Making And Remaking Of Christian Doctrine:

The Making and Remaking of Christian Doctrine Sarah Coakley, David Arthur Pailin, 1993 Maurice Wiles was Regius Professor of Divinity at the University of Oxford from 1970 1991 To celebrate his seventieth birthday a group of distinguished friends and colleagues have written this important series of original and perceptive essays on the twin themes of making and remaking Christian doctrine The topics covered in this thought provoking collection range from the notion of divine action in Hebrew Wisdom literature to reflections on the nature of the ministry from the concept of God and the doctrines of Christology and of the Trinity to the character of theological reflection and from revelation and tradition to the *lex orandi* the nature of interpretation in religion and the historical basis of theological understanding

The Formation of Christian Doctrine Malcolm B. Yarnell, Malcolm B. Yarnell, III, 2007 The Formation of Christian Doctrine is an advanced academic study of how Christian doctrine develops distinguishing in particular between scholarly term *inventio* and less revelatory process of invention

The Life of Christian Doctrine Mike Higon, 2020-07-09 The lives of Christian churches are shaped by doctrinal theology That is they are shaped by practices in which ideas about God and God's ways with the world are developed discussed and deployed This book explores those practices and asks why they matter for communities seeking to follow Jesus Taking the example of the Church of England this book highlights the embodied affective and located reality of all doctrinal practices and the biases and exclusions that mar them It argues that doctrinal theology can in principle help the church know God better even though doctrinal theologians do not know God better than their fellow believers It claims that it can help the church to hear in Scripture challenges to its life including to its doctrinal theology It suggests that doctrinal disagreement is inevitable but that a better quality of doctrinal disagreement is possible And finally it argues that by encouraging attention to voices that have previously been ignored doctrinal theology can foster the ongoing discovery of God's surprising work

Doing Theology Today Schubert M. Ogden, 2006-07-01 Here is an essential handbook for all those who would do theology today written by one of America's most distinguished theologians The book is divided into four parts Theology of Theology which extends deepens and renders more persuasive the author's lines of thought on theological prolegomena Theology and Christology which argues that to do theology today one must be concerned above all with the fundamental questions of God and Jesus Theology of Religions which implies that to do theology today is to do it in a truly global context in the presence of the plurality of ways of being human including those represented by non Christian religions Theology in Conversation which claims that to do theology today is to enter into close and sustained conversation with others who either are or have been engaged in the same task of critical reflection

The Nature of Christian Doctrine Alister E. McGrath, 2024 Alister E McGrath provides a fresh and engaging account of the origins development and abiding importance of Christian doctrine The book explores why Christianity developed doctrines in the first place and why doctrines continue to be vital to the present and future of Christian communities

On Rowan Williams Matheson Russell, 2009-01-01

Theologian poet public intellectual and clergyman Rowan Williams is one of the leading lights of contemporary British theology. He has published over twenty books and one hundred scholarly essays in a distinguished career as an academic theologian that culminated in his appointment as Lady Margaret Professor of Divinity at Oxford University. Williams left this post to serve in the Anglican Church first as Bishop of Monmouth then Archbishop of Wales before finally being enthroned in 2003 as the 104th Archbishop of Canterbury. In this collection of essays a talented younger generation of Australian theologians critically analyzes the themes that bind together Williams's theology. These sympathetic yet probing essays traverse the full breadth of Williams's work from his studies on Arius the Desert Fathers Hegel and Trinitarian theology to his more pastoral writings on spirituality sexuality politics and the Anglican Church. *Rowan Williams* Rupert

Shortt, 2003-09-01 The first occupant of Lambeth Palace in several generations with an international reputation as a theologian he is nevertheless often considered a difficult writer more admired than read and understood. Many people remain puzzled by how his social radicalism can coexist with a reputation for orthodoxy in doctrine. Rowan Williams: An Introduction is the first thorough account of the Archbishop's career and evolution as a thinker. A long biographical chapter is followed by three further sections on key aspects of Williams's theology spirituality and politics. The result is a sympathetic but not uncritical profile of a leader with unmatched talents for enhancing dialogue between Christianity and secular culture.

