Quran And Its Interpreters:

Qur'an and Its Interpreters, The, Volume 1 Mahmoud M. Ayoub, 1984-06-30 The Qur'an and Its Interpreters introduces the Western reader to the Qur'an as Muslims have understood it. The record of the Qur'an in the community as a force shaping the life of Muslims can be most clearly discerned through the vast literature of interpretation known as tafsir. This multivolume work is based on a large number of tafsir sources representing all the major religious schools and stages of Muslim history for the last one thousand years. It will cover the entire Qur'an. This first volume consists of an introduction to the science and sources of interpretation of the Qur'an and the first two surahs of the Qur'an. The treatment is comprehensive and thorough. While the work is based entirely on primary sources, this volume includes a substantial bibliography of works on the Qur'an in Western languages. The Qur'an is the word of God as it was revealed to the prophet Muhammad, interiorized by the community, then shaped into an earthly book whose original archetype is with God. Dr. Ayoub concerns himself not with the history of the Qur'an but with the way it was collected and fixed into an official codex, the recension of which has voiced the community's prayers and devotions, set its legal norms and moral standards, and occupied its best minds for more than thirteen hundred years.

The Qur'an and Its Interpreters: Without special title Mahmoud Ayoub, 1984

The Qur'an and Its Interpreters Mahmoud M. Ayoub, 2012-06-14 For almost fourteen centuries the Qur'an has been a source of inspiration and solace and above all a guide along the way of life toward eternity. Using commentaries from the classical period through the medieval and modern periods to the present, this series presents the Qur'anic explanation as Muslims have understood it and interiorized it throughout its rich exegetical history. This series has been written not primarily for scholars but for interested readers and non-Arabic speaking students of Islam, both Muslim and non-

Muslim This volume contains the first and second surahs of the Qur'an al-Fatihah and al-Baqarah and is the first of several volumes yet to be published The second volume containing the third surah Al-Imran has been published simultaneously The entire collection will comprise an encyclopedia of the Qur'an commentary **Muslim Identities** Aaron Hughes, 2013-04-23 This well-rounded introduction takes an expansive view of Islamic ideology, culture, and tradition, sourcing a range of historical, sociological, and literary perspectives **Contemporary Qur'anic Hermeneutics** Georges Tamer, 2025-04-21 This project presents the hermeneutical approaches to the Qur'an of the most prominent Qur'anic scholars in Islamic intellectual history Not only scholars who wrote commentaries on the Qur'an in the narrow sense of the word *tafsir* are to be presented but also those who dealt hermeneutically with the Qur'an in various ways The Handbook of Qur'anic Hermeneutics is the first book that discusses all the hermeneutical fields of the Qur'an It will be published in seven volumes **The Tafsir (Qur'an) for travellers & pilgrims**, The All Complete Guides team comprises a dedicated group of experts who specialize in creating comprehensive resources for travel, city exploration, and language learning Our experts have journeyed to every corner of the globe from the bustling streets of the world's most vibrant cities to the serene landscapes of hidden destinations Their extensive travel experiences ensure that each guide is packed with practical tips, insider knowledge, and must-see attractions, making every trip an unforgettable experience **Prophets in the Quran** Brannon M. Wheeler, 2002-06-18 What was the name of Noah's son who did not survive the Flood? Why do Pharaoh and Haman build the Tower of Babel? For what reasons does Moses travel to the ends of the Earth? Who is the Horned One who holds back Gog and Magog until the Day of Judgement? These are some of the questions answered in the oral sources and Quran commentaries on the stories of the prophets as they are understood by Muslims Designed as an introduction to the Quran with particular emphasis on parallels with Biblical tradition, this book provides a concise but detailed overview of Muslim prophets from Adam to Muhammad Each of the chapters is organized around a particular prophet, including an English translation of the relevant verses of the Quran and a wide selection of classical, medieval, and modern Muslim commentaries on those verses Quran commentaries include references to Sunni and Shi'i sources from Spain, Central Asia, the Middle East, and Africa An extensive glossary provides an annotated list of all scholarly transmitters and cited texts with suggestions for further reading This is an excellent book for undergraduate courses and students in divinity and seminary programmes Comparisons between the Quran and Bible, and among Jewish, Christian, and Islamic exegesis, are highlighted Oral sources, references adapted from apocryphal and pseudepigraphical works, and inter-religious dialogue are all evident throughout these stories of the prophets This material shows how the Quran and its interpretation are integral to a fuller and more discerning understanding of the Bible and its place in the history of Western religion **The Trial of Benazir** Rafiq Zakaria, 1989 **A New Introduction to Islam** Daniel W. Brown, 2017-04-24 Covering the origins, key features, and legacy of the Islamic tradition, the third edition of *A New Introduction to Islam* includes new material on Islam in the 21st century and discussions of the impact of historical

