## **Rabbits Rainy Day:**

Rabbit's Rainy Day Amye Rosenberg, 1989-01-01 On a rainy day rambunctious Pinky Rabbit has to stay indoors and drives the rest of his family crazy **Rabbit's Rainy Day** Clever Factory, 2010 Join Rabbit as he celebrates his rainy day with happiness optimism and great deal of fun Every day is beautiful for this charming little bunny **Rabbit's Rainy Day** Christina Hill, 2024-09-17 Let's practice reading with a story about a rabbit who loves the rain **Little Rabbit's Rainy Day!**, 2014 Roadhunting Sean Michael Collins, 2015-09-02 Why would anyone want to roadhunt Some folks might ask A number of you reading this book already know why you would A number of those who ask this question with shock and dismay will be landowners who ironically will have posted large chunks of property to keep everyone but themselves their friends and family out then sadly shake their head at the state of affairs wherein roadhunting exists The fact is that if there were decent access for all roadhunting would not exist to the extent that it does But often times the people that bitch and complain the most about roadhunting are those that are primarily responsible for it For some folks roadhunting is nothing more than a means to extend their hunting time while driving to and from their hunting area and or something to do on days where there is inclement weather For others especially those who live where there is little to no public hunting land roadhunting may be the only practical way to put game in the freezer Landowners contrary to what many of them would have you believe do not own the deer or other game Wild animals are owned so to speak if anyone really can own them by the public and you my friend are a member of the public Many landowners feel that they de facto own wild game because it lives on their property so if you must temporarily access someone else's private property to get what is yours then so be it I would freely admit that roadhunting is hardly the highest form of hunting out there unfortunately a lot of us have neither the time nor money either to afford their own property or travel to top notch hunting locations There is nothing that says roadhunting and field hunting have to be mutually exclusive that you have to do either one or the other The author spends three hundred plus hours a year deer hunting in the field or woods and some years are certainly better than others Therefore when a gift deer comes along and presents itself by the road I'm not going to feel bad about taking it I fail to see how anyone can be hurt by knowing how to roadhunt whether you practice it or not is up to you but you may find the knowledge helpful some day when times get tough Also nothing says you can't use what you learn from this book just to help enhance your deer viewing activities Once you learn roadhunting it's like riding a bicycle or shooting a rifle you never really forget how And even if you don't care for the instructional portions of this book hopefully you will find the stories entertaining A majority of this book has to do with roadhunting whitetail deer with a chapter thrown in about small game in Michigan However the author would point out that he has spotted whitetail in eight other states and two Canadian Provinces Also I have at different times spotted mule deer elk and antelope Being who I am I couldn't help but notice that on numerous of these occasions I honestly believe I could have pulled off a successful roadhunt had I so desired Although the hands on tactics so to speak laid out in

this book are based on experiences that happened in Michigan I firmly believe that they can be used almost anywhere Some of the tactics and information contained in this book are legal in some places and not others and some are illegal everywhere Therefore this book should be read for educational and entertainment purposes only Neither the author nor publisher accepts any responsibility or liability for the use or misuse of information contained in this book With that said good luck and good hunting
