## **Shadows On The Shoji A Personal View:**

**Shadows on the Shoji** Cynthia Menadue, 1985      The Australian Embassy in Tokyo and Australia-Japan Relations Kate Darian-Smith, David Lowe, 2023-03-02 Relations between Australia and Japan have undergone both testing and celebrated times since 1952 when Australia's ambassadorial representation in Tokyo commenced. Over the years interactions have deepened beyond mutual trade objectives to encompass economic defence and strategic interests within the Indo Pacific region and beyond. This special relationship has been characterised by the high volume of people moving between Australia and Japan for education, tourism, business, science and research. Cultural ties from artists in residence to sister city agreements have flourished. Australia has supported Japan in times of need including the aftermath of the 2011 Tohoku earthquake. This book shows how the Australian embassy in Tokyo through its programs and people has been central to these developments. The embassy's buildings, its gardens and grounds and above all its occupants from senior Australian diplomats to locally engaged staff are the focus of this multidimensional study by former diplomats and expert observers of Australia's engagement with Japan. Drawing on oral histories, memoirs and archives, this volume sheds new light on the complexity of Australia's diplomatic work in Japan and the role of the embassy in driving high level negotiations as well as fostering soft power influences. With a similar vision for the Indo Pacific region and a like minded approach to the challenges facing us, Australia and Japan have become more intimate and more strategic as partners. I am very pleased to see this slice of Australian diplomatic history so well accounted for in this book. Jan Adams AO PSM Secretary Australian Department of Foreign Affairs and Trade Australia's Ambassador to Japan November 2020 June 2022      **Narrating the Other** Megumi Kato, 2008 This is the first extensive study of Japan in Australian literary consciousness. Narrating the other provides a broad chronological exploration of Australian writers' representations of the Japanese from the late 19th century to the 21st century. A comprehensive examination of available literature reveals the powerful and continuing influence of representations of Japan and the Japanese from the early 20th century up to the Pacific War. Images of Madame Butterfly, the stranger, the enemy and later the ally or partner are shown to vary according to authors' situations and even wider international relations. It attempts to identify the patterns which Australian authors have used to portray and evaluate the Japanese, the changing nature of these patterns, their contextual relationship and their contribution to the formation of wider Australian views on Japan and the Japanese. **BOOK JACKET**      *Behind the News* Prue Torney-Parlicki, 2005 For more than four decades Peter Russo used his newspaper columns and radio broadcasts to educate Australians about their regional neighbors and to provoke them into thinking independently on political issues. His relentless criticism of western intervention in Asian independence struggles and his hostility towards American foreign policy in particular earned him many enemies and his activities were closely monitored by Australian security officials. This painstakingly researched book recovers the life of an important figure in the development of Australia's engagement with Asia      **Books on Japan in Western Languages**
