Johanna Hoefle, 2017-11-30 During his lifetime Austrian novelist Stefan Zweig 1881-1942 was among the most widely read German language writers in the world. Always controversial, he fell into critical disfavor as writers and critics in a devastated postwar Europe attacked the poor literary quality of his works and excoriated his apolitical fiction as naïve Habsburg nostalgia. Yet in other parts of the world, Zweig's works have enjoyed continued admiration and popularity, even canonical status. China's Stefan Zweig unveils the extraordinary success of Zweig's novellas in China, where he has been read in an entirely different way. During the New Culture Movement of the 1920s, Zweig's novellas were discovered by intellectuals turning against Confucian tradition. In the 1930s, left-wing scholars criticized Zweig as a decadent bourgeois writer, yet after the communist victory in 1949, he was re-introduced as a political writer whose detailed psychological descriptions exposed a brutal and hypocritical bourgeois capitalist society. In the 1980s, after the Cultural Revolution, Zweig's works triggered a large-scale Stefan Zweig fever, where Zweig-style female figures, the gentle, loving, and self-sacrificing women who populate his novels, became the feminine ideal. Zweig's seemingly anachronistic poetics of femininity allowed feminists to criticize Maoist gender politics by praising Zweig as the anatomist of the female heart. As Arnholt Hoefle makes clear, Zweig's works have never been passively received. Intermediaries have actively selected, interpreted, and translated his works for very different purposes. China's Stefan Zweig not only re-conceptualizes our understanding of cross-cultural reception and its underlying dynamics but proposes a serious re-evaluation of one of the most successful yet misunderstood European writers of the twentieth century. Zweig's works, which have inspired recent film adaptations such as Xu Jinglei's *Letter from an Unknown Woman* (2005) and Wes Anderson's *Grand Budapest Hotel* (2014), are only beginning to be rediscovered in Europe and North America, but the heated debate about his literary merit continues. This book, with its wealth of hitherto unexplored Chinese language sources, sheds light on the Stefan Zweig conundrum through the lens of his Chinese reception to reveal surprising and long-overlooked literary dimensions of his works.

Classics and Interpretations Ching-I Tu, 2017-11-30 In recent years in the West, scholars have attempted to unravel old constructs of interpretation and understanding using the discipline of hermeneutics or the scientific study of textual interpretation. Borrowed from students of the ever-growing body of biblical interpretive literature that originated in the early Christian era, theoretical hermeneutics has given many contemporary scholars potent tools of textual interpretation. *Classics and Interpretations* applies this method to Chinese culture. Several essays focus on hermeneutic traditions of Neo-Confucianism. Others move outside of these traditions to attempt an understanding of the role of hermeneutics in Taoist and Buddhist textual interpretation in Chinese poetics and painting and in contemporary Chinese culture. This volume makes a concerted effort to remedy our ignorance of the Chinese hermeneutical tradition. Part 1, *The Great Learning and Hermeneutics*, demonstrates the use of commentary to define how the individual creates his social self and discusses differing interpretations of the Ta-hsueh text and its treatment as either canonical or heterodox. Part 2, *Canonicity and Orthodoxy*, considers the philosophical touchstones employed by Neo-Confucian

canonical exegetes and polemicists and discusses the Han canonization of the scriptural Five Classics while illuminating a double standard that existed in the hermeneutical regime of late imperial China Part 3 Hermeneutics as Politics discusses the transformation of both the classics and scholars and explores the dominant hermeneutic tradition in Chinese historiography the scriptural tradition and reinterpretation of the Chun chiu and reveals the pragmatism of Chinese hermeneutics through comparison of the Sung debates over the Mencius The concluding sections include essays on Chu Hsi and Interpretation of Chinese Classics Hermeneutic Traditions in Chinese Poetics and Non Confucian Contexts Reinterpretation of Confucian Texts in the Ming Ching Period and Contemporary Interpretations of Confucian Culture Through these literate and brilliantly written essays the reader witnesses not merely the great breadth and depth of Chinese hermeneutics but also its continuity and evolutionary vigor This volume will excite scholars of the Confucian Buddhist and Taoist systems of thought and belief as well as students of history and hermeneutics

Zhuangzi and Modern Chinese Literature Liu Jianmei, 2015-12-01 This is a powerful account of how the ruin and resurrection of Zhuangzi in modern China's literary history correspond to the rise and fall of modern Chinese individuality Liu Jianmei highlights two central philosophical themes of Zhuangzi the absolute spiritual freedom as presented in the chapter of Free and Easy Wandering and the rejection of absolute and fixed views on right and wrong as seen in the chapter of On the Equality of Things She argues the twentieth century reinterpretation and appropriation of these two important philosophical themes best testify to the dilemma and inner struggle of modern Chinese intellectuals In the cultural environment in which Chinese writers and scholars were working the pursuit of individual freedom as well as the more tolerant and multifaceted cultural mentality has constantly been downplayed suppressed or criticized By addressing a large number of modern Chinese writers including Guo Moruo Hu Shi Lu Xun Zhou Zuoren Lin Yutang Fei Ming Liu Xiaofeng Wang Zengqi Han Shaogong Ah Cheng Yan Lianke and Gao Xingjian the author provides an insightful and engaging study of how they have embraced rejected and returned to ancient thought and how the spirit of Zhuangzi has illuminated their writing and thinking through the turbulent eras of modern China This book not only explores modern Chinese writers' complicated relationship with tradition but also sheds light on if the freedom of independence non participation and roaming and the more encompassing cultural space inspired by Zhuangzi's spirit were allowed to exist in the modern Chinese literary context Involving the interplay between philosophy literature and history Liu delineates a neglected literary tradition influenced by Zhuangzi and Daoism and traces its struggles to survive in modern and contemporary Chinese culture

A New Vocabulary for Global Modernism Eric Hayot, Rebecca L. Walkowitz, 2016-11-29 Bringing together leading critics and literary scholars A New Vocabulary for Global Modernism argues for new ways of understanding the nature and development of twentieth century literature and culture Scholars have largely understood modernism as an American and European phenomenon Those parameters have expanded in recent decades but the incorporation of multiple origins and influences has often been tied to older conceptual frameworks that make it difficult to think of modernism globally Providing alternative approaches A New Vocabulary for Global Modernism introduces pathways through global archives and new frameworks that offer a richer more representative set of concepts for the analysis of literary and cultural works In separate essays each inspired by a critical term this collection explores what happens to the foundational concepts of modernism and the methods we bring to modernist studies when we approach the field as a global

phenomenon Their work transforms the intellectual paradigms we have long associated with modernism such as tradition antiquity style and translation New paradigms such as context slum copy pantomime and puppets emerge as the archive extends beyond its European center In bringing together and reexamining the familiar as well as the emergent the contributors to this volume offer an invaluable and original approach to studying the intersection of world literature and modernist studies
