The Autobiography of a Seventeenth-Century Venetian Rabbi Leone Modena, 2020-06-16 Leon Judah Aryeh Modena was a major intellectual figure of the early modern Italian Jewish community a complex and intriguing personality who was famous among contemporary European Christians as well as Jews Modena 1571 1648 produced an autobiography that documents in poignant detail the turbulent life of his family in the Jewish ghetto of Venice The text of this work is well known to Jewish scholars but has never before been translated from the original Hebrew except in brief excerpts This complete translation based on Modena s autograph manuscript makes available in English a wealth of historical material about Jewish family life of the period religion in daily life the plague of 1630 1631 crime and punishment the influence of kabbalistic mysticism and a host of other subjects The translator Mark R Cohen and four other distinguished scholars add commentary that places the work in historical and literary context Modena describes his fascination with the astrology and alchemy that were important parts of the Jewish and general culture of the seventeenth century He also portrays his struggle against poverty and against compulsive gambling which cleverly punning on a biblical verse he called the sin of Judah In addition the book contains accounts of Modena s sorrow over his three sons the death of the eldest from the poisonous fumes of his own alchemical laboratory the brutal murder of the youngest and the exile of the remaining son The introductory essay by Mark R

Cohen and Theodore K Rabb highlights the significance of the work for early modern Jewish and general European history Howard E Adelman presents an up to date biographical sketch of the author and points the way toward a new assessment of his place in Jewish history Natalie Z Davis places Modena s work in the context of European autobiography both Christian and Jewish and especially explores the implications of the Jewish status as outsider for the privileged exploration of the self A set of historical notes compiled by Howard Adelman and Benjamin C I Ravid elucidates the text **Autobiography of**

Feld,2012-09-01 Founder of Henry Street Settlement on New York s Lower East Side as well as the Visiting Nurse Service of New York Lillian Wald 1867 1940 was a remarkable social welfare activist She was also a second generation German Jewish immigrant who developed close associations with Jewish New York even as she consistently dismissed claims that her work emerged from a fundamentally Jewish calling Challenging the conventional understanding of the Progressive movement as having its origins in Anglo Protestant teachings Marjorie Feld offers a critical biography of Wald in which she examines the crucial and complex significance of Wald s ethnicity to her life s work In addition by studying the Jewish community s response to Wald throughout her public career from 1893 to 1933 Feld demonstrates the changing landscape of identity politics in the first half of the twentieth century Feld argues that Wald s innovative reform work was the product of both her own family s experience with immigration and assimilation as Jews in late nineteenth century Rochester New York and her encounter with Progressive ideals at her settlement house in Manhattan As an ethnic working on behalf of other ethnics Wald developed a universal vision that was at odds with the ethnic particularism with which she is now identified These tensions between universalism and particularism assimilation and group belonging persist to this day Thus Feld concludes with an exploration of how after her death Wald s accomplishments have been remembered in popular perceptions and scholarly works For the first time Feld locates Wald in the ethnic landscape of her own time as well as ours **The Autobiography**

