contribution of Williams to theology and had significant influence on the thought of Lewis. This account of the two writers' conviction that human persons inhere or dwell both in each other and in the triune God reveals many inter-relationships between their writings that would otherwise be missed. It also shows up profound differences between their world-views and a gradual though incomplete convergence onto common ground. Exploring the idea of co-inherence throws light on the fictional worlds they created as well as on their treatment, whether together or separately, of a wide range of theological and literary subjects: the Arthurian tradition, the poetry of William Blake and Thomas Traherne, the theology of Karl Barth, the nature of human and divine love and the doctrine of the Trinity. This study draws for the first time on transcriptions of Williams' lectures from 1932 to 1939, tracing more clearly the development and use of the idea of co-inherence in his thought than has been possible before. Finally, an account of the use of the word co-inherence in English-speaking theology suggests that the differences that existed between Lewis and Williams, especially on the place of analogy and participation in human experience of God, might be resolved by a theology of co-inherence in the Trinity. **The plays and poems of William Shakespeare, with the corrections and illustr. of various commentators; to which are added An essay on the chronological order of his plays; an essay relative to Shakespeare and Jonson; a dissertation on the three parts of King Henry vi; an historical account of the English stage; and notes. By E. Malone. 10 vols. [in 11 pt.].** William Shakespeare, 1790. **A History of Ottoman Poetry** Elias John Wilkinson Gibb, 1900. Elias John Wilkinson Gibb 1857-1901 was a Scottish Orientalist who was born and

educated in Glasgow After studying Arabic and Persian he developed an interest in Turkish language and literature especially poetry and in 1882 he published Ottoman Poems Translated into English Verse in the Original Forms This was a forerunner to the six volume classic presented here A History of Ottoman Poetry published in London between 1900 and 1909 Gibb died in London of scarlet fever at the age of 44 and only the first volume of his masterpiece appeared before his death His family entrusted to his friend Edward Granville Browne 1862 1926 a distinguished Orientalist in his own right who had made a special study of Babism the task of posthumously publishing the five remaining volumes Browne characterized the work as one of the most important if not the most important critical studies of any Muhammadan literature produced in Europe during the last half century The first volume contains a long and compelling introduction by Gibb on the entire subject in which he argues that Ottoman poetry often rose and fell in tandem with Ottoman power Gibb divides Ottoman poetry into two great schools the Old or Asiatic circa 1300 1859 which generally was characterized by its deference to Persian influences and the New or European from 1859 onward which was influenced by French and other Western poetry According to Gibb the Old or Asiatic School went through a four periods a formative period 1300 1450 a period 1450 1600 in which works were modeled after the Persian poet Jami a period 1600 1700 dominated by the influences of Persian poets Urfi Shirazi and Sa ib Tabrizi and a period of uncertainty that lasted until 1859 The European school that followed was inaugurated by Ibrahim Sinasi 1826 71 who in 1859 produced a small but momentous collection of French poetry translated into Turkish verse The influence of the collection was far reaching and eventually changed the course of Ottoman poetry Gibb is known for his masterful translations that brilliantly render into English both the meaning and the form of Ottoman Persian and Arabic poetry For almost a century after his death a family trust financed the Gibb Memorial Series of editions and translations into English of Arabic Persian and Turkish texts

Painted Shadow Carole Seymour-Jones, 2009-12-23 By the time Vivienne Eliot was committed to an asylum for what would be the final nine years of her life she had been abandoned by her husband T S Eliot and shunned by literary London Yet Vivienne was neither insane nor insignificant She generously collaborated in her husband s literary efforts taking dictation editing his drafts and writing articles for his magazine Criterion Her distinctive voice can be heard in his poetry And paradoxically it was the unhappiness of the Eliots marriage that inspired some of the poet s most distinguished work from The Family Reunion to The Waste Land This first biography ever written about Vivienne draws on hundreds of previously unpublished papers journals and letters to portray a spontaneous loving but fragile woman who had an important influence on her husband s work as well as a great poet whose behavior was hampered by psychological and sexual impulses he could not fully acknowledge Intriguing and provocative Painted Shadow gracefully rescues Vivienne Eliot from undeserved obscurity and is indispensable for anyone wishing to understand T S Eliot Vivienne or the world in which they traveled
