Ludwig Wittgenstein Personal Recollections:

Ludwig Wittgenstein Ludwig Wittgenstein,1981 Ludwig Wittgenstein, Personal Recollections Rush Rhees,1981

Wittgenstein's Philosophical Investigations David G. Stern,2004-10-21 In this new introduction to a classic philosophical text David Stern examines Wittgenstein's Philosophical Investigations. He gives particular attention to both the arguments of the Investigations and the way in which the work is written especially the role of dialogue in the book. While he concentrates on helping the reader to arrive at his or her own interpretation of the primary text, he also provides guidance to the unusually wide range of existing interpretations and to the reasons why the Investigations have inspired such a diversity of readings.

The A to Z of Wittgenstein's Philosophy Duncan Richter,2010-02-12 Ludwig Wittgenstein 1889-1951 was undoubtedly one of the most important philosophers of the 20th century and perhaps of any century. He was also a fascinating, charismatic and irritating man. His philosophical ability was recognized almost immediately by Bertrand Russell and during his lifetime his work influenced first logical positivism and then ordinary language philosophy. Since then it has also become central in post-analytical philosophical thought. Beyond the world of academic philosophy it has inspired playwrights, poets, novelists, architects, filmmakers and biographers. *The A to Z of Wittgenstein's Philosophy* is intended for anyone who wants to know more about the philosophy and the life of this enigmatic thinker. The book contains an introductory overview of his life and work, a timeline of the major relevant events in and after his life, an extensive bibliography and above all an A-Z of ideas, people and places that have been involved in his philosophy and its reception. The dictionary is written with no particular agenda and includes entries on philosophers and others who influenced Wittgenstein, those he influenced in turn and some of the main figures in contemporary Wittgenstein scholarship. Suggestions for further reading are also included as well as a guide to the literature on Wittgenstein and a bibliography broken down by subject area.

Historical Dictionary of Wittgenstein's Philosophy Duncan Richter,2014-04-04 Ludwig Wittgenstein was the most influential and arguably the greatest philosopher of the 20th century. This fact about his influence is not only a matter of how much he influenced people but also of how many people he influenced. His early work was taken up by some of the pioneers of analytical philosophy. His later work helped spawn another movement within analytic philosophy, that of ordinary language philosophy, sometimes called Oxford philosophy. He is also considered by some to be a key postmodern thinker and an interest in his work is a distinguishing feature of many post-analytical philosophers who seek to bridge the gap between analytical and so-called continental philosophy. This second edition of *Historical Dictionary of Wittgenstein's Philosophy* covers the history of this philosophy through a chronology, an introductory essay and an extensive bibliography. The dictionary section has over 300 cross-referenced entries on every aspect of his work. This book is an excellent access point for students, researchers and anyone wanting to know more about Wittgenstein's philosophy.

Wittgenstein's Tractatus Peter M. Sullivan,Michael Potter,2013-02-28 These new studies of Wittgenstein's *Tractatus* represent a significant step beyond recent

polemical debate They cover a wide range of themes and show that close investigation into the composition of the work and into the various influences on it has much to yield in revealing the complexity and fertility of Wittgenstein's early thought

A Hundred Years of English Philosophy N. Milkov, 2013-11-11 This book is a historical investigation of the leading philosophical movement in England in the twentieth century In seven chapters the intellectual development of the most prominent representatives of analytic philosophy Moore Russell and Wittgenstein in Cambridge and Ryle Austin Strawson and Dummett in Oxford is traced The book does not aim however at delivering a story This means above all that generalisations and conclusions are reduced to a minimum an approach adopted in an endeavour to avert the danger of subjectivism that interpreting the philosophers under scrutiny would impose My hope is that by following this approach my investigation will stimulate readers to make their own generalisations and conclusions on the basis of the objectively presented data Instead my aim is to articulate a flawless comprehensive description of the philosophical texts of the seven most significant analytic philosophers in England in the twentieth century For this purpose all their articles and books have been sifted through in order to pick out the most representative parts For obvious reasons only the chapters on Russell and Wittgenstein and to a lesser extent the chapter on Moore are more theoretical *Wittgenstein's Enduring Arguments* Edoardo Zamuner, D. K. Levy, 2008-10-29 What is the enduring legacy of Wittgenstein's philosophy With chapters by leading Wittgenstein scholars this examines the place of Wittgenstein's philosophy in Twentieth century European philosophy

