Lubbock And The South Plains An Illustrated History:

Lubbock and the South Plains Donald R. Abbe, Paul Howard Carlson, David J. Murrah, 1989 **South Plains Army Airfield** Donald R. Abbe, 2014-04-28 South Plains Army Airfield in Lubbock Texas was a major training base for US Army Air Force glider pilots during World War II Approximately 80 percent of the roughly 6 000 pilots trained to fly the combat cargo glider received their advanced training and were awarded their G Wings at SPAAF as it was known The base was conceived built used and then closed in a short five year period during World War II Today little remains to remind one of the feverish and important military training program that once took place on the flat featureless South Plains of Texas During World War II American military strategy and tactics included a significant airborne component Major invasions such as D Day at Normandy were preceded by huge aerial fleets carrying paratroopers and their equipment These airborne invasion fleets sometimes exceeded well over 1 000 Allied gliders The American airborne forces depended upon an ungainly looking aircraft the CG 4A glider to carry the vehicles munitions and reinforcements needed to survive The pilots who flew them learned their trade at South Plains Army Airfield **Historic Tales of the Llano Estacado** Edited by Paul H. Carlson and David J. Murrah, 2020 The distinctive high mesa straddling West Texas and Eastern New Mexico creates a vista that is equal parts sprawling lore and big blue sky From Lubbock the area s informal capital to the farthest reaches of the staked plains known as the Llano Estacado the land and its inhabitants trace a tradition of tenacity through numberless cycles of dust storms and drought In 1887 a bison hunter observed antelope sand crane and coyote alike crowding together to drink from the same wet weather lake A similarly odd assortment of characters shared and shaped the region s heritage although neighborliness has occasionally been strained by incidents like the 1903 Fence Cutting War David Murrah and Paul Carlson have collected some three dozen vignettes that stretch across the uncharted terrain of the tableland s past **Tragedy and Triumph on the Texas Plains: Curious Historic Chronicles from Murders to Movies** Chuck Lanehart, 2021 Out on the Texas Plains wrangling with history resembles taking in the sunset a stampede of splendor and shadow all at once Roam an Ohio sized patch of prairie and take stock of the heroic tasks and moral dilemmas facing the unforgettable characters who called West Texas home Ben Hogan sinks a putt with the focus of the Clovis man who hunted mammoth in the same spot thousands of years before Lubbock s largest lawsuit runs its interminable course And a starving Roy Rogers makes a quick meal of jackrabbit on the Llano Estacado Chuck Lanehart gathers statesmen and journalists outlaws and entertainers in these profiles of the Texas Plains Lubbock Lubbock Heritage Society, Pamela Brink, Cindy Martin, Daniel Sánchez, 2013 For 12 millennia natural resources attracted humans to the region that Spanish conquistadors named the Llano Estacado the Staked Plains Nineteenth century westward expansion brought many Americans to the plains and small towns began to develop On December 19 1890 two communities on the Llano Estacado joined forces to create Lubbock The sights and sounds of families moving their homes farms and businesses to the fledgling community exemplified the spirit of commitment sacrifice and

