Quotations from Chairman LBJ. Lyndon Baines Johnson, 1968 (President. United States), 1968

The Faiths of the Postwar Presidents David L. Holmes, 2012-04-25 Impressively balanced accounts of such matters as Nixon's betrayal of Billy Graham's trust and Obama's connection to Jeremiah Wright. An interesting take. Booklist. From the author of *The Faiths of the Founding Fathers*, an acclaimed account of the spiritual beliefs of such iconic Americans as Franklin Washington and Jefferson, this is a measured look at the role of faith in the lives of twelve presidents who have served since the end of World War II. David Holmes examines not only the beliefs professed by each president but also the variety of possible influences on their religious faith, such as their upbringing, their education, and the faith of their spouse. In each profile, close observers such as clergy, family members, friends, and advisors recall churchgoing habits, notable displays of faith, or lack of it, and the influence of their faiths on policies concerning abortion, the death penalty, Israel, and other controversial issues. Whether discussing John F. Kennedy's philandering and secularity or Richard Nixon's betrayal of Billy Graham's naïve trust during Watergate, Holmes includes telling and often colorful details, not widely known or long forgotten. We are reminded, for instance, how Dwight Eisenhower tried to conceal the background of his parents in the Jehovah's Witnesses, and how the Reverend Cotesworth Lewis's sermonizing to Lyndon Johnson on the Vietnam War was actually not a left but a right-wing critique. An admirable and colorful yet balanced look at our recent Presidents and their religious beliefs. It will have wide appeal for all readers and particularly for those interested in presidential history. Library Journal

Before the Storm Rick Perlstein, 2009-03-17 In an astute and surprising history of the 1960s as the cradle of the conservative movement, Perlstein's gutsy narrative history profiles the rise of Barry Goldwater, the rich, handsome Arizona Republican who scorned the federal bureaucracy and despised liberals on sight. 16 pp of photos

Lord of Publishing Sterling Lord, 2013-01-29 A frank and insightful memoir of a life spent in publishing by one of literature's most legendary agents. Sterling Lord has led an extraordinary life, from his youth in small-town Iowa to his post-war founding and editing of an English language magazine in Paris, followed by his move to New York City to become one of the most powerful literary agents in the field. As agent to Jack Kerouac, Ken Kesey, and countless others, ranging from Jimmy Breslin and Rocky Graziano to the Berenstains and four US cabinet members, Lord is the decisive influence and authors' confidant who has engineered some of the most important book deals in literary history. In *Lord of Publishing*, his memoir of life and work, Lord reveals that he is also a consummate storyteller. Witty and wise, he brings to life what was arguably the greatest era of book publishing and gives a brilliant insider's scoop on the key figures of the book business, as well as some of the most remarkable books and authors of our time.

Library,1975 *Persuasions and Prejudices* Irving Horowitz,2017-07-05 Review essays and statements written for special occasions may reveal as much about the writer as those written about this is the presumption undergirding this collection of thirty five years of criticism and commentary by Irving Louis Horowitz For this volume he selected his comments on famous near famous and infamous sociologists political scientists and assorted literary figures in between Taken as a whole this volume will surprise and delight readers who are acquainted with Horowitz s other works as well as those who are interested in the people he writes about The book covers notable social scientists from Arendt to

Zetterberg and such major figures in between as Becker Bell de Jouvenel Mills Parsons Solzhenitsyn and more than eighty others who have had an effect on the contemporary social and political landscape Each is critically examined sometimes positively other times negatively Horowitz was a major figure in his own right and his writing here displays the kind of refreshing frankness experts will expect and the general reader will appreciate The underlying assumption behind the volume giving its disparate parts a unified characteristic is that together these observations on others amount to a general perspective on social science held by the author Whether his larger ambition is accepted or disputed there is no doubt that the volume provides a standard against which to measure the literary quality of writing in the world of professional social research

America in Vietnam Herbert Y. Schandler, 2009-09-16 This controversial and timely book about the American experience in Vietnam provides the first full exploration of the perspectives of the North Vietnamese leadership before during and after the war Herbert Y Schandler offers unique insights into the mindsets of the North Vietnamese and their response to diplomatic and military actions of the Americans laying out the full scale of the disastrous U S political and military misunderstandings of Vietnamese history and motivations Including frank quotes from Vietnamese leaders the book offers important new knowledge that allows us to learn invaluable lessons from the perspective of a victorious enemy Unlike most military officers who served in Vietnam Schandler is convinced the war was unwinnable no matter how long America stayed the course or how many resources were devoted to it He is remarkably qualified to make these judgments as an infantry commander during the Vietnam War a Pentagon policymaker and a scholar who taught at West Point and National Defense University His extensive personal interviews with North Vietnamese are drawn from his many trips to Hanoi after the war Schandler provides not only a definitive analysis of the American failure in Vietnam but a crucial foundation for exploring the potential for success in the current guerrilla wars the United States is fighting in Iraq and Afghanistan
