Puppeteers Studies Of Obsessive Control:

The Puppeteers Gerald Alper,1999 Dr Alper relates and analyzes three cases which come out of his practice as a psychotherapist All three cases represent important aspects of our society and have the texture of lived experience Matthew in a story that both precedes and anticipates the David Koresh disaster in Waco Texas becomes a disciple of a counterculture cult in which he searches for a higher mode of life Paul tries to climb up the ladder of success and finds himself in a telemarketing sweatshop Emily yearns for romantic fulfillment and gets caught in the trap of obsessive love In the final chapter Alper weaves together the common elements of these three stories the pattern of seduction manipulation and obsessive control His arguments make shockingly clear that behavioral puppetry is not merely the occasional aberrant phenomenon about which we read in the newspapers but that it runs through nearly every stratum of our society *The Oxford Handbook of New Religious Movements* James R. Lewis, Inga Bårdsen Tøllefsen,2016 The Oxford Handbook of New Religious Movements both covers the current state of the field and breaks new ground Its contributors drawn from both sociology and religious studies are leading figures in the study of NRMs **The Encyclopedia of Phobias, Fears, and Anxieties, Third Edition** Ronald M. Adamec,2010-05-12 Explains the meaning of terms and concepts related to specific phobias forms of therapy and medicines and identifies key researchers **Knowing If It's the Real Thing** Gerald Alper,2004-11 In this exciting and original work Gerald Alper illuminates the crucial elements that together constitute intimacy *Knowing If It's the Real Thing* offers a radical departure from today's popular yet mythological belief that if two people stay together in an adaptive productive and moderately mutually enhancing way they will achieve the most a relationship can offer Some issues discussed in the book are the basic ingredients and rudimentary ground rules of postmodern intimacy how to discover the arena in which one feels most comfortable in expressing intimate feelings the many ways that sincere efforts to connect can completely misfire and how to build up defenses dodge self reproach and retain one's dignity and sense of trust following a serious break up The Symptom Is Not the Whole Story Daniel Araoz,2021-05-04 A practical introduction to contemporary psychoanalysis that is accessible to all mental health professionals Trained mostly in cognitive behavioral methods and techniques many recent graduates from psychology counseling family therapy and other mental health programs have not been exposed to psychoanalysis as a vibrant practical and beneficial approach to human problems In *The Symptom is Not the Whole Story* Araoz introduces the functional benefits and applications of psychoanalysis for these practitioners Focusing sharply on the unconscious and its use in psychotherapy this no nonsense book illustrates how psychoanalytical thinking can transform people's lives thanks to the therapist's active interventions and destabilizing interpretations Written in a vivid and clear style where clinical examples pointedly illustrate the psychological issues at hand this book reverses the commonly held idea that psychoanalysis requires years of treatment before showing results Araoz's talent resides in his ability to teach mental health marriage and family counselors how to use

psychoanalytic techniques without having been trained primarily in the discipline All will find this book to be of particular benefit discovering valuable guidance and applicable instructions for the use of psychoanalysis in their own therapeutic practice **Effects of a Nonverbal Skills Training Program on Perceptions of Personal Charisma** Shelby Jean
