hard working anthropologist in the region is puzzled Rumors from the Congo River frighten villagers into moving away In the remote regions of Southwestern China the People s Liberation Army has started moving thousands of troops and heavy military equipment into the area but places a news blackout over the district and will not disclose the reason for the maneuvers In Washington DC hundreds of analysts watch and wait as information trickles into their domain The bureaucracy is beginning to awaken to an unknown threat that looms over vast areas of the world This hurried city of blurry eyed office workers living and working out of sight of the public are the brains and sensory receptors of the most powerful people in America Two of them are buried deeply in the maze of offices that become the centers of the microscopic analysis of events around the globe Patsy and Crag will soon be the center of the information flow that means life and death for the world as a super invader awaits to spring its attack on an unsuspecting humanity The adversary will not wait long Both Patsy and Crag suffer personal turmoil and endure an abiding loneliness that may interfere with their perception of the danger Can the world die because of the loneliness of two people Patsy and Crag have to battle one another as well as the unknown evil lurking outside Will their friends Cheryl and Becky help or hinder the search for answers in an erupting arena of horror Will nations be pulled apart by the threats that will soon be upon them The humans of earth are threatened by an enemy of countless numbers Will they be overwhelmed or will they defend the earth to the last The answers await in a traditional story of an invasion of earth **Savage Invasion** **Poems** Angela Herrick,2013-11-18 When in love The heart wishes to be full Love wishes to take her place Nothing better is what comes from loving hearts Love always shows her truth and power In **Poems** Angela Herrick shares a diverse collection of verse that intimately explores all the realms of love In her reflections Herrick encourages others to lift their imaginations and open their hearts to experiences that release feelings and explore new beginnings Through creative interplay between mythical characters Herrick links the planets of the universe with Earth while illustrating the power of love to overcome differences barriers to happiness and past hurts While focusing on kindness loyalty and forgiveness Herricks poems prove that love is a gift that should never be taken for granted **Poems** intertwines planetary and earthly journeys in a lyrical exploration of love and all that encompasses the greatest emotion of all

Greedy Business Leonard Amattey,2015-12-04 The book **GREEDY BUSINESS** is a satire directed at human behaviour particularly in regards to human priorities to choose between acts of humanitarianism and greed The author notes that politics indeed is part and parcel of life but no where is it so vividly portrayed than in education and at the work place to satisfy human obsession with greed Then he admitted I cannot deny my role in that but that cannot justify it As individuals we allow Greed to Triumph Morality without humanitarian consideration for others in our efforts to improve quality of our life and that is inexcusable This book is therefore about that aspect of human thinking that can justify individuals doing things to others that they would not like others to do them I wonder how many of us find the necessity to take a step backward to explore the choices we have made to do the things we have done to others that we would not like to be done to

us because if done to us they would likely destroy our quality of life Yet some how some of us can justify some of the things we do to others as the result of the choices we have made without humanitarian consideration for them in the name of improving quality of our lives at the expense of our victims Well I did take a step backward and my observations suggest that humans obsession with Greed confirms why we do the things to others that we would not like to be done to us Our tendency to want more and more at the expense of others without humanitarian consideration for the quality of life of others has blinded our moral responsibility to be fair The purpose of writing this book is therefore to share my observations and thoughts with others in the hope that they too may find the need to take a step backward and explore the choices made in the past to do certain things to others that they would not like others to do to them *Love's Revenge, Etc.
