Positive Criminology

Michael R. Gottfredson, Travis Hirschi

Positive Criminology:

Positive Criminology Michael Gottfredson, Travis Hirschi, 1987-09 The philosophy of positivism of criminology the belief in a scientific approach to the study of crime has been widely challenged In Positive Criminology leading proponents respond to the criticisms and assert the validity and value of the positivist paradigm They define modern positive criminology and discuss important criminological issues from a positivistic perspective The contributions demonstrate the value of this paradigm for understanding crime and solving the problems it presents **Positive Criminology** Natti Ronel, Dana Segev, 2015-01-30 How can we best help offenders desist from crime as well as help victims heal This book engages with this question by offering its readers a comprehensive review of positive criminology in theory research and practice Positive criminology is a concept a perspective that places emphasis on forces of integration and social inclusion that are experienced positively by target individual and groups and may contribute to a reduction in negative emotions desistance from crime and overcoming the traumatic experience of victimization In essence positive criminology holds a more holistic view which acknowledges that thriving and disengagement from distress addiction mental illness crime deviance or victimization might be fostered more effectively by enhancing positive emotions and experiences rather than focusing on reducing negative attributes Each chapter in this book is written by key scholars in the related fields of criminology victimology and addiction and thus assembles varied and extensive approaches to rehabilitation and treatment These approaches share in common a positive criminology view thereby enriching our understanding of the concept and other strength based approaches to dealing with offenders and victims This edited book elaborates on positive criminology core ideas and assumptions discusses related theories and innovations and presents various benefits that this perspective can promote in the field of rehabilitation For this reason this book will be essential reading for those engaged in the study of criminology criminal justice and victimology and may also assist scholars and professionals to help offenders desist from crime and improve victims well being

The Positive School of Criminology Enrico Ferri, 1906 **Positive Criminology** Michael R. Gottfredson, Travis Hirschi, 1987 The philosophy of positivism in criminology the belief in a scientific approach to the study of crime has been widely challenged In Positive Criminology leading proponents respond to the criticisms and assert the validity and value of the positivist paradigm The contributors define modern positive criminology and discuss important criminological issues from a positivistic perspective They demonstrate the value of this paradigm for understanding crime and solving the many problems it presents **Sex-Positive Criminology** Aimee Wodda, Vanessa Panfil, 2020-09-17 Sex Positive Criminology proposes a new way to think about sexuality in the fields of criminology and criminal justice Sex positivity is framed as a humanizing approach to sexuality that supports the well being of self and others It is rooted in the principle of active and ongoing consent and it encourages perspectives that value bodily autonomy the right to access education and respect for sexual difference In this book the authors argue that institutions such as prisons schools and healthcare facilities as well as

agents of governments such as law enforcement correctional officers and politicians can unduly cause harm and perpetuate stigma through the regulation and criminalization of sexuality In order to critique institutions that criminalize and regulate sexuality the authors of Sex Positive Criminology examine case studies exploring the criminalization of commercial sex and related harm at the hands of law enforcement experienced by those who sell sex They investigate sex education in schools reproductive justice in communities and institutions and restrictions on sexuality in places like prisons jails juvenile detention and immigrant detention facilities They look into the criminalization of BDSM practices and address concerns about young people s sexuality connected to age of consent and privacy violations The authors demonstrate how a sex positive perspective could help criminologists policymakers and educators understand not only how to move away from sex negative frameworks in theory policy and practice but how sex positive criminological frameworks can be a useful tool to reduce harm and increase personal agency Written in a clear and direct style this book will appeal to students and scholars in criminology sociology sexuality studies cultural studies criminal justice social theory and all those interested in the relationship between sexuality and the crimino legal system *Positive Criminology* Brenda Oude Breuil,Marc Schuilenburg,Ronald van Steden,2014 Safety and security are often seen in light of crime disorder and fear This fuels a political and social climate obsessed with a negative logic of fighting criminals controlling populations and excluding unwanted others Other more positive or constitutive discourses and practices about safety and security have fallen out of fashion But what alternatives to contemporary processes of securitization and criminalization can be imagined when starting from a positive critique of security Which theoretical and empirical resources support and inspire more positive notions of security This multidisciplinary book brings together a team of renowned scholars to stress that security also includes notions of care trust and belonging By taking the concept of security beyond traditional criminal law the book s contributors present cutting edge theoretical and empirical analyses on the importance of human connectedness community building and feelings of solidarity as a way to resist hegemonic and negative meanings of security The book will appeal to researchers in the fields of criminology political science sociology philosophy and security studies Contents include A Critique of Security Towards a Positive Turn in Criminology Positive Security A Theoretical Framework Thinking about Sustainable Security Metaphors Paradoxes and Ironies Growing Sanguine about the Weeds Gardening and Security Revisited Power and Servility An Experiment in the Ethics of Security and Counter Security Security in Support of Safety and Community Thoughts from New York Your Friendly Gasoline Station On Habitual Space Not Fortress Los Angeles Design and Management of Privately Owned Public Spaces in New York City Fluid Security Home Care and Belonging in Prostitution Migration Afterthoughts Security Anti Security Positive Security Subject Criminology Sociology Security Studies **Delinquency and Drift** David Matza,2018-02-06 The first C Wright Mills Award winning book *Delinquency and Drift* has become a recognized classic in the fields of criminology and social problems In it Matza argues persuasively that delinquent thought and delinquent action are

