Making It In Washington:

Making It in Washington Dave Oliver, 2003 This 180 page book is for those people who endeavor to run the United States those who help them as well as students of government and management There are suggestions and recommendations on different aspects of preparing to serve as well as what any person needs to learn and do in order to be successful in Washington In addition separate chapters are devoted to significant players in the National Capitol including the Press the White House Congress Career Civil Servants Military and the Industry *Washington* Fergus Bordewich, 2008-05-06 Washington D C is home to the most influential power brokers in the world But how did we come to call D C a place one contemporary observer called a mere swamp producing nothing except myriads of toads and frogs of enormous size a district that was strategically indefensible captive to the politics of slavery and a target of unbridled land speculation our nation s capital In Washington acclaimed and award winning author Fergus M Bordewich turns his eye to the backroom deal making and shifting alliances between our Founding Fathers and in doing so pulls back the curtain on the lives of slaves who actually built the city The answers revealed in this eye opening book are not only surprising and exciting but also illuminate a story of unexpected triumph over a multitude of political and financial obstacles including fraudulent real estate speculation overextended financiers and management more apt for a banana republic than an emerging world power In this page turning work that reveals the hidden and somewhat unsavory side of the nation s beginnings Bordewich once again brings his novelist s sensibility to a little known chapter in American history **Journal** Pennsylvania. General Assembly. House of Representatives, 1923 *Federal Register* , 1980-02-04 **House documents** , 1895 *Supreme Court Decision-Making* Cornell W. Clayton, Howard Gillman, 1999 What influences decisions of the U S Supreme Court For decades social scientists focused on the ideology of individual justices Supreme Court Decision Making moves beyond this focus by exploring how justices are influenced by the distinctive features of courts as institutions and their place in the political system Drawing on interpretive historical institutionalism as well as rational choice theory a group of leading scholars consider such factors as the influence of jurisprudence the unique characteristics of supreme courts the dynamics of coalition building and the effects of social movements The volume s distinguished contributors and broad range make it essential reading for those interested either in the Supreme Court or the nature of institutional politics Original essays contributed by Lawrence Baum Paul Brace Elizabeth Bussiere Cornell Clayton Sue Davis Charles Epp Lee Epstein Howard Gillman Melinda Gann Hall Ronald Kahn Jack Knight Forrest Maltzman David O Brien Jeffrey Segal Charles Sheldon James Spriggs II and Paul Wahlbeck *The World To-day* , 1909 **Monthly Catalog of United States Government Publications** United States.
