Alliance Rising C. J. Cherryh,Jane S. Fancher,2019-01-08 SFWA Grand Master Cherryh returns to the Hugo award winning Alliance Union Universe with a thrilling entry in her far reaching sci fi saga For years the stations of the Hinder Stars those old stations closest to Sol have lagged behind the great megastations of the Beyond like Pell and Cyteen But new opportunities and fears arise when Alpha station receives news of an incoming ship with no identification The denizens of Alpha wait anxiously for news about the outsiders each with their own suspicions about the ship and its origins Ross and Fallon crew members of the Galway believe the unidentified ship belongs to Pell and has come to investigate another massive ship docked at Alpha The Rights of Man Though Rights is under the command of the Earth Company it is not quite perfected and its true purpose is shrouded in mystery James Robert Neihart captain of Finitis End a huge faster than light ship flown by one of the Merchant Families has heard whispers of The Rights of Man and wonders at its design and purpose especially as Sol struggles to rival the progress of the Farther Stars Now docked at Alpha he must convince the

crews that there is more to The Rights of Man than meets the eye Because the reasons behind the creation of The Rights of Man and its true plans could change everything not just for Sol but for the Hinder Stars and the Beyond itself *The Children's Book* Horace Elisha Scudder,1907 **We Know Who We Are** Martha Harroun Foster,2016-01-18 They know who they are Of predominantly Chippewa Cree French and Scottish descent the M tis people have flourished as a distinct ethnic group in Canada and the northwestern United States for nearly two hundred years Yet their M tis identity is often ignored or misunderstood in the United States Unlike their counterparts in Canada the U S M tis have never received federal recognition In fact their very identity has been questioned In this rich examination of a M tis community the first book length work to focus on the Montana M tis Martha Harroun Foster combines social political and economic analysis to show how its people have adapted to changing conditions while retaining a strong sense of their own unique culture and traditions Despite overwhelming obstacles the M tis have used the bonds of kinship and common history to strengthen and build their community As Foster carefully traces the lineage of M tis families from the Spring Creek area she shows how the people retained their sense of communal identity She traces the common threads linking diverse M tis communities throughout Montana and lends insight into the nature of M tis identity in general And in raising basic questions about the nature of ethnicity this pathbreaking work speaks to the difficulties of ethnic identification encountered by all peoples of mixed descent
