Exceptional Mountains O. Alan Weltzien, 2016-08 Over the past 150 years people have flocked to the Pacific Northwest in increasing numbers in part due to the region's beauty and one of its most exceptional features volcanoes This segment of the Pacific Ring of Fire has shaped not only the physical landscape of the region but also the

psychological landscape and with it the narratives we compose about ourselves Exceptional Mountains is a cultural history of the Northwest volcanoes and the environmental impact of outdoor recreation in this region It probes the relationship between these volcanoes and regional identity particularly in the era of mass mountaineering and population growth in the Northwest O Alan Weltzien demonstrates how mountaineering is but one conspicuous example of the outdoor recreation industry s unrestricted and problematic growth He explores the implications of our assumptions that there are no limits to our outdoor recreation habits and that access to the highest mountains should include amenities for affluent consumers Each chapter probes the mountain based regional ethos and the concomitant sense of privilege and entitlement from different vantages to illuminate the consumerist mind set as a reductive and deeply problematic version of experience and identity in and around some of the nation s most striking mountains *Contested Boundaries* David J. Lloyd has crafted a complex and powerful assessment of the relationship between communication and democracy in the United States In Prologue to a Farce he argues that citizens political capabilities depend on broad public access to media technologies but that the U S communications environment has become unfairly dominated by corporate interests Drawing on a wealth of historical sources Lloyd demonstrates that despite the persistent hope that a new technology from the telegraph to the Internet will rise to serve the needs of the republic none has solved the fundamental problems created by corporate domination After examining failed alternatives to the strong publicly owned communications model such as antitrust regulation the public trustee rules of the Federal Communications Commission and the underfunded public broadcasting service Lloyd argues that we must re create a modern version of the Founder s communications environment and offers concrete strategies aimed at empowering citizens Manifest Destinies David W. Suffragist Migration West after Seneca Falls, 1848-1871 Stephanie Stidham Rogers, 2024-03-06 Suffragist Migration West after Seneca Falls 1848 1871 Catharine Paine Blaine by Stephanie Stidham Rogers explores the surprising link between Elizabeth Cady Stanton the Seneca Falls Women's Rights Conference of 1848 and the Women's Suffrage Bill presented at the 1854 Washington State Territorial Legislature It shows how Seattle's first Suffragist educator clothing protestor and activist

Catharine Paine Blaine planted the seeds of the Western feminist movement and this book redresses her prior omission as the founder of the University of Washington Catharine drew upon the political tools and discursive skills she acquired during her abolitionist upbringing in the nascent days of Washington State However like many suffragists of her time she rejected Native culture and regarded Native men as competitors for the vote Rogers examines Seattle within the broader context of the Western suffrage column that would only gain similar widespread acceptance in the East in 1885 when Catharine Paine Blaine became the first signer of the Seneca Falls Declaration to legally cast her vote in the City of Seattle Stidham Rogers unveils the unique contributions of Western suffragists in the comparatively liberating frontier context leading to the passage of the Nineteenth Amendment *Exploring Washington's Past* Ruth Kirk, Carmela Alexander, 1995 A traveler's guide to Washington state focusing on historical sites Sections on various regions describe local history with entries on towns and sites offering information on festivals museums and historic districts Contains b w photos and a chronology c Book News Inc

Race, Radicalism, Religion, and Restriction Kristofer Allerfeldt, 2003-03-30 In 1924 America passed legislation that effectively outlined which immigrants were to be considered beneficial to the national body and which were not Albert Johnson a Washington State Congressman sponsored the Act This study examines the role of the Pacific Northwest in the change of national sentiment that led up to this legislation Throughout the period this region experienced massive growth in its immigrant population Its forests and small towns were the scenes of many clashes with the alien radicals resulting in the creation of anti Catholic legislation and the laws against land ownership by the Japanese Analyzing issues of race religion and political radicalism Allerfeldt determines that the region was highly influential in the national debate Most immigration studies of this era focus on the East Coast or on California but Allerfeldt finds that Northwestern politicians and populists responding to regional events as much as national sentiments often set the national immigration agenda Diverse organizations such as the APA the Ku Klux Klan and the IWW gained powerful local support and had significant influence on the region's attitudes towards immigrants Rather than following California's lead in the opposition to Asian immigration the Northwest actually set the path for its southern neighbor in many important aspects *The American West* Walter Nugent, Martin Ridge, 1999-10-22 War II African Americans in the West and the Pacific Northwest since 1945 The editors also provide a general introduction to the study of Western history and a time line of important events **Denver's Chinatown 1875-1900** Jingyi Song, 2019-10-29 Denver's Chinatown 1875 1900 Gone But Not Forgotten explores the coming of the Chinese to the Western frontier and their experiences in Denver during its early development from a supply station for the mining camps to a flourishing urban center The complexity of race class immigration politics and economic policies interacted dynamically and influenced the life of early Chinese settlers in Denver The Denver Riot as a consequence of political hostility and racial antagonism against the Chinese transformed the life of Denver's Chinese eventually leading to the disappearance of Denver's Chinatown But the memory of a neighborhood that was part of the colorful and booming urban
