Lovers And Friends:

When Lovers Are Friends Merle Shain, 1982-04-01 **Lovers and Friends** Abigail Maskall, 2024-12-06 Nelly thinks that Oliver is egotistical and selfish albeit irritatingly attractive Oliver associates Nelly with words like sensible and academic and can't understand why his flighty wonderful sister India is suddenly so attached to her On their first meeting Nelly and Oliver would never have assumed that they would be anything more than casual acquaintances Little do they know that they have both just met the person that will one day know them better than anyone else in the world The next ten years follow Nelly and Oliver as they navigate love friendship and everything in between Constantly pushed together and pulled apart again by their respective relationships with India Nelly and Oliver's connection makes sense to them and only to them Until it no longer does But when a tragic event throws both of their worlds into turmoil Nelly and Oliver are forced to face up to what they really mean to each other and what they are willing to risk for that **The Queerness of Home** Stephen Vider, 2022-01-21 Stephen Vider considers how the meanings of domesticity shifted for gay men and lesbians from the late 1960s to early 1980s from a site of supposed isolation or deviance to a source of identity community and pleasure His manuscript reveals the multiple uses appeals and limits of domesticity for LGBTQ people in the post World War II period in their efforts to make social and sexual connections and to appeal for expanded rights and freedoms For example the 1970s witnessed an efflorescence of gay communal households that proved to be seedbeds for alternative modes of domesticity using the privacy of domestic space to achieve broader social and political changes Vider brings a novel perspective to gay identity and culture examining domesticity as a meeting point between practices and discourse the local and national the private and the public **Reading Roman Friendship** Craig A. Williams, 2012-10-18 This book invites us to approach friendship not as something that simply is but as something performed in and through language Roman friendship is read across a wide spectrum of Latin texts from Catullus poetry to Petronius Satyricon to the philosophical writings of Cicero and Seneca from letters exchanged by the Emperor Marcus Aurelius and his beloved teacher Fronto to those written by men and women at an outpost in northern Britain One of the most innovative features of this study is the equal attention it pays to Latin literature and to inscriptions carved in stone across the Roman Empire What emerges is a richly varied and perhaps surprising picture Hundreds of epitaphs commissioned by men and women citizens and slaves record the commemoration of friends which is of equal importance to understanding Roman friendship as Cicero's influential essay *De amicitia* *The Friends' Library* William Evans, Thomas Evans, 1850 **Public Health Reports**, 1984 *From Childhood to Christhood* Jocelyne Ranucci, 2007-01-02 Jocelyne Ranucci saved her own life Fed up with abusive relationships and dead end jobs she set out to become the architect of her own salvation Through a careful process of study and meditation she began to realize that we are all the creators of our own destiny that we can learn to love and accept ourselves deeply and that we can leave the destructive patterns of the past behind forever Her story is touching her transformation profound With great candor

warmth and wit she reveals the most intimate details of her personal struggle and shows us how we can bridge the gap between spirituality and every day life She teaches us how to unleash the great healing power that lies buried deep within us so that we too can alter our path conquer our fears and free our spirit allowing us to embrace the joys and the serenity of the endless possibilities that lie ahead Extract from the Kirkus review Jocelyne Ranucci the author experienced a rough childhood starved of love approval and support her mother was highly critical and manipulative and left her to fend for herself at the age of 16 Though she remained deeply convinced of her own value the author began to realize that she was replicating in her adult relationships the damage she had suffered as a child In order to overcome these negative patterns she dedicated herself to her spiritual growth Here she shares her journey the universal laws and divine resources she discovered and the ways in which she was able to reinvent her outlook on life Ranucci s insights are compelling because they demonstrate how she has concretely improved her daily life and she offers enough guidance for readers to begin their own journeys

Summoned and Shaped Pat Hoffman, 2018-11-12 This is the story of a woman overcoming the odds to minister to a suffering community outside the church The model of Spiritual Accompaniment which she developed for her ministry changed her own life along with the lives of those with whom she ministered For those experiencing a call to ministry and wondering where to go beyond the age of belief here is a story that will inspire and point the way toward sharing a journey into belovedness

Communicational Criticism Roger D. Sell, 2011 Further developing the line of argument put forward in his *Literature as Communication* 2000 and *Mediating Criticism* 2001 Roger D Sell now suggests that when so called literary texts stand the test of time and appeal to a large and heterogeneous circle of admirers this is because they are genuinely dialogical in spirit Their writers rather than telling other people what to do or think or feel invite them to compare notes and about topics which take on different nuances as seen from different points of view So while such texts obviously reflect the taste and values of their widely various provenances they also channel a certain respect for the human other to whom they are addressed So much so that they win a reciprocal respect from members of their audience In Sell s new book this ethical interplay becomes the focus of a post postmodern critique which sees literary dialogicality as a possible catalyst to new non hegemonic kinds of globalization The argument is illustrated with major reassessments of Shakespeare Pope Wordsworth Dickens Churchill Orwell and Pinter and there are also studies of trauma literature for children and of ethically oriented criticism itself

