New Music The Avant Garde Since 1945:

The New Music Reginald Smith Brindle, 1975 A concise picture of the more adventurous evolutions of music since 1945 marking the path of avant garde development *The New Music* Reginald Smith Brindle, 1987 This guide to the more adventurous evolutions of music since 1945 pointillism post Webernism integral serialism free dodecaphony aleatory and indeterminate music graphics musique concrete electronic music and theatre music was first published in 1975 and has been reprinted several times For this second edition Smith Brindle has added a new chapter reviewing developments over the decade since first publication He discusses the decline of experimentalism and the reaction against increasing cerebralism and complexity as variously illustrated by the more recent works of Stockhausen the minimalist works of Reich and Glass and the partial return to romanticism He also reviews the technological revolution which has taken place in computer music and concludes that the future of music will for the time being be most closely associated with technological change and development rather than with radical changes in compositional techniques *The New Music : the Avant-garde Since 1945* Reginald Smith Brindle, 1987 The new music Reginald Smith Brindle, 1977 Modern Music Paul Griffiths, 1981

The Last Opera Chandler Carter, 2019-05-31 From the fall of 1947 through the summer of 1951 composer Igor Stravinsky and poet W H Auden collaborated on the opera *The Rake's Progress* At the time their self consciously conventional work seemed to appeal only to conservative audiences Few perceived that Stravinsky and Auden were confronting the central crisis of the Modern age for their story of a hapless eighteenth century Everyman dramatizes the very limits of human will a theme Auden insists underlies all opera In *The Last Opera* Chandler Carter weaves together three interlocking stories The central and most detailed story explores the libretto and music of *The Rake's Progress* The second positions the opera as a focal point in Stravinsky's artistic journey and those who helped him realize it his librettists Auden and Chester Kallman his protégé Robert Craft and his compatriot fellow composer and close friend Nicolas Nabokov By exploring the ominous cultural landscape in which these fascinating individuals lived and worked the book captures a pivotal twenty five year span from approximately 1945 to 1970 during which modernists like Stravinsky and Auden confronted a tectonic disruption to their artistic worldview Ultimately Carter reveals how these stories fit into a larger third narrative the 400 year history of opera This richly and lovingly contextualized study of *The Rake's Progress* sheds new light on why despite the hundreds of musical dramas and theater pieces that have been written since its premier in 1951 this work is still considered the the last opera