Oliver Quick and the Quest for a Christian Metaphysic Alexander J. Hughes, 2016-03-03 Oliver Chase Quick 1885-1944 was one of the foremost and most widely read British theologians of his day. Oliver Quick and the Quest for a Christian Metaphysic presents the first major study of his work. Exploring Quick's understanding of the task of theology his Christology sacramental theology and doctrine of God Hughes explains Quick's attempt to restructure the idea of divine transcendence. Expanding the narrative of twentieth century historical theology this book draws conclusions about shifts in English theology in the last century particularly the persistence and vitality of a philosophically oriented Anglican theology. Offering fresh insights into twentieth century English theology and its leading figures this book will also appeal to those with an interest in philosophical theology systematic theology and Christian doctrine. **Theology and Contemporary Critical Theory**

Graham Ward, 1996-09-06 Graham Ward examines the core skills approaches and concepts employed in the study of theology and relates them to the work of relevant critical theorists. Distinguishing theology's concern with representation history ethics and the experience of transcendence the book then reviews the work of two or three particular postmodern thinkers whose ideas challenge the traditional ways theology has handled these concerns. The book suggests the way in which the study of theology may be transformed through a developed engagement with contemporary critical theory. **Novel**

Theology Darren J. N. Middleton, 2000 Literature and theology constantly deconstruct each other. Suggesting that this deconstructive assignment is one that cannot but be in process itself Middleton returns to it throughout his study. Prayer: A Guide for the Perplexed Ashley Cocks, 2018-07-12 Central to the Christian life is the practice of prayer. But what

theologically speaking is going on when we pray What does prayer have to do with religious belief and action Does prayer make a difference Prayer A Guide for the Perplexed addresses these and other key questions regarding the Christian theology of prayer Beginning with Evagrius of Ponticus's On Prayer Ashley Cocksworth finds in this early document a profound expression of the integrity of the experience of prayer and theological thought Seeking throughout to integrate systematic theology and the spirituality of prayer individual chapters explore the meaning of some of the core doctrines of lived Christian faith the Trinity creation providence and the Christian life as they relate to the practice of prayer Complete with an annotated bibliography of sources on prayer to promote further reading this volume appeals to academics and general readers alike

The Closing of the Western Mind Charles Freeman, 2007-12-18 A radical and powerful reappraisal of the impact of Constantine's adoption of Christianity on the later Roman world and on the subsequent development both of Christianity and of Western civilization When the Emperor Constantine converted to Christianity in 368 AD he changed the course of European history in ways that continue to have repercussions to the present day Adopting those aspects of the religion that suited his purposes he turned Rome on a course from the relatively open tolerant and pluralistic civilization of the Hellenistic world towards a culture that was based on the rule of fixed authority whether that of the Bible or the writings of Ptolemy in astronomy and of Galen and Hippocrates in medicine Only a thousand years later with the advent of the Renaissance and the emergence of modern science did Europe begin to free itself from the effects of Constantine's decision yet the effects of his establishment of Christianity as a state religion remain with us in many respects today Brilliantly wide ranging and ambitious this is a major work of history

Heavenly Bodies Sigurdson, 2016 Deep and wide study of 2 000 years of Christian thought on the human body Does Christianity scorn our bodies Friedrich Nietzsche thought so and many others since him have thought the same Ola Sigurdson contends to the contrary that Christianity understood properly in fact affirms human embodiment Presenting his constructive contributions to theology in relation to both historical and contemporary conceptions of the body Sigurdson begins by investigating the anthropological implications of the doctrine of the incarnation He then delves into the concept of the gaze and discusses a specifically Christian gaze of faith that focuses on God embodied in Jesus Finally he weaves these

