Major Smith's Box A Cold War:

Major Smith's Box Klaus Brauer, 2002-07 The Cold War must be the least deeply understood struggle of the 20th century With operations concealed within a labyrinth of secrets marked by sabotage and terrorism it was an era the military participants called peacetime with no sense of irony When one day in one hundred took them far from any peace their memory of it seemed to vanish in a matter of hours They went home at the end of those days on the edge smiled at the ones they loved spoke about the trivial and revealed nothing The soul of Major Smith's Box is a young Dutch woman through whom the emotional toll taken by years of secrets is revealed most clearly The knowledge of mortality rarely evidenced in the military characters is voiced honestly through her Her partner is a German American assigned to the Belgian Air Force as a maintenance officer an assignment directed by the intelligence community to provide the Belgians a reconnaissance systems operator who understood both German and Russian His role in reconnaissance flights over Eastern Europe remains secret for several years until a mission goes badly True to a time of personal and military lives being tightly intertwined Major Smith's Box is a love story indicative of the era as much as a novel unveiling a little known aspect of history The book paints an intimate picture of life in the Low Countries during some of the darkest days of the Cold War [BRIXMIS and the Secret Cold War](#) Andrew Long, 2024-09-30 A detailed account of British intelligence operations in Cold War East Germany revealing Soviet and East German military secrets from 1946 to 1990 The German Democratic Republic or East Germany was the frontline in the Cold War packed with hundreds of thousands of Soviet and East German troops armed with the latest Warsaw Pact equipment lined up along the 1 400 km Inner German Border However because of the repressive East German police state little human intelligence about these forces reached the West Who were they Where were they located What were they doing How were they equipped What were their intentions NATO was lined up in West Germany to face these forces and relied on getting up to date intelligence to warn of any threat Indicators of Hostility that could be a precursor to an invasion BRIXMIS the British Commanders in Chief Mission to the Soviet Forces in Germany was on hand to provide that intelligence Thanks to an obscure 1946 agreement between the British and Soviets that established liaison missions in their respective zones of occupation the British were able to send highly qualified military observers into East Germany to roam relatively freely and keep an eye on what was going on What started as liaison a point of contact between the British and Soviet occupation forces developed into a very sophisticated intelligence collection operation sending tours out every day of the year between 1946 and when the Mission closed in 1990 These tours were undertaken in high performance highly modified marked vehicles with personnel in uniform and unarmed apart from professional photographic equipment and occasionally some top secret gadgets from the boffins back in the UK They joined their French and American colleagues in snooping around the opposition photographing military bases equipment and maneuvers and trying to evade capture by the secret police and counterintelligence units They faced danger and violence daily but thanks to their bravery and professionalism the

West had accurate and up to date information on what was happening in East Germany which helped keep the peace all that time This is the story of this little known unit and their exploits behind enemy lines *The Cold War: Cold War espionage and spying* Lori Lyn Bogle,2001 This volume is a comprehensive collection of critical essays on *The Taming of the Shrew* and includes extensive discussions of the play s various printed versions and its theatrical productions Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play The issues discussed include gender authority female autonomy and unruliness courtship and marriage language and speech and performance and theatricality *Informal Alliance* Thomas Gijswijt,2018-09-03 *Informal Alliance* is the first archive based history of the secretive Bilderberg Group the high level transatlantic elite network founded at the height of the Cold War Making extensive use of the recently opened Bilderberg Group archives as well as a wide range of private and official collections it shows the significance of informal diplomacy in a fast changing world of Cold War decolonization and globalization By analyzing the global mindset of the postwar transatlantic elite and by focusing on private transnational modes of communication and coordination this study provides important new insights into the history of transatlantic relations anti Americanism Western anti communism and European integration during the 1950s and 1960s *Informal Alliance* also debunks the persistent myth that the Bilderberg Group was created by the CIA and repudiates widespread conspiracy theories alleging that Bilderberg was some sort of secret world government *From Hot War to Cold* Jeffrey G. Campaigning Culture and the Global Cold War Giles Scott-Smith, Charlotte A. Lerg, 2017-07-24 This book explores the lasting legacy of the controversial project by the Congress for Cultural Freedom funded by the CIA to promote Western culture and liberal values in the battle of ideas with global Communism during the Cold War One of the most important elements of this campaign was a series of journals published around the world Encounter Preuves Quest Mundo Nuevo and many others involving many of the most famous intellectuals to promote a global intellectual community Some of them such as Minerva and China Quarterly are still going to this day This study examines when and why these journals were founded who ran them and how we should understand their cultural message in relation to the secret patron that paid the bills

The CIA and the Congress for Cultural Freedom in the Early Cold War Sarah Miller Harris, 2016-08-05 This book questions the conventional wisdom about one of the most controversial episodes in the Cold War and tells the story of the CIA's backing of the Congress for Cultural Freedom For nearly two decades during the early Cold War the CIA secretly sponsored some of the world's most feted writers philosophers and scientists as part of a campaign to prevent Communism from regaining a foothold in Western Europe and from spreading to Asia By backing the Congress for Cultural Freedom the CIA subsidized dozens of prominent magazines global congresses annual seminars and artistic festivals When this operation QKOPERA became public in 1967 it ignited one of the most damaging scandals in CIA history Ever since then many accounts have argued that the CIA manipulated a generation of intellectuals into lending their names to pro American anti Communist ideas Others have suggested a more nuanced picture of the relationship between the Congress and the CIA with intellectuals sometimes resisting the CIA's bidding Very few accounts however have examined the man who held the Congress together Michael Josselson the Congress's indispensable manager and secretly a long time CIA agent This book fills that gap Using a wealth of archival research and interviews with many of the figures associated with the Congress this book sheds new light on how the Congress came into existence and functioned both as a magnet for prominent intellectuals and as a CIA operation This book will be of much interest to students of the CIA Cold War History intelligence studies US foreign policy and International Relations in general
