Luciano Bartolini More Than This:

Luciano Bartolini. More than this. Catalogo della mostra (Bologna, villa delle Rose, 28 gennaio-26 marzo 2000). Ediz. italiana e inglese Luciano Bartolini, Roberto Daolio, 2000 The Florentine artist Luciano Bartolini died in 1994 at the age of 46 From his Kleenex series of the 1960s to his late works Bartolini's art concerned itself with the textures or modest materials upon which he frequently inscribed fragments of enigmatic symbols He described his project as a journey of associations intricate with aspirations hopes dreams and memories Annual Bibliography of Modern Art Museum of Modern Art (New York, N.Y.). Integrated Management of Systems, Services, Processes and People in IT Claudio Bartolini, Luciano Paschoal Gaspary, 2009-10-21 This volume of the Lecture Notes in Computer Science series contains all papers accepted for presentation at the 20th IFIP IEEE International Workshop on Distributed Systems Operations and Management DSOM 2009 which was held in Venice Italy during October 27-28 2009 DSOM 2009 was the 20th event in a series of annual workshops It followed in the footsteps of previous successful meetings the most recent of which were held on Samos Greece DSOM 2008 San Jose California USA DSOM 2007 Dublin Ireland DSOM 2006 Barcelona Spain DSOM 2005 and Davis California USA DSOM 2004 The goal of the DSOM workshops is to bring together researchers from industry and academia working in the areas of networks systems and service management to discuss recent advances and foster future growth In contrast to the larger management conferences such as IM International Symposium on Integrated Network Management and NOMS Network Operations and Management Symposium DSOM workshops have a single track program in order to stimulate more intense interaction among participants The Role of Parties in Twenty-First Century Politics Luciano Bardi, Stefano Bartolini, Alexander H. Treschel, 2017-10-02 For a long time analyses of political parties were framed within the usual context of democracy and of the historical transformation of the forms of democratic government More recently several authors among which eminently Peter Mair progressively began to question the relationship between the normative definition of democratic government and the actual operation of parties These new concerns are well epitomized by the tension between responsiveness and responsibility that gives the title to this book While classic democratic theory sees as desirable that parties in government and in opposition too are sympathetically responsive to their supporters first and more generally to public opinion and at the same time responsible toward the internal and international systemic constraints and compatibilities these two roles seem to have become more difficult to reconcile and even increasingly incompatible The chapters of this book explore the tensions between responsiveness and responsibility decomposing the international sources from the domestic sources and discussing the options and the possibilities for political parties to continue to play the role of provider of political stability in rapidly changing domestic and international environments This book was published as a special issue of West European Politics *The Oxford Handbook of Australian Politics* Jenny M. Lewis, Anne Tiernan, 2021-10-20 The Oxford Handbook of Australian Politics is a comprehensive collection that considers Australia's

distinctive politics both ancient and modern at all levels and across many themes It examines the factors that make Australian politics unique and interesting while firmly placing these in the context of the nation's Indigenous and imported heritage and global engagement The book presents an account of Australian politics that recognizes and celebrates its inherent diversity by taking a thematic approach in six parts The first theme addresses Australia's unique inheritances examining the development of its political culture in relation to the arrival of British colonists and their conflicts with First Nations peoples as well as the resulting geopolitics The second theme improvisation focuses on Australia's political institutions and how they have evolved Place making is then considered to assess how geography distance Indigenous presence and migration shape Australian politics Recurrent dilemmas centres on a range of complex political problems and their influence on contemporary political practice Politics policy and public administration covers how Australia has been a world leader in some respects and a laggard in others when dealing with important policy challenges The final theme studying Australian politics introduces some key areas in the study of Australian politics and identifies the strengths and shortcomings of the discipline The Oxford Handbook of Australian Politics is an opportunity for others to consider the nation's unique politics from the perspective of leading and emerging scholars and to gain a strong sense of its imperfections its enduring challenges and its strengths Artforum International ,2000 **Epic Films** Gary Allen Smith,2015-09-03 Epic films those concerned with monumental events and larger than life characters cover the period from the Creation to the A D 1200s and have been churned out by Hollywood and overseas studios since the dawn of filmmaking Cecil B DeMille a master of the genre hit upon the perfect mixture of sex splendor and the sacred to lure audiences to his epic productions The 355 film entries include casts and credits plot synopsis and narratives on the making of the films There are 190 photographs in this edition **Ilan Manouach in Review** Pedro Moura,2023-09-08 This book takes an interdisciplinary and diverse critical look at the work of comic artist Ilan Manouach situating it within the avant garde movement more broadly An international team of authors engages with the topic from diverse theoretical approaches from traditional narratology and aesthetic close readings of some of Manouach's books engaging with comics own distinctive history modes of production circulation and reception to perspectives from disability studies post colonial studies technological criticism media ecology ontography posthumanist philosophy and issues of materiality and media specificity This innovative and timely volume will interest students and scholars of comic studies media studies media ecology literature cultural studies and visual studies

Umbrella ,1982 Democracy and Globalization Josep M. Colomer,Ashley L. Beale,2020-06-02 As democracy is

disrupted by globalization the solution is to globalize democracy This book explores the causes of the current crisis of democracy and advocates new ways for more representative effective and accountable governance in an interdependent

world Part 1 analyzes the split of the middle class and the subsequent political polarization which underlies people's dissatisfaction with the way democracy works in developed countries It also addresses the role of political emotions including disappointments about unmet expectations anger incited from opposition candidates fear induced from government and hope wrapping up new proposals for reform and change In Part 2 the authors argue that a more effective governance would require reallocations of power at local national continental and global levels with innovative combinations of direct democracy representative government and rule by experts This book will be of interest to students and scholars of political science comparative politics international relations political economy and democratic theory as well as general readers interested in politics and current events **Germany and Nuclear Weapons in the 21st Century** Ulrich Kühn,2024-03-12
