

The background of the cover features a person with dark hair, seen from the back, wearing a dark, possibly leather, jacket with lacing on the back. They are holding a glowing, ethereal, purple and white energy or smoke-like substance in their right hand. The setting is a vast, open landscape under a dramatic, cloudy sky with a mix of blue and purple hues, suggesting a sunset or sunrise. The overall mood is mysterious and powerful.

*Shadows of Being* Marko Uršič, 2019-01-15 This book is a study of the phenomena of shadows meant in a broader sense

as symbolic forms The shadow is a less real surface replica of some more real form From the Platonic point of view empirical objects are shadows of ideas while from the modern natural point of view shadows are seen and conceived primarily as weaker replicas of bodies which give evidence of their material reality In the first three essays here several topics from the Ancient Egypt and Greece to modern arts and sciences are considered while in the fourth essay the contemporary virtual reality cyber technology and the internet as our parallel shadow world are discussed from the philosophical point of view The main and innovative point of this book is the connection between the meaning of shadows in philosophy and art on the one hand and their role in modern science and technology on the other The book will appeal to a wide span of readers from academic circles students and artists to the general reader interested in the humanities especially in philosophy and art

I the Supreme Augusto Roa Bastos,2019-02-26 I the Supreme imagines a dialogue between the nineteenth century Paraguayan dictator known as Dr Francia and Policarpo Pati o his secretary and only companion The opening pages present a sign that they had found nailed to the wall of a cathedral purportedly written by Dr Francia himself and ordering the execution of all of his servants upon his death This sign is quickly revealed to be a forgery which takes leader and secretary into a larger discussion about the nature of truth In the light of what Your Eminence says even the truth appears to be a lie Their conversation broadens into an epic journey of the mind stretching across the colonial history of their nation filled with surrealist imagery labyrinthine turns and footnotes supplied by a mysterious compiler A towering achievement from a foundational author of modern Latin American literature I the Supreme is a darkly comic deeply moving meditation on power and its abuse and on the role of language in making and unmaking whole worlds
