Hoegaerts,Janice Schroeder,2023-08-07 Histories of voice are often written as accounts of greatness great statesmen notable rebels grands discours and famous exceptional speakers and singers populate our shelves This focus on the great and exceptional has not only led to disproportionate attention to a small subset of historical actors powerful white western men and the occasional token woman but also obscures the broad range of vocal practices that have informed co created and given meaning to human lives and interactions in the past For most historical actors life did not consist of grand public speeches but of private conversations intimate whispers hot gossip or interminable quarrels This volume suggests an extended practice of eavesdropping rather than listening out for exceptional voices it listens in on the more mundane aspects of vocality including speech and song but also less formalized shouts hisses noises and silences Ranging from the Scottish highlands to China from the bedroom to the platform and from the 18th until the 20th century contributions to this volume seek out spaces and moments that have been documented idiosyncratically or with difficulty and where the voice and its sounds can be of particular salience In doing so the volume argues for a heightened attention to who speaks and whose voices resound in history but refuses to take the modern equation between speech and presence representation for granted

Linda Ioanna Kouvaras, 2016-05-13 The experimentalist phenomenon of noise as constituting art in much twentieth century music paradoxically reached its zenith in Cage s silent piece 4 33 But much post 1970s musical endeavour with an experimentalist telos collectively known as sound art has displayed a postmodern need to load modernism s degree zero After contextualizing experimentalism from its inception in the early twentieth century Dr Linda Kouvaras s Loading the Silence Australian Sound Art in the Post Digital Age explores the ways in which selected sound art works demonstrate creatively how sound is embedded within local national gendered and historical environments Taking Australian music as its primary but not sole focus the book not only covers discussions of technological advancement but also engages with aesthetic standpoints through numerous interviews theoretical developments analysis and cultural milieux for a contemporary Australian and wider postmodern context Developing new methodologies for synergies between musicology and cultural studies the book uncovers a new post postmodern aesthetic trajectory which Kouvaras locates as developing over the past two decades the altermodern Australian sound art is here put firmly on the map of international debates about contemporary music providing a standard reference and valuable resource for practitioners in the artform music critics scholars and educators

England to Esther Mombo a major contemporary Anglican figure from Kenya The book reflects the rich diversity of Anglicanism suggesting the ongoing vitality of this religious tradition This important book Contains information on a number of prominent women Anglican thinkers Includes contributions from experts from around the world Presents material on both familiar figures and others that are unjustly little known Written for students and teachers of Anglicanism Anglican clergy and ecumenical colleagues Twentieth Century Anglican Theologians is the first book to reflect the diversity of the Anglican tradition by considering its global theological representatives Legend of Myself María Victoria Atencia,2014 In this collection of 65 short poems Roberta Quance exemplifies the range vitality and mysticism of work by one of Spain s foremost if controversial contemporary female poets drawing on the contents of a number of Spanish collections In Atencia s poetry the poetic subject is often seen as someone who occupies an interior space either crossing over the threshold from the outside world to an inner one a garden a house a castle or moving from the inner home space to one even more interior the world of dreams and imagination and hope which can project outward into liminal spaces of the sky or the sea A very basic paradox of Christian mystical experience of abasement and magnification haunts Atencia s work She has made her own one of its fundamental tenets the purging of self the shedding of all trace of worldly attachment in order to make room for experience of a different reality the self s sense of nothingness in the face of beauty is a prized moment in and of itself it is sublime Atencia s definitive manner classically shaped verse in the tradition of the pure poetry of the Generation of 1927 which makes myth of a womanly self is amply explored in this first major English edition of her work to appear since 1987 Maria Victoria Atencia was born in Malaga Andalusia in 1931 and has lived there or in the country thereabouts all of her life Although trained originally as a pianist she chose a vocation for poetry instead publishing her first work in 1953 and continuing to publish to the present day In 2010 she was given the Federico Garcia Lorca prize for poetry in recognition of a lifetime of achievement Roberta Quance is Senior Lecturer in Spanish and Portuguese Studies at Queen s University Belfast She is author of books on mythology and modernity in modern literature and desire in the poetry of Lorca as well as articles on women writers and artists associated with the Generation of 1927 and translations of work by Carlos Piera *Translating Slavery* Doris Y. Kadish,Françoise Massardier-Kenney,1994 This study explores the complex interrelationships that exist between translation gender and race It focuses on anti slavery writing by French women during the revolutionary period when a number of them spoke out against the oppression of slaves and women The Dancer's Voice Rumya Sree Putcha,2022-11-11 In The Dancer s Voice Rumya Sree Putcha theorizes how the Indian classical dancer performs the complex dynamics of transnational Indian womanhood Putcha argues that the public persona of the Indian dancer has come to represent India in the global imagination a representation that supports caste hierarchies and Hindu ethnonationalism as well as white supremacist model minority narratives Generations of Indian women have been encouraged to embody the archetype of the dancer popularized through film cultures from the 1930s to the present Through analyses of films

