George M. Masters

Rabelaisian Dialectic And The Platonic Hermetic Tradition:

Rabelaisian Dialectic and the Platonic-Hermetic Tradition George M. Masters, 1969-06-30 In this study Professor Masters looks beyond the few critical attempts that heretofore have analyzed only isolated aspects of Platonism and Hermetism in Rabelaisian literature He examines the closely related themes of Platonism the Dionysian mysteries and the Hermetic sciences in Rabelais's work and concludes that Rabelais shared with the Platonic Hermetic tradition both its dialectic and perception of man's position in the universe In the perspective of Platonic dialectic Professor Masters analyzes Rabelaisian allegory symbolism and imagery as a play on appearance and reality Through the allegorical myths of Gargantua and Pantagruel Rabelais rejects the seemingly dichotomous extremes of materialism and ascetic spiritualism while his philosophy of Pantagruisme shows a positive acceptance of both the physical world and contemplative thought Through the symbolism of wine Rabelais manifests the Platonic ideal of Love Harmony Order on the literal level of conviviality in the philosophical dialogue of the symposium and in the intuitive dialectic of Socratic contemplation In Rabelais's view man can achieve self knowledge only through reasonable control and by actively establishing a balance with society nature and God The magus may diabolically use the sciences of astrology magic alchemy and the Cabala in an attempt to subject the world to his own will or he may achieve unity with himself and his total environment by restoring in himself the harmonious order he finds in the cosmos In an appendix Professor Masters examines the continuity of the several themes of the Platonic Hermetic tradition as they occur in the five books of the Rabelaisian corpus He concludes as two corollaries of the main thesis that their constant recurrence demonstrates the thematic unity of the five books and the authenticity of Book Five

Rabelaisian Dialectic and the Platonic-Hermetic Tradition George Mallary Masters, Timothy Carl McMasters, 1969-01-01 In this study Professor Masters looks beyond the few critical attempts that heretofore have analyzed only isolated aspects of Platonism and Hermetism in Rabelaisian literature He examines the closely related themes of Platonism the Dionysian mysteries and the Hermetic sciences in Rabelais's work and concludes that Rabelais shared with the Platonic Hermetic tradition both its dialectic and perception of man's position in the universe In the perspective of Platonic dialectic Professor Masters analyzes Rabelaisian allegory symbolism and imagery as a play on appearance and reality Through the allegorical myths of Gargantua and Pantagruel Rabelais rejects the seemingly dichotomous extremes of materialism and ascetic spiritualism while his philosophy of Pantagruisme shows a positive acceptance of both the physical world and contemplative thought Through the symbolism of wine Rabelais manifests the Platonic ideal of Love Harmony Order on the literal level of conviviality in the philosophical dialogue of the symposium and in the intuitive dialectic of Socratic contemplation In Rabelais's view man can achieve self knowledge only through reasonable control and by actively establishing a balance with society nature and God The magus may diabolically use the sciences of astrology magic alchemy and the Cabala in an attempt to subject the world to his own will or he may achieve unity with himself and his total

environment by restoring in himself the harmonious order he finds in the cosmos In an appendix Professor Masters examines the continuity of the several themes of the Platonic Hermetic tradition as they occur in the five books of the Rabelaisian corpus He concludes as two corollaries of the main thesis that their constant recurrence demonstrates the thematic unity of the five books and the authenticity of Book Five Rabelaisian dialectic and the Platonic-Hermetic tradition George Mallary Masters,1969

The Cambridge Companion to Rabelais John O'Brien,2011 An accessible readable account of Rabelais his work his thought and his world Enter Rabelais, Laughing Barbara C. Bowen,1998 Francois Rabelais is a difficult and often misunderstood author whose reputation for coarse Rabelaisian jesting and Gargantuan indulgence in food drink and sex is highly misleading He was in fact a committed humanist who expressed strong views on religion good government education and much more through the mock heroic adventures of his giants While most books about Rabelais have relatively little to say about his comedic genius Enter Rabelais Laughing analyzes the many sides of Rabelais's humor focusing on why his writing was so hilariously funny to sixteenth century readers The author begins by discussing how the Renaissance defined laughter and situates Rabelais in a long tradition of literary laughter Subsequent chapters examine specific contexts relevant to Gargantua and Pantagruel beginning with the comic aspects of epic chronicle mock epic and farce and proceeding to Renaissance and Reformation humanist satire rhetoric medicine and law All of these chapters combine information much of it new on the humanist message Rabelais wanted to convey to his readers with an analysis of how he used his wit to reinforce his message Rarely is a writer's work treated in such illuminating detail On a broad level Enter Rabelais Laughing serves as an excellent introduction to French Renaissance literature and exhibits a remarkably charming and lucid writing style free of jargon To Rabelais scholars in particular it offers a thorough and innovative analysis that corrects misconceptions and questions commonly held views The Design of Rabelais's Edwin M. Duval,1997 En analysant le dessin du Tiers Livre sa composition formelle aussi bien que son intention sous-jacente E Duval dégage la cohérence profonde d'une œuvre qui passe le plus souvent pour ambigu et minipenne Cette cohérence qui se manifeste simultanément deux niveaux celui du dessin de Pantagruel dans la quete celui du dessin de Rabelais dans son livre permet l'auteur non seulement de résoudre plusieurs apories de la critique rabelaisienne mais de découvrir dans le Tiers Livre des dimensions et des ironies inaperçues jusqu'à présent