distorted reflections of the ideas and practices that pervade contemporary juvenile law and its administration His ideas are as persuasive today as when they were first published twenty five years ago By example and illustration Matza argues that the delinquent subculture is based on many of the same standards as the conventional social order and that the delinquent's negation of the law is the result of his relations with an inconsistent and vulnerable legal code Once the juvenile breaks his or her ties to the legal order the drift to delinquency becomes relatively easy to justify The author also maintains that being liberated from legal constraint does not necessarily lead to delinquency that event depends on the will to commit crime Because delinquency remains one of our most serious social problems it is important to consider Matza's thesis that the drift toward delinquency is frequently aided by the unwitting support of society and the guardians of social order *Juvenile Delinquency: An Integrated Approach* James Burfeind, Dawn Jeglum Bartusch, 2010-02-26 **Addressing Violent**

Radicalisation and Extremism Theo Gavrielides, 2025-05-02 This book adopts an interdisciplinary approach to confront one of the most urgent global challenges of our time violent radicalisation and extremism It critically examines how restorative justice positive criminology and positive psychology intersect to address the behaviors and social conditions that foster extremism offering a framework that reflects the complexities of our era Grounded in a synthesis of philosophical inquiry normative analysis and empirical evidence from six international pilot projects conducted between 2017 and 2024 the volume navigates the shifting boundaries between punitive and preventive approaches It explores the potential of community based initiatives to foster understanding empathy and empowerment as means to reduce violence and promote reconciliation Through a focus on the psychological and social roots of extremism the book delves into the restorative capacity of justice systems to mend fractured communities and the role of positive psychological interventions in reshaping harmful behaviors In doing so it bridges theoretical advancements with actionable strategies for policymakers practitioners and researchers seeking alternatives to traditional punitive models This collection reflects the depth and breadth of contemporary scholarship in counter extremism offering perspectives from established experts and emerging voices It serves as a vital resource for those engaged in fields such as social work human rights conflict resolution and criminology contributing fresh insights and practical tools to prevent and mitigate radicalisation This book offers a refreshing and holistic perspective on one of the most pressing global issues today violent extremism By integrating restorative justice principles with a psychosocial approach the book moves beyond punitive measures and focuses on healing rehabilitation and the reintegration of individuals into society This book is a thought provoking and important contribution to the discourse on counter extremism Professor Clarence Augustus Martin California State University USA This book is not only a source of knowledge but also a significant advancement in the evolution of thought offering tangible pathways for action Through a genuinely interdisciplinary approach and case studies Theo Gavrielides presents the scientific community with a work where science becomes a lens through which reality can be understood and reshaped Professor Grazia Manmozzi University of Insubria Italy Primary

Theories of Crime and Victimization James R. Jones, 2017-09-07 This text focuses on the history of criminology which includes the criminological time periods persons most associated with each era and their contentions and contributions The earlier crime research epochs that are the concentration of the beginning of the text are the classical school of criminology positivist criminology sociological criminology also known as the Chicago school conflict criminology and developmental criminology It also concentrates on the ways crime is recorded in the United States and the strengths and weaknesses of each method The focal point of the crime recording section of the text is on the Uniform Crime Report UCR National Crime Victimization Survey NCVS and self report surveys The theories of crime and delinquency that are examined are strain theory differential association theory conflict theory social bonding theory rational choice theory social structure theory social disorganization theory cultural deviance theory differential association theory differential reinforcement theory labeling theory and theories of victimization Finally the text concludes with chapters on causes of violent crimes juvenile delinquency white collar crime and terrorism