The Treasury of David Spurgeon, 1873

Love's Vision Troy Jollimore, 2011-07-05 Love often seems uncontrollable and irrational but we just as frequently appear to have reasons for loving the people we do In *Love s Vision* Troy Jollimore offers a new way of understanding love that accommodates both of these facts arguing that love is guided by reason even as it resists and sometimes eludes rationality At the same time he reconsiders love s moral status acknowledging its moral dangers while arguing that it is at heart a moral phenomenon an emotion that demands empathy and calls us away from excessive self concern Love is revealed as neither wholly moral nor deeply immoral neither purely

rational nor profoundly irrational Rather as Diotima says in Plato's Symposium love is something in between Jollimore makes his case by proposing a vision view of love according to which loving is a way of seeing that involves bestowing charitable attention on a loved one This view recognizes the truth in the cliché love is blind but holds that love's blindness does not undermine the idea that love is guided by reason Reasons play an important role in love even if they rest on facts that are not themselves rationally justifiable Filled with illuminating examples from literature Love's Vision is an original examination of a subject of vital philosophical and human concern 97,196 Words Emmanuel Carrère,2019-11-05 A selection of the best short work by France's greatest living nonfiction writer A New York Times Notable Books of 2020 No one writes nonfiction like Emmanuel Carrère Although he takes cues from such literary heroes as Truman Capote and Janet Malcolm Carrère has over the course of his career reinvented the form in a search for truth in all its guises Dispensing with the rules of genre he takes what he needs from every available form or discipline be it theology historiography fiction reportage or memoir and fuses it under the pressure of an inimitable combination of passion curiosity intellect and wit With an oeuvre unique in world literature for its blend of empathy and playfulness Carrère stands as one of our most distinctive and important literary voices 97 196 Words introduces Carrère's shorter works to an English language audience Featuring more than thirty extraordinary essays written over an illustrious twenty five year period of Carrère's creative life this collection shows an exceptional mind at work Spanning continents histories and personal relationships and treating everything from American heroin addicts to the writing of In Cold Blood from the philosophy of Philip K Dick to a single haunting sentence in a minor story by H P Lovecraft from Carrère's own botched interview with Catherine Deneuve to the week he spent following the future French president Emmanuel Macron 97 196 Words considers the divides between truth reality and our shared humanity as it explores remarkable events and eccentric lives including Carrère's own Read On...History Tina Frolund,2013-10-21 Make history come alive This book helps librarians and teachers as well as readers themselves find books they will enjoy titles that will animate and explain the past entertain and expand their minds This invaluable resource offers reading lists of contemporary and classic non fiction history books and historical fiction covering all time periods throughout the world and including practically all manner of human endeavors Every book included is hand selected as an entertaining and enlightening read Organized by appeal characteristics this book will help readers zero in on the history books they will like best for instance titles that emphasize character tell a specific type of historical story convey a mood or are presented in a particular setting Every book listed has been recommended based on the author's research and has proved to be a satisfying and worthwhile read **The Courage to Love: Surviving and Thriving in Your Relationship** Colm O'Connor,2013-03-08 Dr Colm O'Connor a clinical psychologist and couples therapist has for over twenty years explored the emotional lives of couples and researched hundreds of cases of couples in distress Looking beneath the surface of everyday complaints The Courage to Love reveals those insights and shows how we seek solutions to life's most essential questions in close relationships It answers

common questions that we often ask such as Why do we constantly argue about trivial things Why do we have to win an argument at all Why is it that we often forget what it is we end up fighting about How is it that love can deteriorate into abuse In answering these kinds of questions Dr O Connor shows what is ultimately at stake for people in winning an argument starting a fight proving a point triumphing in divorce or abusing a lover and presents a range of solutions that are not about how to control relationships but how to inhabit them Painting a dramatic portrait of love as a heroic response to human vulnerability The Courage to Love shines new light on how relationship breakdown happens and provides a guide for getting back on track

Demystifying Love Stephen B. Levine, 2013-05-13 Intended primarily for mental health professionals Demystifying Love deals plainly with topics rarely written about for clinicians The book discusses in a small package highly readable and useful topics such as love as both noun and verb psychological intimacy sexual desire as well as infidelity both in background concepts and clinical guidelines As the book shows love is the logical point of departure for a clinical understanding of sexuality and its problems It is the most conventional framework for understanding sexual behaviors the one that is broadly endorsed across many cultures often as the ideal context for sexual expression The book integrates an analysis of love in patients dealing with intimacy sexual desire infidelity forgiveness and reconciliation Detailed with compelling case studies

the author's skill as a therapist comes through in the discussion of these topics many of which are at the heart of numerous couple problems In creating this illuminating work for mental health professionals Dr Levine may have underestimated its appeal Dr Levine's ability to shed light on our internal processes as we love and attempt to be loved throughout life may prove to be of interest to a far broader audience