immigration and marriage laws histories of caste and race advertising campaigns and her own family's heirlooms photographs and memories Putcha reveals how women's citizenship is based on separating their voices from their bodies In listening closely to and for the dancer's voice she offers a new way to understand the intersections of body voice performance caste race gender and nation *The Voice of the Past* Paul Thompson, 2017-02-24 Oral history gives history back to the people in their own words And in giving a past it also helps them towards a future of their own making Oral history and life stories help to create a truer picture of the past and the changing present documenting the lives and feelings of all kinds of people many otherwise hidden from history It explores personal and family relationships and uncovers the secret cultures of work It connects public and private experience and it highlights the experiences of migrating between cultures At the same time it can bring courage to the old meaning to communities and contact between generations Sometimes it can offer a path for healing divided communities and those with traumatic memories Without it the history and sociology of our time would be poor and narrow In this fourth edition of his pioneering work fully revised with Joanna Bornat Paul Thompson challenges the accepted myths of historical scholarship He discusses the reliability of oral evidence in comparison with other sources and considers the social context of its development He looks at the relationship between memory the self and identity He traces oral history through its own past and weighs up the recent achievements of a movement which has become international with notably strong developments in North America Europe Australia Latin America South Africa and the Far East despite resistance from more conservative academics This new edition combines the classic text of *The Voice of the Past* with many new sections including especially the worldwide development of different forms of oral history and the parallel memory boom as well as discussions of theory in oral history and of memory trauma and reconciliation It offers a deep social and historical interpretation along with succinct practical advice on designing and carrying out a project *The Voice of the Past* remains an invaluable tool for anyone setting out to use oral history and life stories to construct a more authentic and balanced record of the past and the present

**Recovering the Female Voice in Islamic Scripture** Georgina L. Jardim, 2016-04-08 Protest is an activity not associated with the pious and collectively minded but more often seen as an activity of the liberal and rebellious Judaism Christianity and Islam are commonly understood as paragons of submission and obedience following Abraham's example Yet the scriptures of all three faiths are founded in the prophets protesting wrongs in the social order The Qur'an claims that men and women and the relations between them are a sign from God The question is to what extent are women silenced in the text and do they share with men in shaping the prophetic scriptures This book finds that far from silencing women the Qur'an affirms the female voice as protester for justice and as questioner of Theology In this reading of the female role in divine revelation in the Islamic text Georgina Jardim returns to the scriptures of the Judeo-Christian counterpart of the Abrahamic faiths to investigate whether the Bible may claim women as brokers of revelation The result is an enriched understanding of divine communication in the Abrahamic scriptures and a commonplace for reasoning about the

Owens, 2022-12-06 In histories of enslavement and in Black women's history coercion looms large in any discussion of sex and sexuality At a time when sexual violence against Black women was virtually unregulated even normalized a vast economy developed specifically to sell the sexual labor of Black women In this vividly rendered book Emily A Owens wrestles with the question of why white men paid notoriously high prices to gain sexual access to the bodies of enslaved women to whom they already had legal and social access Owens centers the survival strategies and intellectual labor of Black women enslaved in New Orleans to unravel the culture of violence they endured in which slaveholders obscured the presence of force with arrangements that included gifts and money Owens's storytelling highlights that the classic formulation of rape law that requires the presence of force and the absence of consent to denote a crime was in fact a key legal fixture that packaged predation as pleasure and produced rather than prevented violence against Black women Owens dramatically reorients our understanding of enslaved women's lives as well as of the nature of violence in the entire venture of racial slavery in the U S South Unsettling the idea that consent is necessarily incompatible with structural and interpersonal violence this history shows that when sex is understood as a transaction women are imagined as responsible for their own violation      *Narrative Fissures* Nita Schechet, 2005 Narrative Fissures Reading and Rhetoric is a guide to applied rhetorical criticism of narrative in diverse fields such as cultural studies ethnography psychotherapy historiography critical legal studies education communication and medicine      The Longman Anthology of Women's Literature Mary K.
