Charlesworth, 2006 The recovery of 800 documents in the eleven caves on the northwest shores of the Dead Sea is one of the most sensational archeological discoveries in the Holy Land to date These three volumes the very best of critical scholarship demonstrate in detail how the scrolls have revolutionized our knowledge of the text of the Bible the character of Second Temple Judaism and the Jewish beginnings of Christianity The SBL Handbook of Style Society of Biblical Literature, 2014-11-20 The definitive source for how to write and publish in the field of biblical studies The long awaited second edition of the essential style manual for writing and publishing in biblical studies and related fields includes key style changes updated and expanded abbreviation and spelling sample lists a list of archaeological site names material on qur anic sources detailed information on citing electronic sources and expanded guidelines for the transliteration and transcription of seventeen ancient languages Features Expanded lists of abbreviations for use in ancient Near Eastern biblical and early Christian studies Information for transliterating seventeen ancient languages Exhaustive examples for citing print and electronic sources *The Text of the Pentateuch* Sidnie White Crawford, 2022-02-07 In the last several decades since the first publications of the biblical Dead Sea Scrolls a revolution has occurred in the understanding of the history of the text of the Hebrew Bible during the Second Temple period The present volume is a collection of articles documenting that revolution written by Sidnie White Crawford over an almost thirty year period beginning in 1990 As a member of the editorial team responsible for publishing the Qumran scrolls the author was responsible for the critical editions of nine Deuteronomy scrolls and the four Reworked Pentateuch manuscripts thus her work played a critical role in the changing understanding of the textual history of the Pentateuch especially the book of Deuteronomy and the Rewritten Bible texts The author s lifework is brought together here in an accessible format While the majority of the articles are reprints the volume will close with two major new pieces a text critical study of the Deuteronomic Paraphrase of the Temple Scroll and a comprehensive overview of the history of the text of the Pentateuch **Literary Motifs and Patterns in the Hebrew Bible** Shemaryahu

Talmon,2013-07-01 This collection gathers together Professor Shemaryahu Talmon's contributions to the literary study of the Bible and complements his acclaimed Literary Studies in the Hebrew Bible Form and Content Collected Studies Jerusalem Magnes Leiden Brill 1993 The articles included herein span a broad range of topics closely and comprehensively assessing fundamental themes and stylistic conceits present in biblical literature Each study picks up one of these motifs or patterns and traces its meaning and usage throughout the entire Bible In Talmon's estimation these literary markers transcend all strata of the Bible and despite diachronic developments they retain their basic meanings and connotations throughout even when employed by different authors over a span of hundreds of years He demonstrates this convincingly by marshaling dozens of examples each of which is valuable in its own right and when taken all together these building blocks form a solid edifice that validate his approach He judiciously employs this synchronic method throughout frequently invoking an exegetical principle according to which one biblical verse can be employed to interpret the other if they are found in similar contexts and with overlapping formulation To use an expression that he coined elsewhere his hermeneutical method can be described first and foremost as The World of the Bible from Within Throughout the articles that appear in this volume one is repeatedly struck by his sensitivity to the language and style of the biblical authors He was blessed with a rich literary intuition and shares with his readers his ability to see hear and understand the rhythms and poetics of biblical literature In this volume many of Talmon's contributions are made accessible in fresh form to the benefit of both those who already know his work and to a newer generation of scholars for whom his work continues to prove important Finding Herem? Hyung Dae Park,2007-05-03 The concept of Herem is found throughout the Old Testament and presented a problem to the Second Temple Jewish authors In introducing the concept to their audiences and in applying it to themselves and other nations they avoided it by reducing or expanding omitting or changing the concept of Herem Much evidence in Luke Acts however indicates that Luke deliberately uses the concept of Herem in order to present the life and teaching of Jesus and his disciples Jesus death on the cross resurrection and ascension can be seen as Herem that redeems God's people The disciples thoughts and actions in Acts as well as all the Christ event are based on Jesus teaching such as Luke 9 24 and 20 25 Ultimately this study suggests that readers of Luke Acts should consider the whole Old Testament so as to understand Lukan use of the Old Testament and its attitude to the Mosaic law Moreover this study shows that the ethics of Luke Acts are not limited to sharing possessions but related to offering or giving what belongs to oneself even life without expecting any reciprocal advantage Furthermore the concept of Herem detected in Luke Acts makes it possible to argue that there is an atonement theology in Lukan writings **The Orion Center Bibliography of the Dead Sea Scrolls (1995-2000)** Avital Pinnick,2018-12-24 The Orion Center Bibliography of the Dead Sea Scrolls 1995 2000 is the fourth official Scrolls bibliography following bibliographies covering the periods 1948 1957 W S LaSor 1958 1969 B Jongeling and 1970 1995 F Garc a Mart nez and D W Parry The current interest in the Scrolls with at least two journals dedicated to these texts has led

to a proliferation of secondary literature theses and electronic publications The Orion Center Bibliography contains over 3000 entries including approximately 600 reviews gathered from the *cole Biblique et Arch ologique Fran aise* in Jerusalem from on line databases and from the authors themselves This work is based on the bibliography compiled by the Orion Center for the Study of the Dead Sea Scrolls Jerusalem and includes reviews journal articles and electronic publications a text index and a subject index

The Myth of Rebellious Angels Stuckenbruck, Loren T.,2017-02-17 The mythical story of fallen angels preserved in 1 Enoch and related literature was profoundly influential during the Second Temple period In this volume renowned scholar Loren Stuckenbruck explores aspects of that influence and demonstrates how the myth was reused and adapted to address new religious and cultural contexts Stuckenbruck considers a variety of themes including demonology giants exorcism petitionary prayer the birth and activity of Jesus the Holy Spirit the conversion of Gentiles apocalyptic and the understanding of time and more He also offers a theological framework for the myth of fallen angels through which to reconsider several New Testament texts the Synoptic Gospels the Gospel of John Acts Paul s letters and the book of Revelation

The Empowerment of Women in the Book of Jubilees Betsy Halpern-Amaru,2021-10-25 This volume examines the unusual interest in women characters displayed in the Book of Jubilees an interpretive reworking of the biblical narratives of Genesis through Exodus 12 written in the second century BCE Demonstrating a pattern in the characterizations the study shows how a matrilineal standard of ethnic purity and elevation of the biblical matriarchs function as key aspects in a polemic against the acceptance of foreigners into the community The latter part of the book explores the exegetical techniques used to develop the portraits and places the polemic in the historical context of Second Temple Judaism The work is important for those interested in the history of biblical interpretation in post biblical Jewish literature and the historical development of Judaism and the portrayals of women in Hebrew Scriptures