D.Z. Phillips' Contemplative Philosophy of Religion Andy F. Sanders, 2016-05-13 This collection presents a critical discussion and exploration of the late D Z Phillips contemplative approach in the philosophy of religion What are the main characteristics of this ground breaking approach which is inspired by thinkers like Kierkegaard and Wittgenstein and meant as a serious critical alternative to the mainstream way of doing philosophy of religion What is its aim if it is deliberately avoiding apology and defence of faith How does Phillips approach relate to systematic historical and empirical theology and is it really as neutral as he claims it to be Or is he perhaps a certain kind of theologian What are the implications of his contemplative philosophy for central issues of religious life today such as petitionary prayer the hope of eternal life and radical religious diversity The essays of six distinguished scholars from five different nations critically and sympathetically address these questions and are responded to by Phillips in essays of his own written briefly before his sudden death in July 2006

Aesthetics Literature and Life Carla Carmona, Jerrold Levinson, 2019-08-02T00:00:00+02:00 The complex relationship between life and the arts has always been a crucial topic in philosophical discourse The essays in this book discuss fundamental issues of modern and contemporary aesthetics drawing upon the work of the French philosopher Jean Pierre Cometti a key figure in the studies of aesthetics pragmatism and Austrian philosophy The volume covers a wide range of topics from the examination of fundamental principles of art and literary criticism to a new understanding of the Modernist notion of art It proposes an anthropological aesthetics using Musil's *The Man Without Qualities* or the analysis of literary

characters such as Tolstoj's Hadji Murat and Cervantes Don Quixote as a tool to cast light on themes in Wittgenstein's philosophy. Editors Carla Carmona and Jerrold Levinson have brought together renowned voices in the field of philosophy to offer a window onto Cometti's philosophical work as well as an in-depth analysis of contemporary artistic and aesthetic practices in an effort to overcome what can sometimes appear as a gulf between art and life.

Wittgenstein William Child, 2011-04-20 Ludwig Wittgenstein 1889-1951 is considered by most philosophers even those who do not share his views to be the most influential philosopher of the 20th century. His contributions to the philosophy of language, mind, meaning, and psychology as well as to logic, mathematics, and epistemology permanently altered the philosophical landscape, and his *Tractatus Logico-Philosophicus* and *Philosophical Investigations* continue to be studied in philosophy departments around the world. In this superb introduction and overview of Wittgenstein's life and work, William Child discusses Wittgenstein's early work *Tractatus Logico-Philosophicus* including his account of language and thought; Wittgenstein's subsequent rejection of some of the central doctrines of the *Tractatus*; Wittgenstein's later philosophy, intentionality, and rule-following; philosophy of mind and psychology in *Philosophical Investigations*; knowledge and certainty; and Wittgenstein's final work, philosophy of religion, the legacy and influence of Wittgenstein's ideas in philosophy and beyond. Including a chronology, glossary, and helpful conclusions to each chapter, *Wittgenstein* is essential reading for anyone coming to Wittgenstein's philosophy for the first time.

Wittgenstein's Later Philosophy Oswald Hanfling, 1989-06-23 Philosophy wrote Wittgenstein simply puts everything before us and neither explains nor deduces anything. Hanfling takes seriously Wittgenstein's declaration of what he was doing, emphasizing Wittgenstein's rejection of theory and explanation in favor of description alone. He demonstrates the importance of Wittgenstein's philosophy to long-standing problems about language, knowledge, the mind, and philosophy itself. The book exposes common misunderstandings about Wittgenstein and examines in detail the celebrated private language argument.

On Trust Gabriel Josipovici, 1999-01-01 Why is it only with the Romantics that suspicion—not just of motive but of the very tools of art, language, and form—has become so insistent?

BOOK JACKET *Sea of Faith* Don Cupitt, 2013-01-26 This text began in the 1860s as a phrase from Matthew Arnold's picture of the decline of religion as the retreat of the tide on Dover's beach. The book has had a significant impact for its account of historical developments and its presentation of Christian non-realism.

