Roisman, 2021-01-14 The heroines of Greek tragedy presented in the plays by Aeschylus Sophocles and Euripides have long captivated audiences and critics In this volume each of the eleven chapters discusses one of the heroines Clytemnestra Hecuba Medea Iphigenia Alcestis Antigone Electra Deianeira Phaedra Creusa and Helen The book focuses on characterisation and the motivations of the women as well as on those of the male playwrights and offers multiple viewpoints and critiques that enable readers to understand the context of each play and form their own views Four core themes bridge the depictions of the heroines the socio political dynamic of ancient Greek expectations of women and their roles in society the conflict of masculinity versus femininity the alternation of defiance and submission and the interplay between deceit and rhetoric Each chapter offers clear descriptions of plot and mythical background and builds on the text of the plays to enable reflections on language and performance All technical terms are explained and key topics or references are pulled out into box features that provide further background information Discussion points at the ends of chapters enable readers to explore various topics more deeply

Jonah Amy Erickson, 2021-05-18 The dominant reading of the book of Jonah that the hapless prophet Jonah is a lesson in not trying to run away from God oversimplifies a profoundly literary biblical text argues Amy Erickson Likewise the more recent understanding of Jonah as satire is problematic in its own right laden as it is with anti Jewish undertones and the superimposition of a Christian worldview onto a Jewish text How can we move away from these stale interpretations to recover the richness of meaning that belongs to this short but noteworthy book of the Bible This Illuminations commentary delves into Jonah's reception history in Christian Jewish and Islamic contexts while also exploring its representations in visual arts music literature and pop culture After this thorough contextualization Erickson provides a fresh translation and exegesis paving the way for pastors and scholars to read and utilize the book of Jonah as the provocative richly allusive and theologically robust text that it is

 Cato Gulaker employs narrative criticism to explore where the depiction of Satan found in the Book of Revelation is positioned on the axis of two divergent roles The literary character of Satan is commonly perceived to gradually evolve from the first divine agents in the Hebrew Bible representing the darker sides of the divine governing of affairs Job 1 2 Zech 3 1 Chr 21 1 Num 22 22 32 to the full blown enemy of God of the post biblical era However Gulaker posits that texts referring to Satan in between these two poles are not uniform and diverge considerably This book argues for a new way of perceiving Satan in Revelation that provides a more probable reading as it creates less narrative dissonance than the alternative of the ancient combat myth cosmic conflict between Satan and God From this reading emerges a subdued Satan more akin to its Hebrew Bible hypotexts and Second Temple Judaism parallels one that fits seamlessly with the theology cosmology and the overarching plot of the narrative itself Gulaker explores the functions of Satan in a text written relatively late compared to the rest of the New Testament but with strong affinities to the Hebrew Bible concluding that Satan is characterized more as the leash rod and sifting device in the hand of God than as his enemy      **The International Critical Commentary on the Holy Scriptures of the Old and New Testaments** ,1916      The Philosophy of Loyalty Josiah Royce,1908      **The American Historical Review** John Franklin Jameson, Henry Eldridge Bourne, Robert Livingston Schuyler,1906 American Historical Review is the oldest scholarly journal of history in the United States and the largest in the world Published by the American Historical Association it covers all areas of historical research      *Personnel Literature* United States.
