Making Of Man:

On the Making of Man Saint Gregory of Nyssa, 2024-05-22 Delve into the profound theological insights of early Christianity with *On the Making of Man* by Saint Gregory of Nyssa. This seminal work by one of the most influential Church Fathers offers a deep and contemplative exploration of human nature, creation, and the divine purpose behind human existence. Drawing upon the rich traditions of Christian theology and philosophy, Saint Gregory of Nyssa presents a series of insightful reflections on the nature of man, the process of creation, and the relationship between the Creator and the created. Through his eloquent and thought-provoking prose, Gregory examines the spiritual and physical aspects of humanity, the significance of the soul, and the ultimate purpose of human life. At the heart of *On the Making of Man* is Gregory's profound belief in the inherent dignity and worth of human beings as creations of God. With clarity and wisdom, he addresses fundamental questions about the origin, nature, and destiny of humanity, offering timeless insights that continue to resonate with readers today. More than just a theological treatise, *On the Making of Man* is a spiritual guide that invites readers to contemplate the mysteries of existence and their place in the divine order. Saint Gregory's timeless wisdom provides a foundation for understanding the profound connection between faith, reason, and the human experience. Whether you are a student of theology, a seeker of spiritual wisdom, or simply someone interested in the profound questions of life, *On the Making of Man* offers invaluable insights and inspiration. Let Saint Gregory of Nyssa be your guide as you explore the depths of human nature and the divine purpose with *On the Making of Man*.

On the Making of Man St Gregory of Nyssa, 2015-12-06 *On the Making of Man* was intended to supplement and complete the *Hexameron* of St Basil and it presupposes an acquaintance with that treatise. The narrative of the creation of the world is not discussed in detail; it is referred to but chiefly in order to insist on the idea that the world was prepared to be the sphere of man's sovereignty. On the other hand, Gregory shows that man was made with circumspection, fitted by nature for rule over the other creatures made in the likeness of God in respect of various moral attributes and in the possession of reason, while differing from the Divine nature in that the human mind receives its information by means of the senses and is dependent on them for its perception of external things. The body is fitted to be the instrument of the mind, adapted to the use of a reasonable being, and it is by the possession of the rational soul as well as of the natural or vegetative and the sensible soul that man differs from the lower animals.

Lambert, 1996 These Northern Native Women survive in spite of the harshness of their lives in the boreal forest and tundra. They care for and deliver newborn infants far from cities, clinics, hospitals, malls, and pharmacies. Throughout history, women have healed one another. Among Native Peoples, oral histories and traditional storytelling have always been essential to cultural survival. In this book, thirteen Northern Native women relate their experiences as survivors of breast cancer. They speak about how they adapted to the disease and look in

particular at the ties they have built with family friends and their environment The book also examines the clashing and blending of medical technology with traditional Native healing methods An unusual and unique book **Theological**