strands into a contemporary Christian theology of embodiment Sigurdson s profound engagement with the whole history of Christian life and thought not only elucidates the spectrum of Christian perspectives on the body but also models a way of thinking historically and systematically that other theologians will find stimulating and challenging **The Spirit of God and the Christian Life** JinHyok Kim,2014 Revision of author s thesis Ph D University of Oxford 2012 under title The spirit of God and the Christian life a constructive study of Karl Barth s pneumatology with special reference to his incomplete doctrine of redemption *The Tradition of Liberal Theology* Michael Langford,2014-01-20 Describes and defends a long standing tradition that maintains a proper balance between religious faith and human rationality Many of the early apologists including Justin Martyr and Origen presented a defense of the Christian faith that sought to combine the message of the Gospels with respect for the kind of rationality associated with Socrates and his followers Michael Langford argues that despite many misunderstandings the term liberal theology can properly be used to describe this tradition Langford s *Tradition of Liberal Theology* begins with a historical and contemporary definition of liberal theology and identifies eleven typical characteristics such as a nonliteralist approach to interpreting Scripture a rejection of original guilt and the joint need for faith and works Langford then gives vignettes of thirteen historical Christian figures who personify the liberal tradition Finally he explores some contemporary alternatives to liberal theology fundamentalism the Catholic magisterium Karl Barth s theology and presents a rational defense of the tradition of liberal theology **Oxford Dictionary of National Biography 2005-2008** Lawrence Goldman,2013-03-07 Who made modern Britain This book drawn from the award winning Oxford Dictionary of National Biography tells the story of our recent past through the lives of those who shaped national life Following on from the Oxford DNB s first supplement volume noteworthy people who died between 2001 and 2004 this new volume offers biographies of more than 850 men and women who left their mark on twentieth and twenty first century Britain and who died in the years 2005 to 2008 Here are the people responsible for major developments in national life from politics the arts business technology and law to military service sport education science and medicine Many are closely connected to specific periods in Britain s recent history From the 1950s the young Harold Pinter or the Yorkshire cricketer Fred Trueman for example From the Sixties the footballer George Best photographer Patrick Lichfield and the Pink Floyd musician Syd Barrett It s hard to look back to the 1970s without thinking of Edward Heath and James Callaghan who led the country for seven years in that turbulent decade or similarly Freddie Laker pioneer of budget air travel and the comedians Ronnie Barker and Dave Allen who entertained with their sketch shows and sit coms A decade later you probably browsed in Anita Roddick s Body Shop or danced to the music of Factory Records established by the Manchester entrepreneur Tony Wilson In the 1990s you may have hoped that Things can only get better with a New Labour government which included Robin Cook and Mo Mowlam Many in this volume are remembered for lives dedicated to a profession or cause Bill Deedes or Conor Cruise O Brien in journalism Ned Sherrin in broadcasting or indeed Ted Heath whose political career spanned more

Christology From Within and Ahead Mark Chan, 2021-10-01 Troeltsch's struggle with historicism sets the stage for a proposal that Christology be done from within and from ahead Gadamer's philosophical

hermeneutics and Schleiermacher's experiential theology inform a Christology from within that is rooted in tradition and experience while Pannenberg's notion of proleptic eschatological fulfilment serves as resource for a Christology from ahead. This volume develops a hermeneutical Christology that takes into account the historical contingency of knowledge and seeks a Christology beyond the objectivism of timeless truth and the relativism of absolutised contextuality. The book is concluded with an examination of the convergence of critical traditionality, experiential appropriation and eschatological prolepsis in the Christology of the apostle Paul. The author explores how Christology might respond to the scandal of universality in postmodernity without defaulting on its claim to transcontextual referentiality.

Befriending Scripture Jonathan Rowlands, 2025-10-16

What are the unspoken assumptions that animate and give rise to current discussions about theological hermeneutics? What cultures of reading are currently at play in the Church and the academy? What cultures of reading ought to be at play? In *Befriending Scripture* Jonathan Rowlands suggests that much modern biblical hermeneutics has paid insufficient attention to the foundations of theological reading. For theological interpretation to make meaningful progress in both methodology and results, the very foundations of what it means to read and to read theologically must be examined and articulated afresh. In this detailed and wide-ranging work, Rowlands addresses various topics relating to the Scripture's reading in the Church, including questions of Scripture's ontology, biblical hermeneutics, literary theory, antisemitism, historiography and spiritual formation, amongst others. By rethinking Theological Interpretation of Scripture from its very foundations, Rowlands mediates between historical and theological approaches. In doing so, he offers a vision for theological reading that bridges the continuing disciplinary divide between biblical studies and systematic theology.