A Companion to François Rabelais Bernd Renner,2021-08-30 Winner of the 2022 SCSC Bainton Prize for Reference Works A Companion to François Rabelais offers the most comprehensive and up to date account of the works of François Rabelais one of the most influential writers of the Western literary tradition A monk medical doctor translator and editor Rabelais embodies the ideals of Renaissance humanism His genre bending fiction combines vast erudition comic verve and critical observations of all spheres of contemporary life that are relevant to this day Two sections of this volume situate Rabelais's work in the larger social political and literary context of his time A third section gives concise interpretations of each of the five books of the Pantagrueline Chronicles The contributors are eminent scholars of

early modern literature They include Tom Conley François Cornilliat Marie Luce Demonet Diane Desrosiers Mireille Huchon Elsa Kammerer Jelle Koopmans Claude La Charit Nicolas Le Cadet Frank Lestringant Romain Menini Gérard Milhe Poutingon Marie Claire Thomine Jean Charles Monferran John Parkin Jeff Persels Anne Pascale Pouey Mounou Michael Randall Paul J Smith and Walter Stephens **Rabelais in Context** Barbara C. Bowen,1993 **Liber 420** Chris Bennett,2018-04-20

Although little known cannabis and other psychoactive plants held a prominent and important role in the Occult arts of Alchemy and Magic as well as being used in ritual initiations of certain secret societies Find out about the important role cannabis played in helping to develop modern medicines through alchemical works Cannabis played a pivotal role in spagyric alchemy and appears in the works of alchemists such as Zosimos Avicenna Llull Paracelsus Cardano and Rabelais Cannabis also played a pivotal role in medieval and renaissance magic and recipes with instructions for its use appear in a number of influential and important grimoires such as the Picatrix Sepher Raxiel Liber Salomonis and The Book of Oberon Could cannabis be the Holy Grail With detailed historical references the author explores the allegations the Templars were influenced by the hashish ingesting Assassins of medieval Islam and that myths of the Grail are derived from the Persian traditions around the sacred beverage known as haoma which was a preparation of cannabis opium and other drugs Many of the works discussed have never been translated into English or published in centuries The unparalleled research in this volume makes it a potential perennial classic on the subjects of both medieval and renaissance history of cannabis as well as the role of plants in the magical and occult traditions Nature Loves to Hide: An Alternative History of Philosophy Paul S. MacDonald,2018-11 An alternative history of philosophy has endured as a shadowy parallel to standard histories although it shares many of the same themes It has its own founding texts in the late ancient Hermetica from whence flowed three broad streams of thought alchemy astrology and magic These thinkers attitude toward philosophy is not one of detached speculation but of active engagement even intervention It appeared again in the European Middle Ages in the Renaissance with Rabelais Paracelsus Agrippa Ficino and Bruno and in the early modern period with John Dee Robert Fludd Jacob Boehme Thomas Browne Kenelm Digby van Helmont and Isaac Newton In the 18th 19th centuries this book considers Lichtenberg's Fragments Berkeley's Siris Swedenborg Hegel von Baader and great Romantics such as Novalis Goethe S T Coleridge and E A Poe as well as Nietzsche and in the 20th century it turns to the great modernist literature of Fernando Pessoa Robert Musil Ernst Bloch and P K Dick **Echoland** Gerald Ernest Paul Gillespie,Gerald Gillespie,2006 This book follows several major European literary echoes still reverberating since the mysterious emergence of such archetypal figures as Faust Hamlet Quixote and Don Juan alongside lingering ancient and medieval protagonists in the Renaissance Four centuries of attempts to redefine modern identity are traced against the evolution of a new genre of totalizing encyclopaedic literature the humoristic tradition which re weaves the positive and negative strands of the European and today also New World grand narrative The book's method inspired by Joyce is to listen to recurrent motifs in the cultural flow from Humanism to Postmodernism for

