R H Barlow On Lovecraft And Life:

Dim-Remembered Stories Massimo Berruti, 2011 The life and work of Robert Hayward Barlow 1918 1951 has received remarkably little study from scholars who see in him only one of the acolytes and the literary executor of the great American supernaturalist H P Lovecraft But as this pioneering study by Italian scholar Massimo Berruti establishes Barlow was a distinguished writer in his own right the author of dozens of provocative tales of fantasy and horror and of several volumes of thought provoking poetry Berruti undertakes a full scale structuralist analysis of Barlow s work studying such central themes as cosmicism time nature and irony and subjecting such celebrated tales as *A Dim Remembered Story* and *The Night Ocean* to penetrating analysis Berruti concludes his study with perspicacious observations on Barlow as a free verse poet Massimo Berruti teaches Semiotics of Narrativity and Semiotics of Interpretation at Helsinki University Finland He is the author of many articles on H P Lovecraft and other writers that have appeared in such journals as *Lovecraft Studies* *Studies in Fantasy Literature* *Studi Lovecraftiani* and *Semiotica* He has also translated Lovecraft s *Il guardiano dei sogni* 2007 and other volumes of fiction and literary criticism

O Fortunate Floridian Robert Hayward Barlow, 2016-07-20 While the letters in this volume touch mainly on literary matters they also record H P Lovecraft s love of Florida He visited the state several times twice as Robert Barlow s guest and was enthralled by the vistas of live oaks and Spanish moss He occasionally felt homesick for Florida when he was at home in Rhode Island and he never yearned more to be in the Sunshine State than during cold New England winters There was no doubt where he wished to be when he addressed a letter to Barlow during the depths of one winter as *O Floridian More Fortunate than you can Realise* In addition to letters the reader will find an insightful introduction by the editors providing details and anecdotes about the friendship between Lovecraft and Barlow The book is further enriched by Barlow s poignant memoir of Lovecraft in Florida a glossary of notable people mentioned in the letters autobiographical pieces by Barlow and an invaluable index The reader will find references to familiar names like *Weird Tales* Robert E Howard Clark Ashton Smith and Harry Houdini These letters to Barlow record much about that vanished time and prove to be among the liveliest of Lovecraft s published correspondence Back cover

A Subtler Magick S. T. Joshi, 1996-12-01 He was the premier writer of horror fiction in the first half of the 20th Century perhaps the major American practitioner of the art between the time of Edgar Allan Poe and Stephen King Born into an upper middle class family in Providence Rhode Island Howard Phillips Lovecraft 1890 1937 had a lonely childhood but read voraciously from his earliest years He soon became interested in science and astronomy and began penning stories poetry and essays in great profusion publishing them himself when no other market was available The advent of *Weird Tales* in 1923 gave him a small outlet for his work and he attracted a large number of followers with whom he exchanged literally tens of thousands of letters many of them quite lengthy A number of these young correspondents eventually became professional writers and editors themselves Lovecraft s fame began spreading beyond fandom with the publication of his first significant collection
