Ludmila's Broken English: A Novel DBC Pierre, 2007-04-17 A mix of offbeat composition and intoxicating insight A maddeningly entertaining encore Publishers Weekly starred review A wild and brilliant tale by the winner of the Man Booker Prize and one of our most original storytellers On a Tuesday in terror struck London Blair and Bunny Heath become the first adult conjoined twins ever successfully separated On a Tuesday in the war torn Caucasus Ludmila Derev accidentally kills her grandfather By December they find themselves trudging together through a snow field staring down the barrel of a rebel's gun Ludmila sets out on a journey west to save her family from starvation and marauding Gnez troops Hers is an odyssey of sour wit even sourer vodka and a Soviet tractor probably running on goat's piss The Heath twins are released from a newly privatized institution rumored to have been founded for an illegitimate royal baby They are plunged into a round the clock world churning with opportunity rowdy with the chatter of freedom self empowerment and sex Dangerous cocktails and a Russian Brides Web site throw these unforgettable characters together with explosive results DBC Pierre's second novel confirms his place in the ranks of today's most audacious and acclaimed novelists

Mulieres suadentes - Persuasive Women Martin Homza, 2017-03-06 In *Mulieres suadentes* Persuasive Women Martin Homza scrutinises the genesis of ruler ideology among the most prominent East Central and Eastern European dynasties from the early and later Middle Ages At the center of attention are the Premyslids the Piasts the Rurikids and the Rudolfs but also the main dynasties of the Balkans namely the Trpimirovi and the Nemanji dynasties as well as the House of Bogdan and the Moldova dynasty of the Muatins Unlike previous work which has focused on narrative sources of male ruler hagiography Homza studies texts concerning female royal figures More broadly this book also attempts to bridge the artificial gap between West and East in Europe

The Standard Concert Guide George Putnam Upton, 1908 Critical Period Hypothesis Revisited Małgorzata Jedynak, 2009 The book discusses various arguments for and against Critical Period Hypothesis for the acquisition of foreign language native like pronunciation The research described in the book encompassed adult learners of English and Polish some of whom mastered the pronunciation in such a way that they managed to pass off as native speakers of the target language Various factors were examined in order to show their contribution to the ultimate success of the learners such as a learning setting a length in learning and a training in foreign language phonology phonetics

Black Milk George M. Hahn, 2011-08-01 It is 1939 The Nazi invasion of Poland has started World War II Three ordinary decent young Germans join the elite Nazi force the SS Johann Helmuth a Bavarian farmer's son does so primarily to please his authoritarian anti semitic father but also out of a vague sense of patriotism and a need to belong to a larger group Herbert Winkler's father runs a small automobile repair shop in a village in the mountains of the former Austria The son is a confirmed Nazi willing to sacrifice his life for the Thousand Year Reich and its glorious Fuhrer The third Werner Kohler comes from a sophisticated and very wealthy Berlin family He is neither an ideologue nor particularly patriotic but bored looking for excitement The three

become friends during the rigorous and demanding SS training that transformed ordinary citizens into members of what became arguably the most potent fighting force in all history After the German invasion of Russia they are sent to the Eastern front Johann and Werner in a Waffen SS division Herbert in a penal unit In Russia they experience the monstrosity of modern warfare and the bestiality of the Nazi terror that is unleashed against the local population and particularly against the Jews The three are not only witnesses to horror but participants Johann unwillingly Werner with detachment and Herbert enthusiastically Johann and Werner remember Herbert as a man who during training rescued a puppy at considerable danger to his life but now countenances rape of women and killing of children They cannot understand their former friend s transformation During the drive on Berlin by the Soviet juggernaut Werner and Herbert are killed but Johann although wounded survives and returns to Germany After the end of the European war he is arrested by the Allied Military Government tried and imprisoned for war crimes but released when two Jewish women testify that he helped them escape from a Polish Ghetto He returns to his native Bavaria marries Werner s sister and enters medical school His feelings of guilt about his own war time action depress him severely and this depression is accentuated when he observes his fellow citizens crass materialism and their unwillingness or inability to deal with their recent past What shocks him most is the ready acceptance and integration into society of some of the worst criminals the world has ever produced His depression deepens to the point where he cannot continue his studies his marriage disintegrates and he permanently leaves his homeland

