P. Stern, 1979-07-05      **Critical Survey of Long Fiction: V.S. Pritchett-August Strindberg** , 2000      **The Rabelaisian Mythologies** Max Gauna, 1996 Chapter 4 examines in detail the various myths of the fourth book and suggests that in it Rabelais propounds a radically unorthodox syncretism in which the poetic attractions of Platonic and Plutarchan demonology are preponderant in which Christ Himself may be seen as the greatest of the demons and where the climax of the book shows us the hero Pantagruel in direct communication with his own guardian demon A short epilogue sums up Gauna's conclusions and suggests reasons for the literary and philosophical attractions of magical Platonism      Rabelais's Carnival Samuel Kinser, 2024-03-29 How is it possible after four centuries that a major episode in Rabelais's novels remains systematically misread The episode which playfully and grotesquely treats the relation of Carnival to Lent occurs in Rabelais's Fourth Book his last and most artfully crafted novel Samuel Kinser argues that the text has been distorted because critics have not attended to the episode's performative as well as literary contexts overlooking the innovative use Rabelais made in his work of his immediate world In this original interpretation of the Fourth Book Kinser evokes the gestures games and visual oral bodily semantics of Carnival and Lent as they were performed in Rabelais's day He also underscores the importance to Rabelais of the invention of printing an innovation which revolutionized the relationships of author and reader Understanding this and fearing it Rabelais adopted an extraordinary set of disguises as an author disguises which in their bewildering interplay constitute the truest sense of his carnival This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990      **Rabelais in Context**

D. Howarth,1982-07 This study explores the evolution of Moli re s comedy as a careful amalgamation of comedy and philosophical satire The Cambridge Introduction to French Literature Brian Nelson,2015-06-11 An engaging highly accessible and informative introduction to French literature from the Middle Ages to the present Renaissance and Revolt John Hearsey McMillan Salmon,2003-12-11 Including Professor salmon s pioneering and authoritative analyses as well as particular studies of french revolts *Ancient Narrative Volume 1 (2000-2001)* , **Encyclopedia of the Novel** Paul Schellinger,2014-04-08 The Encyclopedia of the Novel is the first reference book that focuses on the development of the novel throughout the world Entries on individual writers assess the place of that writer within the development of the novel form explaining why and in exactly what ways that writer is importnant Similarly an entry on an individual novel discusses the importance of that novel not only form analyzing the particular innovations that novel has introduced and the ways in which it has influenced the subsequent course of the genre A wide range of topic entries explore the history criticism theory production dissemination and reception of the novel A very important component of the Encyclopedia of the Novel is its long surveys of development of the novel in various regions of the world **Tricksters and Pranksters** Alison Williams,2021-11-08 This volume represents a contribution to comparative scholarship in Medieval and Renaissance studies in its investigation of the ingenious diversity of roguish practices found in Medieval and Renaissance literature and its recognition of the coherent normative function of tales of tricksters and pranksters The wide variety of works analysed from those forming part of the established canon of texts on undergraduate degree schemes to lesser known works makes the volume of interest to students and researchers alike The roguish behaviour of women priests foxes and outlaws and the knavery of Eulenspiegel and Panurge are used to illustrate how rituals of inversion and humiliation typical of the medieval carnival are reflected in literary accounts of trickery and to question whether the restorative function attributed to carnival celebration is equally to be found in the intra textual and extra textual outcomes of trickery This analysis is supported by studies into the trickster in mythology sociological investigations into the role of disorder Bakhtinian theories of carnival and the carnivalesque and theories of black humour **Rimbaud** Cecil Arthur Hackett,1981-06-04 Professor Hackett shows Rimbaud s poetic work had decisive influence on the development of French poetry *Boileau and the Nature of Neoclassicism* Gordon Pocock,1980-06-19 Boileau has traditionally been regarded as the spokesman of French neo classicism but some elements of scholarship have discounted the importance of

neo classical doctrine in general and of Boileau s particular contribution to it Many critical approaches have stressed instead the liveliness and wit of Boileau s poems his love of language and his passionate temperament Mr Pocock uses these critical approaches to demonstrate in detail how Boileau s verve love of contrasts and essentially dramatic imagination animate the major poems But he also argues that such approaches do not in themselves suffice to explain Boileau s special qualities Neo classicism was an important element in the intellectual life of Europe in the most critical period of the decline of Christianity and the rise of rationalism and science Mr Pocock proposes a reformulation of those views which take account not only of modern criticism but also of Boileau s commitment to neo classicism and his embodiment of it in his work *Queer Theory in Education* William F. Pinar,2012-10-02 Theoretical studies in curriculum have begun to move into cultural studies one vibrant and increasingly visible sector of which is queer theory Queer Theory in Education brings together the most prominent and promising scholars in the field of education primarily but not exclusively in curriculum in the first volume on queer theory in education In his perceptive introduction the editor outlines queer theory as it is emerging in the field of education its significance for all scholars and teachers and its relation to queer theory in literacy theory and more generally in the humanities The World Upside Down in 16th-Century French Literature and Visual Culture Vincent Robert-Nicoud,2018-09-11 In The World Upside Down in 16th Century French Literature and Visual Culture Vincent Robert Nicoud offers an interdisciplinary account of the topos of the world upside down in early modern France To call something topsy turvy in the sixteenth century is to label it as abnormal The topos of the world upside down evokes a world in which everything is inside out and out of bounds fish live in trees children rule over their parents and rivers flow back to their source The world upside down proves to be key in understanding how the social political and religious turmoil of sixteenth century France was represented and conceptualised and allows us to explore the dark side of the Renaissance by unpacking one of its most prevalent metaphors **Reference Guide to World Literature** Tom Pendergast,2003 Covers writers from the ancient Greeks to 20th century authors Includes biographical bibliographical entries on nearly 500 writers and approximately 550 entries focusing on significant works of world literature Each author entry provides a detailed overview of the writer s life and works Work entries cover a particular piece of world literature in detail