cooperation that citizens of Lubbock continue to display Today 250 000 people call Lubbock home and it remains the socioeconomic center of the Llano Estacado **Lubbock** Russell Hill,2011-02-28 The city of Lubbock began as a compromise between two smaller settlements known as Lubbock and Monterey These settlements agreed to combine on December 19 1890 and by 1891 the combined settlement was elected the new county seat as farmers ranchers and settlers began to arrive In 1909 Lubbock incorporated as a city and the Santa Fe Railroad sent its first train south from Plainview The Texas Legislature authorized the establishment of Texas Technological College in 1923 and Lubbock won the regional contest for the new university's location Today Lubbock is the 10th largest city in Texas with an estimated population of 230 000 The Lubbock economy thrives on agriculture education manufacturing and health industries **Caprock Chronicles: More Tales of the Llano Estacado** John T. "Jack" Becker and David J. Murrah,2021-10-11 The hardpan layer of the Caprock undergirds the high plains of the Llano Estacado where it has resisted erosion with the same tenacity that it has collected stories From Apache hunting grounds to Mennonite settlements the region is no stranger to the searching gaze of the weary traveler In this exceptional collection of forty eight essays from local contributors David Murrah and John T Jack Becker continue the work of cataloguing the memory of the mesa Back cover *Encyclopedia of the Great Plains* David J. Wishart,2004-01-01 Wishart and the staff of the Center for Great Plains Studies have compiled a wide ranging pun intended encyclopedia of this important region Their objective was to give definition to a region that has traditionally been poorly defined and they have **Eck Robertson at the Crossroads of American Fiddling** Chris Goertzen,2025-05-19 The Texas Panhandle's frontier days were fresh in memory when fiddler Eck Robertson 1887 1975 arrived Cowboys still worked on ranches in the 1910s but barbed wire fences abounded too Robertson pursued a continually evolving strategy to profit from the feverish transformation of living history into marketable nostalgia He adopted cowboy dress clothes for his first recording session in New York in 1922 and became known as a Famous Cowboy Fiddler His stubborn vision spawned traditional yet transformed Texas fiddling Robertson criticized other fiddlers because their playing was just the same thing over and over Robertson insisted that his fiddling his balance of cleaving to tradition while adding new content was the way of the future Author Chris Goertzen traces Robertson's story through detailed biography music transcriptions and careful musical analysis Though Robertson struggled to attain consistent financial success as a performer he cultivated a varied repertoire that allowed him to balance offering the comfort of shared recollection with fresh excitement His biggest hit Sally Goodin was a game changer both as played live and as the very first country music recording With his undeniable talent and forward thinking Robertson took a musical practice that already had a broad reach and a distinguished history in a direction that would guarantee a niche in modern American culture *Historic Lubbock County* Donald R. Abbe,Paul Howard Carlson,2008 [Red Water, Black Gold](#) Margaret A. Bickers,2014-11-15 Red Water Black Gold The Canadian River in Texas 1920 1999 tells the story of the Canadian River in the Texas Panhandle It is a tale of grand designs high hopes deep holes

politics fishing follies foibles and environmental change Although efforts had been made to tap the Canadian River's waters before 1920 the discovery of oil in the Panhandle gave new urgency to the search for permanent water supplies Additionally the spread of groundwater irrigation amid the discovery of the limits of Ogallala Aquifer spurred regional interests to tap the Canadian But overestimates of the river's flow and unfamiliarity with the critical role groundwater played in maintaining that flow led to complications and frustrations culminating in a lawsuit over the location of the banks of a seemingly waterless river This book is a valuable addition to the water history of Texas and the American West and to the growing body of worldwide regional water histories Combining traditional historical sources with hydrology climatology and geology Red Water Black Gold complicates the traditional story of top down water management as well as telling the thus far untold story of the Canadian River in Texas Empire Builder in the Texas Panhandle Paul H. Carlson,1996 An outsider he brought his

business savvy and vision of civic growth to bear on America's last frontier **West Texas** Paul H. Carlson,Bruce A. Glasrud,2014-03-04 Texas is as well known for its diversity of landscape and culture as it is for its enormity But West Texas despite being popularized in film and song has largely been ignored by historians as a distinct and cultural geographic space In West Texas A History of the Giant Side of the State Paul H Carlson and Bruce A Glasrud rectify that oversight This volume assembles a diverse set of essays covering the grand sweep of West Texas history from the ancient to the contemporary In four parts comprehending the place people politics and economic life and society and culture Carlson and Glasrud and their contributors survey the confluence of life and landscape shaping the West Texas of today Early chapters define the region The giant side of Texas is a nineteenth century geographical description of a vast area that includes the Panhandle Llano Estacado Permian Basin and Big Bend Trans Pecos country It is an arid windblown environment that connects intimately with the history of Texas culture Carlson and Glasrud take a nonlinear approach to exploring the many cultural influences on West Texas including the Tejanos the oil and gas economy and the major cities Readers can sample topics in whichever order they please whether they are interested in learning about ranching recreation or turn of the century education Throughout familiar western themes arise the urban growth of El Paso is contrasted with the mid century decline of small towns and the social shifting that followed Well known Texas scholars explore popular perceptions of West Texas as sparsely populated and rife with social contradiction and rugged individualism West Texas comes into yet clearer view through essays on West Texas women poets Native peoples and musicians Gathered here is a long overdue consideration of the landscape culture and everyday lives of one of America's most iconic and understudied regions *A History of Lubbock* Lawrence L.