Island Time Georgia Clark,2022-06-14 A messy loud Australian family and an aloof snobby American family who have nothing in common except the marriage of their daughters are stuck for six weeks on a tropical island off Queensland when a nearby volcano erupts Witnessing the Disaster Michael Bernard-Donals,Richard Glejzer,2003-12-15 Witnessing the Disaster examines how histories films stories and novels memorials and museums and survivor testimonies involve problems of witnessing how do those who survived and those who lived long after the Holocaust make clear to us what happened How can we distinguish between more and less authentic accounts Are histories more adequate descriptors of the horror than narrative Does the susceptibility of survivor accounts to faulty memory and the vestiges of trauma make them any more or less useful as instruments of witness And how do we authenticate their accuracy without giving those who deny the Holocaust a small but dangerous foothold These essayists aim to move past the notion that the Holocaust as an event defies representation They look at specific cases of Holocaust representation and consider their effect their structure their authenticity and the kind of knowledge they produce Taken together they consider the tension between history and memory the vexed problem of eyewitness testimony and its status as evidence and the ethical imperatives of Holocaust representation

Striking the Balance (Worldwar, Book Four) Harry Turtledove,2002-01-08 WORLDWAR BOOK 4 At the bloody height of World War II the deadliest enemies in all of human history were forced to put aside their hatreds and unite against an even fiercer foe a seemingly invincible power bent on world domination With awesome technology the aggressors swept across the

planet sowing destruction as Tokyo Berlin and Washington D C were A bombed into submission Russia Nazi Germany Japan and the U S were not easily cowed however With cunning and incredible daring they pressed every advantage against the invader s superior strength and led by Stalin began to detonate their own atom bombs in retaliation City after city explodes in radioactive firestorms and fears grow as the worldwide resources disappear will there be any world left for the invaders to conquer or for the uneasy allies to defend While Mao Tse tung wages a desperate guerrilla war and Hitler drives his country toward self destruction United States forces frantically try to stop the enemy s push from coast to coast Yet in this battle to stave off world domination unless the once great military powers take the risk of annihilating the human race they ll risk losing the war The fatal final deadline arrives in Harry Turtledove s grand smashing finale to the Worldwar series as uneasy allies desperately seek a way out of a no win no survival situation a way to live free in a world that may soon be bombed into atomic oblivion

Rival Roommates Melissa Lowell,1997 Jill s roommate is her worst nightmare **Fictional Worlds and Philosophical Reflection** Garry Hagberg,2022-01-31 This edited collection investigates the kinds of philosophical reflection we can undertake in the imaginative worlds of literature Opening with a look into the relations between philosophical thought and literary interpretation the volume proceeds through absorbing discussions of the ways we can see life through the lens of literature the relations between philosophical saying and literary showing and some ways we can see the literary past philosophically and assess its significance for the present Taken as a whole the volume shows how imagined contexts can be a source of knowledge a source of conceptual clarification and a source of insight and understanding And because philosophical thinking is undertaken after all in words a heightened sensitivity to the precise employments of our words particularly philosophically central words such as truth reality perception knowledge selfhood illusion understanding falsehood can bring a clarity and a

refreshed sense of the life that our words take on in fully described contexts of usage And in these imagined contexts we can also see more acutely and deeply into the meaning of words about words metaphor and figurative tropes verbal coherence intelligibility implication sense and indeed the word meaning itself Moving from a philosophical issue into a literary world in which the central concepts of that issue are in play can thus enrich our comprehension of those concepts and in the strongest cases substantively change the way we see them With a combination of conceptual acuity and literary sensitivity this volume maps out some of the territory that philosophical reflection and literary engagement share Books and Art in the USSR.,1989 **Andora** Greg Alldredge,2018-10-02 Fly for freedom Helena always thought of Europe as the romantic continent full of history and mystery waiting to be explored What she finds breaks her heart deforested and smoke choked The Russians haunt the Legend s every move Will she ever escape their influence The old countries are arming with new deadly steam powered weapons Will humans survive to see the 20th century Will Helena want to live in the next century if it arrives safely **The Apostles** Edward Elgar,1903 The Someday Birds Sally J.
