## **Positive Kingdom:**

*The Positive Kingdom* Colin Urquhart, 2025-09-11 Many Christians think that God's Kingdom can only be entered beyond death. Even then there is an element of uncertainty as to whether they will be accepted by God. Colin Urquhart has a different and thrilling message: Jesus came to give you a Kingdom. The Kingdom He offers you has resources far beyond those of any earthly kingdom. It is God's intention for you to possess the Kingdom of heaven now. The growth of God's Kingdom is hindered by the negative influences of the world, but Jesus provides the way to freedom and new life. In *The Positive Kingdom* Colin Urquhart shows how the Kingdom of God can be a present, positive and practical reality in the lives of Christians today. Colin Urquhart was the Apostolic founder of Kingdom Faith Church and an ordained minister for over 50 years. He was at the forefront of the Charismatic Renewal Movement in the UK in the 1970s, 80s and 90s and is widely recognised and valued throughout the world, having both experienced and led others in revival.

THE KINGDOM OF GOD MANUAL - LET THY KINGDOM COME - THE HEAVENLY KINGDOM OF ALL KINGDOMS KING SOLOMON DAVID JESSE ETE, **THE GOOD SHIP FAITH** Ruth Ellen, 2024-05-31 *The Good Ship Faith* is about the ongoing war between good and evil between the kingdom of light and the kingdom of darkness. It is about a good king, his royal fleet and the power of faith demonstrated in one of his captains who dared to believe for the impossible. The king's royal fleet is composed of warriors of righteousness; they are passionately devoted to him and are zealously carrying out his missions of mercy which involve warfare and the rescue of imprisoned souls held captive by the predatory pirates of darkness. Unsuspecting victims of these covert pirates are often surprised when they discover that they had been deceived and are under their tyrannical control.

### **Having Jesus for Dinner: Community or Cannibalism**

Christopher Levan,2023-05-09 Most Christians claim to know to Jesus as a friend or guide as an inspiration and model We adore him and even worship him But what happens when you have him for dinner This book explores the development of the meal practice of Jesus s followers as they move from having Jesus as the guest at their table to having Jesus as the main course Most believers don t give it a second thought now but that is a dramatic change Initially Jesus is the host at a common shared meal that signaled acceptance to all In a few short years Christians began eating Jesus as an act of devotion Jesus the bread of life Jesus the true vine How did this the shift from community to cannibalism take place Does it make sense relative to Jesus s stated mission And what have been the consequences of taking what began as ordinary shared supper and turning it into a symbolic and ritualized sacrament Join Christopher Levan as we go from bread recipes to first century meal practice We ll recline with other disciples and relive the joys of having Jesus as the host and ask if we can reset the table of the Lord for the twenty first century

### **Equality and Non-Discrimination under the European Convention on Human Rights**

Oddný Mjöll Arnadóttir,2021-10-18 The case law of the European Court of Human Rights on discrimination under the Convention is typically considered to be unclear and conflicting Against that background new possibilities for more effective protection against discrimination are opening up through recent developments in the case law on Article 14 and with the advent of the new Protocol 12 to the Convention This study demonstrates that the objective and reasonable justification test and conventional treatment of non discrimination are not apt for dealing with these emerging new possibilities or for explaining the variations in existing case law It therefore suggests a new approach to dealing with protection against discrimination under the Convention developed by focusing on variations in the strictness of objective justification review This study proposes a more viable framework for understanding discrimination analysis under the Convention which includes an alternative interpretation of the burden of proof under Article 14 and a three tiered model of factors that influences the strictness of review

### **Importing Faith** Glyn J. Ackerley,2016-07-28

Many twenty first century evangelical charismatics in Britain are looking for a faith that works They want to experience the miraculous in terms of

healings and Godsent financial provision Many have left the mainstream churches to join independent charismatic churches led by those who are perceived to have special insights and to teach principles that will help believers experience the miraculous But all is not rosy in this promised paradise and when people are not healed or they remain poor they are often told that it is because they did not have enough faith This study discovers the origin of the principles that are taught by some charismatic leaders Glyn Ackerley identifies them as the same ideas that are taught by the positive confession health wealth and prosperity movement originating in the United States The origins of the ideas are traced back to New Thought metaphysics and its background philosophies of subjective idealism and pragmatism These principles were imported into the UK through contact between British leaders and those influenced by American word of faith teachers Glyn Ackerley explains the persuasiveness of such teachers by examining case studies suggesting their miracles may well have social and psychological explanations rather than divine origins

**The Sea Change** John S. Bohne,2001-02 With the dawn of Islam in the Arabian Peninsula during the seventh century a new civilization was born It represented a culture of enlightenment emulating a universal human brotherhood a life of peace with justice and truth and a constant striving to eradicate oppression bigotry and inequalities among human beings The

acquisition of knowledge or the quest for truth became a noble pursuit with an unyielding spirit of inquiry to unravel the secrets of the universe The main purpose of the book is to highlight the endeavors of the Muslim scholars who kept the light of erudition aflame for centuries during the Middle Ages and beyond until the beginning of the European Renaissance They were the torch bearers of reason scientific thinking and creative expression Their erudite contributions encompassed a great variety of disciplines as they wrote multi volume works of original nature They also assimilated notable works of the scholars of Greece India and other countries and disseminated them through translations and commentaries The impact of the Islamic civilization during its centuries of glory and enlightenment could be felt in its social and political institutions Following the edicts of Islam political authority was generally exercised with prudence being mindful of the demands of impartial justice public welfare and a strict code of legal protections for the people of non Muslim affiliations A recurrent theme of the book is that peace on earth could be established only by a fervent commitment to justice by every nation of the world The book also calls to attention the concordance between Islam and modernity with the presumption that the Islamic doctrine can be successfully adapted to the exigencies of the changing times The concluding sections of the book contain a narrative of the state of Muslim nations of the world presently faced with internal dissensions and a negative portrayal of Islam in the West The lag of knowledge and predominance of extremism in some of the Muslim countries have precarious effects on their future It is high time for Muslims to reclaim their intellectual heritage and pursue the path of reason and enlightenment both in their religious beliefs and their vision of the world community w