Perspectives on Wittgenstein's Unsayable Kali Charan Pandey, **Wittgenstein's Liberatory Philosophy** Rupert Read, 2020-11-24 In this book, Rupert Read offers the first outline of a resolute reading following the highly influential New Wittgenstein school of the *Philosophical Investigations*. He argues that the key to understanding Wittgenstein's later philosophy is to understand its liberatory purport. Read contends that a resolute reading coincides in its fundamentals with what building on ideas in the later Gordon Baker he calls a liberatory reading. Liberatory philosophy is philosophy that can liberate the user from compulsive and destructive patterns of thought, freeing one for possibilities that were previously obscured. Such liberation is our prime goal in philosophy. This book consists in a sequential

reading along these lines of what Read considers the most important and controversial passages in the Philosophical Investigations 1 16 43 95 116 122 130 3 149 151 186 198 201 217 and 284 6 Read claims that this liberatory conception is simultaneously an ethical conception The PI should be considered a work of ethics in that its central concern becomes our relation with others Wittgensteinian liberations challenge widespread assumptions about how we allegedly are independent of and separate from others Wittgenstein s Liberatory Philosophy will be of interest to scholars and advanced students working on Wittgenstein and to scholars of the political philosophy of liberation and the ethics of relation Volume 8, Tome I: Kierkegaard's International Reception - Northern and Western Europe Jon Stewart, 2016-12-05 Although Kierkegaard s reception was initially more or less limited to Scandinavia it has for a long time now been a highly international affair As his writings were translated into different languages his reputation spread and he became read more and more by people increasingly distant from his native Denmark While in Scandinavia the attack on the Church in the last years of his life became something of a cause célèbre later many different aspects of his work became the object of serious scholarly investigation well beyond the original northern borders As his reputation grew he was co-opted by a number of different philosophical and religious movements in different contexts throughout the world The three tomes of this volume attempt to record the history of this reception according to national and linguistic categories Tome I covers the reception of Kierkegaard in Northern and Western Europe The articles on Denmark Norway Sweden Finland and Iceland can be said to trace Kierkegaard s influence in its more or less native Nordic Protestant context Since the authors in these countries with the exception of Finland were not dependent on translations or other intermediaries this represents the earliest tradition of Kierkegaard reception The early German translations of his works opened the door for the next phase of the reception which expanded beyond the borders of the Nordic countries The articles in the section on Western Europe trace his influence in Great Britain the Netherlands and Flanders Germany and Austria and France All of these countries and linguistic groups have their own extensive tradition of Kierkegaard reception **The Creation of Wittgenstein** Thomas H. Wallgren, 2023-02-23 Making extensive use of unique archival resources this collection presents for the first time an in depth study of the work and influence of Wittgenstein s original literary heirs Rush Rhees Elizabeth Anscombe and Georg Henrik von Wright as editors of Wittgenstein s posthumous writings Presenting philosophical portraits of Rhees Anscombe and von Wright a team of international contributors provide a history of their collaboration and discuss how the individual philosophical views of the literary heirs shaped what we now know as the works of Wittgenstein They consider the link between philosophically relevant aspects of their biography their friendship with Wittgenstein and the development of their philosophical personalities offering us a new appreciation of the dynamics of their editorial collaboration and how each of the heirs worked individually as an editor to create Wittgenstein s philosophy Each chapter reveals what the editors did to enrich and shape our understanding of Wittgenstein s philosophical contribution on topics such as rule following logical necessity

aesthetics and the methods and aims of philosophy This thorough critical analysis of the editorial history of Wittgenstein's works allows us to finally appreciate the profound impact the editors have had on our understanding of his philosophy his views and his cultural significance

Signs of Sense Eli FRIEDLANDER, Eli Friedlander, 2009-06-30 This work seeks to shed light on one of the most enigmatic masterpieces of twentieth century thought At the heart of Eli Friedlander's interpretation is the internal relation between the logical and the ethical in the Tractatus a relation that emerges in the work of drawing the limits of language Bearing on the question of the divide between analytic and Continental philosophy this interpretation views Wittgenstein's work as a possible mediation between these two central philosophical traditions of the modern age

Wittgenstein's Art of Investigation Beth Savickey, 2002-01-22 Wittgenstein's Art of Investigation is one of the first to focus on and provide an original and detailed analysis of Wittgenstein's grammatical investigations Beth Sarkey offers us new insight into the historical context and influences on method which will help students understand the intricacies and depth of his work

This is likewise one of the factors by obtaining the soft documents of this **Ludwig Wittgenstein Personal Recollections** by online. You might not require more period to spend to go to the book creation as without difficulty as search for them. In some cases, you likewise get not discover the revelation Ludwig Wittgenstein Personal Recollections that you are looking for. It will categorically squander the time.

However below, when you visit this web page, it will be suitably agreed easy to get as skillfully as download lead Ludwig Wittgenstein Personal Recollections

It will not say yes many times as we explain before. You can reach it though deed something else at home and even in your workplace. for that reason easy! So, are you question? Just exercise just what we provide below as competently as review **Ludwig Wittgenstein Personal Recollections** what you subsequently to read!
