Majesty Of The Felicianas:

The Majesty of the Felicianas Malone, Lee, East Feliciana and West Feliciana Parishes in Louisiana contain some of the finest examples of antebellum architecture in the country Before the Civil War wealthy planters of the region competed with each other to build the most spectacular houses and the most elaborate gardens Though war and neglect have done their damage many of the magnificent houses remain shaded by towering live oak trees and surrounded by broad lawns and lush gardens Now master photographer Paul Malone captures the startling beauty of the old homes of the Felicianas in a series of dazzling color pictures while Lee Malone tells the fascinating stories of the houses in *The Majesty of the Felicianas* Some 175 beautiful color photographs reveal the marvellous architecture of the buildings devoting special attention to the restored interiors and elegant furnishings More than thirty stately homes are presented including Asphodel Live Oak Wildwood Parlange and Rosale This book can be used both as a guide for visitors to the Felicianas and as a book for connoisseurs of fine architecture

A Place to Live in Peace Evelyn L. Wilson, 2024-05-28 A Place to Live in Peace Free People of Color in West Feliciana Parish Louisiana reveals a community where free people of color lived harmoniously with white people even as slavery persisted Author Evelyn L Wilson documents the presence land ownership business development and personal relationships of free people of color in this Louisiana parish In the last decade before the Civil War tensions over slavery in West Feliciana Parish Louisiana led to the separation of free people of color from their white counterparts But until the 1850s free people of color had lived and thrived there The free people of color who inhabited West Feliciana Parish were not a settled population with a common background or a long history of freedom Some entered the parish already free others purchased their freedom while others had been freed by slaveholders for differing reasons Regardless of how they arrived in the parish they found themselves in a community that valued the talents and skills they had to offer without regard to the color of their skin These individuals were integrated into their community lived among white neighbors provided needed services and owned successful businesses Using extensive archival research including court records government documents legal citations and periodicals Wilson interprets the lives experiences and contributions of free people of color in West Feliciana Parish The integral role that these free people of color played in the parish complicates common understandings of the antebellum South

John James Audubon Richard Rhodes,2006-04-11 John James Audubon came to America as a dapper eighteen year old eager to make his fortune He had a talent for drawing and an interest in birds and he would spend the next thirty five years traveling to the remotest regions of his new country often alone and on foot to render his avian subjects on paper The works of art he created gave the world its idea of America They gave America its idea of itself Here Richard Rhodes vividly depicts Audubon s life and career his epic wanderings his quest to portray birds in a lifelike way his long anguished separations from his adored wife his ambivalent witness to the vanishing of the wilderness John James Audubon The Making of an American is a magnificent achievement

Robert W. Tebbs, Photographer to Architects Richard Anthony Lewis,2011-12-05 One of the finest architectural photographers in America Robert W Tebbs produced the first photographic survey of Louisiana s plantations in 1926 From those images now housed in the Louisiana State Museum and not widely available until now 119 plates showcasing fifty two homes are featured here Richard Anthony Lewis explores Tebbs s life and career situating his work along the line of plantation imagery from nineteenth century woodcuts and paintings to later twentieth century photographs by John Clarence Laughlin among others

Providing the family lineage and construction history of each home Lewis discusses photographic techniques Tebbs used in his alternating panoramic and detail views A precise documentarian Tebbs also reveals a poetic sensibility in the plantation photos His frequent emphasis on aspects of decay neglect incompleteness and loss lends a wistful aura to many of the images an effect compounded by the fact that many of the homes no longer exist This noticeable vacillation between objectivity and sentiment Lewis shows suggests unfamiliarity and even discomfort with the legacy of slavery Poised on the brink of social and political reforms Louisiana in the mid 1920s had made significant strides away from the slave based agricultural economy that the plantation house often symbolized Tebbs s Louisiana plantation photographs capture a literal and cultural past reflecting a burgeoning national awareness of historic preservation and presenting plantations to us anew Select plantations included Ashland Belle Helene Avery Island Belle Chasse Belmont Butler Greenwood L Hermitage Oak Alley Parlange Ren Beauregard House Rosedown Seven Oaks Shadows on the Teche The Shades and Waverly *Visions of the Vieux Carre* Kerri McCaffety,2013-09-10 The French Quarter has placed countless tourists and locals under its spell for centuries From iconic sites like the St Louis Cathedral to elegant early nineteenth century private residences this striking collection of photographs reveals the vibrant and majestic world of the Vieux Carr With 30 color photographs and full captions this work transports you through the Quarter s most classic sites and hidden courtyards to uncover the true enchanting spirit of the city **The Felicianas** William Lemuel Greene,2005 *American Duroc-Jersey Record* American Duroc-Jersey Association,1917 *The Publishers Weekly* ,1988 **Louisiana Architecture, 1714-1820** Fred Daspit,2004 Louisiana Architecture 1714 1820 examines major and minor architectural structures throughout Louisiana Mississippi from Port Gibson to the Gulf Coast and several French settlements in the Upper Mississippi Valley Organized chronologically it begins with aboriginal structures and continues onto early constructions built by the French in Louisiana It advances to discuss the founding of New Orleans in 1720 and ends with structures in Baton Rouge A glossary maps of the Louisiana Purchase specific city maps and different routes for interested readers to explore significant structures are also included Louisiana Architecture, 1714-1830 Fred Daspit,1996 **St. Francisville and West Feliciana Parish** Anne Butler,Norman Ferachi,2014-12-01 Situated where the rugged Tunica Hills skirt the Mississippi River St Francisville began as part of Spanish West Florida in the early 1800s The first settlers were adventurous Anglos who rebelled against Spain established a short lived independent republic stopped the Civil War to bury a Union officer and planted vast acres of indigo cotton and cane In the 1900s St Francisville became the cultural and commercial center of the surrounding plantation country Today overlooking the river from atop a high narrow ridge two miles long and two yards wide it remains the West Feliciana parish seat Tourists visit its picturesque downtown a lively Main Street Community and National Register Historic District Antebellum plantations and gardens draw tourists year round and the unique hilly terrain provides unsurpassed recreational opportunities for hiking bicycling birding hunting and nature studies Ever since John James Audubon painted
