

A man with dark hair, wearing a dark suit, is embracing a woman from behind. The woman has blonde hair and is wearing a gold, strapless, lace-trimmed dress with a red skirt. They are in a romantic pose, with the man's face close to the woman's neck. The background features a building with colorful, onion-shaped domes, characteristic of Russian architecture, under a dark sky.

Making Love Paul Kelleher,2015-07-16 In Making Love Sentiment and Sexuality in Eighteenth Century British Literature Paul Kelleher revises the history of sexuality from the vantage point of the literary history of sentimentalism Kelleher demonstrates how eighteenth century British philosophers essayists and novelists fundamentally reconceived the relations among sentiment sexuality and moral virtue It is his contention that sentimental discourse both philosophical and literary posited heterosexual desire as the precondition of moral feeling and conduct The author further suggests that sentimental writers fashioned the ideal of conjugal love as an ideological antidote to the theories of self love and self interest found in the works of Thomas Hobbes and Bernard Mandeville Heterosexual desire and its culmination in conjugal love in other words were represented as the privileged means for an individual to transcend self love and to develop a moral sensibility attuned to the thoughts and feelings of others At the same time Kelleher suggests other pleasures and desires particularly those rooted in same sex eroticism were increasingly depicted as antithetical to conjugal love and thus were morally devalued and socially disenfranchised Kelleher s argument unfolds through close readings of a variety of texts including Shaftesbury s Characteristics of Men Manners Opinions Times Joseph Addison and Richard Steele s the Tatler and the Spectator Eliza Haywood s Love in Excess Samuel Richardson s Pamela and Henry Fielding s Tom Jones Although these texts embody diverse rhetorical strategies and thematic concerns he shows how they collectively reinforce an overarching sentimental ideology on the one hand heterosexual desire and conjugal love become synonymous with sympathy benevolence and moral goodness while on the other hand same sex desire is pathologized as a selfish withdrawal from procreation domesticity sociability and ultimately humanity itself **Lysette** Sylvia Halliday,2015-01-11 An award winning author deftly evokes the era and the pain and lives of her three dimensional characters in a romance set during the French Revolution RT Book Reviews Lysette the Marquise de Ferrance is left penniless after her husband dies With nowhere else to turn and as Paris becomes increasingly dangerous she ventures across the turbulent French countryside to the safety of her brother s home But when she meets Andre Comte du Crillon her plans change She cares not that he s married Using her beauty as her weapon she sets out to seduce him Yet all the while there s another man in her midst a man of action and iron will waiting for the perfect time to take her for himself For it is in his arms that Lysette is destined to find the sanctuary and true love that she seeks