The Psychology of Restorative Justice Theo Gavrielides, 2016-02-24 This ground breaking collection dares to take the next step in the advancement of an autonomous inter disciplinary restorative justice field of study It brings together criminology social psychology legal theory neuroscience affect script psychology sociology forensic mental health political sciences psychology and positive psychology to articulate for the first time a psychological concept of restorative justice To this end the book studies the power structures of the restorative justice movement the very psychology motivations and emotions of the practitioners who implement it as well as the drivers of its theoreticians and researchers Furthermore it examines the strengths and weakness of our own societies and the communities that are called to participate as parties in restorative justice Their own biases hunger for power and control fears and hopes are investigated The psychology and dynamics between those it aims to reach as well as those who are funding it including policy makers and politicians are looked into All these questions lead to creating an understanding of the psychology of restorative justice The book is essential reading for academics researchers policymakers practitioners and campaigners

The COMPASS Model in Criminal and Forensic Psychology Mark A. Durkin, 2025-02-07 The Durkin COMPASS Model offers a groundbreaking theoretical framework for criminology and forensic psychology integrating compassion and positive psychology with evidence based practice to facilitate desistance from crime

Student Handbook of Criminal Justice and Criminology John Muncie, David Wilson, 2013-02-01 Written by some of the leading criminologists in the country this new title is a one stop shop for those who teach study or are interested in criminology and the criminal justice systems of the UK

Facilitating Desistance from Aggression and Crime Calvin M. Langton, James R. Worling, 2022-06-29 In *Facilitating Desistance from Aggression and Crime* Theory Research Strength Based Practices Drs Calvin Langton and James Worling have gathered together internationally renowned authorities in the fields of psychology psychiatry criminology social work and law to critically examine desistance as a construct process and outcome as well as the place of strengths work in correctional and forensic mental health settings

Integrating theory empirical evidence and applied practices this timely volume is an essential scholarly resource with a clear practical emphasis for policy makers researchers practitioners and graduate students Cross-Cultural Communication: Concepts, Cases and Challenges Francisca O. Norales, 2006 **In Defense of Youth** William Vaughn Stapleton, Lee E. Teitelbaum, 1972-11-15 In recent years the decisions of the United States Supreme Court in the area of juvenile law and the growing public awareness of the delinquency problem have brought about drastic changes in American juvenile courts This book represents a major research effort to determine the effect of defense counsel s performance on the conduct and outcome of delinquency cases After a brief historical analysis of the factors leading to changes in juvenile law the authors explore in detail the impact of the lawyer s presence and performance on the outcomes of cases in two juvenile courts The analysis further explores the various factors influencing a lawyer s defense posture and develops the thesis that the effectiveness of counsel is determined largely by the structure of the delinquency hearing and the willingness and ability of court personnel and procedures to adapt to the introduction of an adversarial role of defense counsel What makes this study unique is the large scale effort to combine legal analysis and sociological methodology to the study of an action oriented program The use of the classical experimental design the selection of control and experimental groups by random assignment and the extent to which the use of this methodology increases the validity of the results will be of interest to both lawyers and social scientists The book is a major contribution to the growing literature in the field of the sociology of law Global Criminology K. Jaishankar, Natti Ronel, 2013-03-25 Global criminology is an emerging field covering international and transnational crimes that have not traditionally been the focus of mainstream criminology or criminal justice Global Criminology Crime and Victimization in a Globalized Era is a collection of rigorously peer reviewed papers presented at the First International Conference of the So **Life Beyond Murder** Dan Gabriel Rusu, 2024-11-18 Detailing the resettlement narratives of five men who have committed different types of murder confrontational revenge financial gain random intimate partner femicide and family feud this book counters narratives of neoliberal responsabilizing messages of individualism to investigate what informs their experiences of resettlement **Life Beyond Murder Exploring the Identity Reconstruction of Mandatory Lifers After Release** explores the impact of mandatory lifers institutionalisation families consumer culture emotions and supervision considering how these factors hamper or assist with their transition from the stigmatising identity of being dangerous murderers The book s discussion is guided by the men s narratives employing a tug of war metaphor to elucidate the push pull forces that influence the men s efforts to reconstruct their lives in the years following their release To be successful the book argues these men have to reconcile a paradoxical situation and the most skilled mandatory lifers manage to relativise their involvement in murder whilst concomitantly showing remorse This situation is achieved through a Splitting Narrative that ultimately defends against anxiety contains internal stigma and often showcases self flagellant remorse as they move towards positive social identities such as philanthropists family men wounded healers and pious