ideas literature and movements on contemporary trends Includes updated and rewritten chapters on the Qur'an and hadith literature that covers important new academic research Compares the practice of Islam in different Islamic countries as well as acknowledging the differences within Islam as practiced in Europe Features study questions for each chapter and more illustrative material charts and excerpts from primary sources **Quran 5** Joseph C. Cods, 2010-04-29 The Forbidden Rumi and I Rumi is a great Muslim mystic and poet His faith in God does not deter him from riding the winds of dangerous thinking and free expression His most audacious poems were published in a collection called The Forbidden Rumi I have chosen one of them and interspersed its verses between the chapters of my book I wanted to let some fresh air in my dry discussion of the Quranic text You see the fifth chapter of the Quran was the last one to have been composed It discusses theological questions and lacks the poetic rhythm of the much shorter chapters of the early days I am neither a poet nor a mystic I am not even a Muslim And yet I feel I have something in common with a Rumi I do not let the requirements of Islamic tradition the strict rules of modern scholarship and the taboos of our time constrict my freedom to say what I think and to explain my forbidden views I do so however in a friendly manner and without any animosity My study of the Quran is based on knowledge not on faith My purpose is not to provide spiritual ammunition to the faith It is much more prosaic I propose a new way of reading the Quranic text Instead of seeing in it a divine revelation I see in it the work of a man called Muhammad I do what is forbidden for a believer But I recognize the believer's right to see in the Book the very words of God **Tanakh Epistemology** Douglas Yoder, 2020-05-21 In this volume Douglas Yoder uses the tools of modern and postmodern philosophy and biblical criticism to elucidate the epistemology of the Tanakh the collection of writings that comprise the Hebrew Bible Despite the conceptual sophistication of the Tanakh its epistemology has been overlooked in both religious and secular hermeneutics The concept of revelation the genre of apocalypse and critiques of ideology and theory are all found within or derive from epistemic texts of the Tanakh Yoder examines how philosophers such as Spinoza Hume and Kant interacted with such matters He also explores how the motifs of writing reading interpretation image and animals topics that figure prominently in the work of Derrida Foucault and Nietzsche appear also in the Tanakh An understanding of Tanakh epistemology he concludes can lead to new appraisals of religious and secular life throughout the modern world

Contemporary Rationalist Islam in Turkey Gokhan Bacik, 2021-07-29 Nineteenth century Istanbul was an intellectual hub of rich discussions about Islam in which leading reformists had a significant role Turkey today appears to be an intellectual vacuum to anyone searching for ongoing critical engagement with Islam The main purpose of this book is to adjust this view of Turkey by showcasing the modern Turkish theologians who challenge mainstream Sunni interpretations of Islam Labelling these theologians as rationalist rather than reformist the author reveals that their theology is inherently anti establishment and thus a religiously oriented challenge to the hegemony of the state sanctioned Islam for the rationalists Turkey's problems have their origins in the Sunni interpretation of Islam Contemporary Rationalist Islam in Turkey analyses
