Small Gardens, and How to Make the Most of Them Violet Purton Biddle, 2021-04-25 In *Small Gardens and How to Make the Most of Them* Violet Purton Biddle presents a compelling exploration of the art and science of cultivating intimate green spaces. Through a blend of practical advice, aesthetic principles and personal anecdotes, Biddle examines the potential of small gardens to serve not only as havens of beauty but also as extensions of one's home. Her writing is marked by an engaging and approachable style catering to both novice gardeners and seasoned horticulturists while situating her work within the broader context of early 20th century gardening literature which increasingly embraced the notion that gardens regardless of size could reflect the owner's individuality and creativity. Violet Purton Biddle, a prolific writer and passionate gardener, draws from her own experiences and observations to craft this guide. Having grown up in a time when urbanization threatened green spaces, Biddle's insights are both timely and timeless, reflecting her belief in the transformative power of gardens. Her background in landscape architecture and her deep appreciation for nature strongly influenced her perspective as she advocates for the sustainable and innovative use of limited outdoor spaces. For anyone seeking to enhance their small garden or to cultivate the spirit of gardening in minimal spaces, Biddle's book serves as an indispensable resource.
