Egypt's Other Wars Nancy Elizabeth Gallagher,2021-10-29 Three devastating epidemics swept Egypt in the 1940 s killing more people than all the wars Egypt has fought in the twentieth century Egypt s Other Wars vividly reconstructs the nation s struggle against malaria relapsing fever and cholera and explores the unique combination of forces that put public health at the top of the national political agenda Egypt in the 1940 s as in the throes of a nationalist upheaval Nationalists of all political ideologies attributed the sever epidemics that the country was experiencing to Egypt s status as an underdeveloped and colonized nation The epidemics were therefore viewed for the first time as not only a public health crisis but also a political problem that called for a political solution

The Boy's Miscellany ,1864 *Egypt's Housing Crisis* Yahia Shawkat,2020-09-08 A provocative analysis of the roots of Egypt s housing crisis and the ways in which it can be tackled Along with football and religion housing is a fundamental cornerstone of Egyptian life it can make or break marriage proposals invigorate or slow down the economy and popularize or embarrass a ruler Housing is political Almost every Egyptian ruler over the last eighty years has directly associated himself with at least one large scale housing project It is also big business with Egypt currently the world leader in per capita housing production building at almost double China s rate and creating a housing surplus that counts in the millions of units Despite this Egypt has been in the grip of a housing crisis for almost eight decades From the 1940s onward officials deployed a number of policies to create adequate housing for the country s growing population By the 1970s housing production had outstripped population growth but today half of Egypt s one hundred million people cannot afford a decent home Egypt s Housing Crisis takes presidential speeches parliamentary reports legislation and official statistics as the basis with which to investigate the tools that officials have used to solve the housing crisis rent control social housing and amnesties for informal self building as well as the inescapable reality of these policies outcomes Yahia Shawkat argues that wars mass displacement and rural urban migration played a part in creating the problem early on but that neoliberal deregulation crony capitalism and corruption and neglectful planning have made

things steadily worse ever since In the final analysis he asks is affordable housing for all really that hard to achieve **The**