members of the church Finding Freedom in Confinement Kent R. Kerley Ph.D.,2018-01-25 What is the nature and impact of faith and religion in prison This book summarizes contemporary and cutting edge research on religion in correctional contexts enabling a scientific understanding of how prisoners use faith in their everyday lives Religion long has been a tool for correctional treatment In the United States religion was the primary treatment modality in the first prisons Only since the 1980s however have social scientists begun to study the nature extent practice and impact of faith and faith based prison programs Bringing together the knowledge of scholars from around the world this single volume book offers readers a science and research based understanding of how prisoners use faith in everyday life examining the role of religion in prison correctional contexts from a variety of interdisciplinary and international viewpoints By considering the perspectives of professionals actually working in corrections or prison settings as well as those of scholars studying religion and or criminal justice readers of *Finding Freedom in Confinement* The Role of Religion in Prison Life can gain insight into the most contemporary research on religion in correctional contexts The book contains data driven conceptual and policy oriented essays that cover major religions such as Christianity Judaism and Islam within correctional environments It also addresses subject matter such as the roles of prison chaplains and correctional officers and the relationships between religion and common aspects of prison life such as drug abuse gangs violence prisoner identity rights of prisoners and rehabilitation

International Handbook of Love Claude-Hélène Mayer, Elisabeth Vanderheiden,2021-05-04 This handbook is the winner of the William B Gudykunst Award for Outstanding Book in 2023 given by the International Academy of Intercultural Research This handbook includes state of the art research on love in classical modern and postmodern perspectives It expands on previous literature and explores topics around love from new cultural intercultural and transcultural approaches and across disciplines It provides insights into various love concepts like romantic love agape and eros in their cultural embeddedness and their changes and developments in specific cultural contexts It also includes discussions on postmodern aspects with regard to love and love relationships such as digitalisation globalisation and the fourth industrial revolution The handbook covers a vast range of topics in relation to love aging health special needs sexual preferences spiritual practice subcultures family and other relationships and so on The chapters look at love not only in terms of the universal concept and in private intimate relationships but apply a broad concept of love which can also for example be referred to in postmodern workplaces This volume is of interest to a wide readership including researchers practitioners and students of the social sciences humanities and behavioural sciences In the 1970s through the 90s I was told that globalization was homogenizing cultures into a worldwide monoculture This volume as risky and profound as the many adventures of love across our multiplying cultures proves otherwise The authors revolutionary and courageous work will challenge our sensibilities and expand the boundaries of what we understand what love is But that's what love does It communicates what it offers what can be and pleads for what must be I know you'll enjoy this wonderful book as much as I do Jeffrey Ady Associate Professor

retired Public Administration Program University of Hawaii at Manoa Founding Fellow International Academy for Intercultural Research The International Handbook of Love is far more than a traditional compendium It is a breath taking attempt to synthesize our anthropological and sociological knowledge on love It illuminates topics as diverse as Chinese love one night stands teen romance or love of leaders and many more This is a definitive reference in the field of love studies Eva Illouz author of The End of Love A sociology of Negative relationships Oxford University Press This is not a volume to be read in a single sitting though I almost did due to a protracted hospital stay nor is it romantic or inspirational reading though in some cases I had hoped for more narrative examples and case studies Rather it is a highly diverse scholarly effort a massive resource collection of research papers on love in a variety of contexts personal and professional settings and cultures The work is well referenced providing a large number of resources for deeper exploration We owe our thanks to the authors and editors of this handbook for work well done though that word in the title should not lead readers to suspect that enlightening as it is this book is a vade mecum or practical tour guide that provides ready solutions to the vicissitudes and challenges of our love lives Reviewed by Dr George F Simons on amazon com Please see Claude H l ne Mayer s interview related to the handbook in LeanHealth Talks published by Bernadette Bruckner <https://www.youtube.com/watch?v=yVNXA9sWuWo> Please see Claude H l ne Mayer s interview related to the handbook published In Iran News Daily <https://newspaper.irandaily.ir/nid/6941> pid 6 type 0

This is likewise one of the factors by obtaining the soft documents of this **Positive Criminology** by online. You might not require more period to spend to go to the book inauguration as with ease as search for them. In some cases, you likewise reach not discover the declaration Positive Criminology that you are looking for. It will certainly squander the time.

However below, bearing in mind you visit this web page, it will be consequently certainly simple to get as skillfully as download guide Positive Criminology

It will not recognize many grow old as we tell before. You can get it though be active something else at home and even in your workplace. thus easy! So, are you question? Just exercise just what we present under as capably as evaluation **Positive Criminology** what you behind to read!