DINER,2009-06-30 Millions of immigrants were drawn to American shores not by the mythic streets paved with gold but rather by its tables heaped with food How they experienced the realities of America s abundant food its meat and white bread its butter and cheese fruits and vegetables coffee and beer reflected their earlier deprivations and shaped their ethnic practices in the new land Hungering for America tells the stories of three distinctive groups and their unique culinary dramas Italian immigrants transformed the food of their upper classes and of sacred days into a generic Italian food that inspired community pride and cohesion Irish immigrants in contrast loath to mimic the foodways of the Protestant British elite diminished food as a marker of ethnicity And East European Jews who venerated food as the vital center around which family and religious practice gathered found that dietary restrictions jarred with America s boundless choices These tales of immigrants in their old worlds and in the new demonstrate the role of hunger in driving migration and the significance of food in cementing ethnic identity and community Hasia Diner confirms the well worn adage Tell me what you eat and I will tell you what you are Two Covenants Eliza McGraw,2005-07-01 Jews have long occupied visible roles in the South Jewish families have owned establishments ranging from dry goods stores to Thomas Jefferson s Monticello and some of the region s most important writers and scholars have been Jewish Yet surveys of southern culture rarely assess the contributions of Jews while histories of Jews in America virtually exclude those living in the South Eliza R L McGraw s multifaceted study fills both gaps and in doing so expands how we define the South In Two Covenants McGraw mines eclectic representations of Southern Jewishness as varied as the Carolina Israelite newspaper the Mardi Gras Krewe du Jieus southern Baptist conversion instruction pamphlets and the film Driving Miss Daisy She also considers literary representations of southern Jews in the works of both Jewish and non Jewish writers including Thomas Wolfe Robert Penn Warren Walker Percy Lillian Hellman David Cohn Louis Rubin Jr Eli Evans James Weldon Johnson Jean Toomer and Charles Chesnutt While concerned with established concepts such as ethnicity and region McGraw raises many questions that illustrate the complexity of southern Jewishness Can one individual straddle two identities How do race class and gender influence southern Jewishness What are the differences between southern Jews and other southerners or between southern Jews and other Jews Does anti-Semitism manifest itself differently or with unique effects in the South In suggesting answers to these and other questions McGraw ranges widely over the southern cultural landscape and reveals that although southern Jewishness remains a marginal identity due to the small size of its constituency it nevertheless inhabits and helps to form the South at large The very presence and vitality of southern Jewishness demonstrate that southern identity like national identity is a fluid cultural experience Imagining Lives Jan Schwarz,2005-07-11 In interwar and post Holocaust New York Yiddish autobiographers responded to the upheaval of modern Jewish life in ways that combined artistic innovation with commemoration for a world that is no more Imagining Lives Autobiographical Fiction of Yiddish Writers is the first comprehensive study of the autobiographical genre in Yiddish literature Jan Schwarz offers portraits of seven major Yiddish writers showing the writer s

struggles to shape the multiple identities of their ruptured lives in autobiographical fiction This analysis of Yiddish life writing includes discussions of literary representation self and collectivity and memory in modern Jewish literature Schwarz shows how Yiddish autobiographical fiction fuses novelistic elements and memoiristic truthfulness in ways that also characterize Jewish life writing in English and Hebrew His accessible style biographical sketches glossary of Hebrew and Yiddish words and careful survey of notable texts takes readers on an incomparable journey through modern Yiddish literature

In the Almost Promised Land Hasia R. Diner, 1995-10 Seeking the reasons behind Jewish altruism toward African Americans Hasia R. Diner shows how in the wake of the Leo Frank trial and lynching in Atlanta Jews came to see that their relative prosperity was no protection against the same social forces that threatened blacks Jewish leaders and organizations genuinely believed in the cause of black civil rights Diner suggests but they also used that cause as a way of advancing their own interests launching a vicarious attack on the nation that they felt had not lived up to its own ideals of freedom and equality

up to 1988 **Bloch's Book Bulletin** ,1929 **You Must Be from the North** Kimberly K. Little,2009-10-20 You must be from the North was a common derogatory reaction to the activities of white women throughout the South well meaning wives and mothers who joined together to improve schools or local sanitation but found their efforts decried as more troublesome civil rights agitation You Must Be from the North Southern White Women in the Memphis Civil Rights Movement focuses on a generation of white women in Memphis Tennessee born between the two World Wars and typically omitted from the history of the civil rights movement The women for the most part did not jeopardize their lives by participating alongside black activists in sit ins and freedom rides Instead they began their journey into civil rights activism as a result of their commitment to traditional female roles through such organizations as the Junior League What originated as a way to do charitable work however evolved into more substantive political action While involvement with groups devoted to feeding school children and expanding Bible study sessions seemed benign these white women s growing awareness of racial disparities in Memphis and elsewhere caused them to question the South s hierarchies in ways many of their peers did not Ultimately they found themselves challenging segregation more directly found themselves ostracized as a result and discovered they were often distrusted by a justifiably suspicious black community Their newly discovered commitment to civil rights contributed to the success of the city s sanitation workers strike of 1968 Dr Martin Luther King Jr s death during the strike resonated so deeply that for many of these women it became a defining moment In the long term these women proved to be a persistent and progressive influence upon the attitudes of the white population of Memphis and particularly on the city s elite
