Verbal Connection Between the Original and the English Translation with Indexes, a List of the Proper Names and Their Occurrences George V. Wigram, 1843 **Gifts of Clothing in Late Antique Literature** Nikki

Rollason, 2016-07-15 Both clothing and gifts in the ancient world have separately been the subject of much scholarly discussion because they were an integral part of Greek and Roman society and identity creating and reinforcing the relationships which kept a community together as well as delineating status and even symbolising society as a whole They have however rarely been studied together despite the prevalence of clothing gifts in many ancient texts This book addresses a gap in scholarship by focusing on gifts of elite male clothing in late antique literature in order to show that when they appeared in texts these items were not only functioning in an historical or real life sphere but also as a literary space within which authors could discuss ideas of social relationships and authority This book suggests that authors used items which usually formed part of the costume of authority of the period the trabea of the consul the chlamys of the imperial court and the emperor and the pallium of the Christian bishops to over write wearers and donors as confident figures of official authority when this may have been open to doubt **Analytical Concordance to the Bible** Robert Young, 1881
