poetry of Rosamund Marriott Watson who was lost to literary history before the restoration of her oeuvre through the scholarly and critical work of Professor Linda K Hughes to make the case that once neglected and lost voices provide new ways of determining the cultural centrality of women and the poetry they produced in one of the richest periods of poetic experimentation in the Western literary tradition This monograph contends that Watson s poetry and prose provide new ways of analyzing the complex and frequently transgressive nature of the lyric engagement of women with folklore and myth and with the growing understanding in the nineteenth century of the fragmented fluid self in general and of the writer in particular