clues to an identity transcending the personal Études rabelaisiennes François Cornilliat, 2003 Essaying Montaigne John O'Neill, 2001-05-01 John O'Neill reads Montaigne's Essays from their central principle of friendship as a communicative and pedagogical practice operative in society literature and politics The friendship between Montaigne and La Boétie was ruled neither by plenitude nor lack but by a capacity for recognition and transitivity As an essayist Montaigne is an exemplary practitioner of a technique of difference and recognition that puts all certainties of history philosophy and culture in the balance of weighted comparison The essayist reveals how every absolute subjectivity or authority is shaken by its internal weakness once we move inside the contrastive structure of domination in politics gender and race O'Neill's reading of the Essays strives to be faithful to the phenomenology of their embodied practices of reading to write to re-read and re-write From this standpoint he engages the principal critical readings of the Essays over the last century that have examined with great brilliance their history structure and psychology Whether the structure is evolutionary structuralist Marxist or psychoanalytical O'Neill provides close readings of Montaigne's literary critics By bringing to bear the ethico-critical practice of essaying to resist the subjection of the Essays to dominant criticism O'Neill reminds readers that Montaigne's appeal is in how he survived bloody cultural war with a balance of modesty and tolerance invoking compromise where others practice violence

The Rhetoric of Sexuality and the Literature of the French Renaissance Lawrence D. Kritzman, 1993

Surveying the expanding conflict in Europe during one of his famous fireside chats in 1940 President Franklin Roosevelt ominously warned that we know of other methods new methods of attack The Trojan horse The fifth column that betrays a nation unprepared for treachery Spies saboteurs and traitors are the actors in this new strategy Having identified a new type of war a shadow war being perpetrated by Hitler's Germany FDR decided to fight fire with fire authorizing the formation of the Office of Strategic Services OSS to organize and oversee covert operations Based on an extensive analysis of OSS records including the vast trove of records released by the CIA in the 1980s and 90s as well as a new set of interviews with OSS veterans conducted by the author and a team of American scholars from 1995 to 1997 *The Shadow War Against Hitler* is the full story of America's far-flung secret intelligence apparatus during World War II In addition to its responsibilities generating processing and interpreting intelligence information the OSS orchestrated all manner of dark operations including extending feelers to anti-Hitler elements infiltrating spies and sabotage agents behind enemy lines and implementing propaganda programs Planned and directed from Washington the anti-Hitler campaign was largely conducted in Europe especially through the OSS's foreign outposts in Bern and London A fascinating cast of characters made the OSS run William J. Donovan one of the most decorated individuals in the American military who became the driving force behind the OSS's genesis Allen Dulles the future CIA chief who ran the Bern office which he called the big window onto the fascist world a veritable pantheon of Ivy League academics who were recruited to work for the intelligence services and not least Roosevelt himself A major contribution of the book is the story of how FDR employed Hitler's former propaganda chief Ernst

Putzi Hanfstengl as a private spy More than a record of dramatic incidents and daring personalities this book adds significantly to our understanding of how the United States fought World War II It demonstrates that the extent and limitations of secret intelligence information shaped not only the conduct of the war but also the face of the world that emerged from the shadows The Ashgate Encyclopedia of Literary and Cinematic Monsters Jeffrey Andrew Weinstock,2016-04-01 From vampires and demons to ghosts and zombies interest in monsters in literature film and popular culture has never been stronger This concise Encyclopedia provides scholars and students with a comprehensive and authoritative A Z of monsters throughout the ages It is the first major reference book on monsters for the scholarly market Over 200 entries written by experts in the field are accompanied by an overview introduction by the editor Generic entries such as ghost and vampire are cross listed with important specific manifestations of that monster In addition to monsters appearing in English language literature and film the Encyclopedia also includes significant monsters in Spanish French Italian German Russian Indian Chinese Japanese African and Middle Eastern traditions Alphabetically organized the entries each feature suggestions for further reading The Ashgate Encyclopedia of Literary and Cinematic Monsters is an invaluable resource for all students and scholars and an essential addition to library reference shelves Etudes rabelaisiennes ,1985

Shakespeare and religio mentis Jane Everingham Nelson,2022-08-22 Have you ever wondered why Cordelia has to die Or how Alonso talks and walks about the isle while his body lies full fathom five on the sea floor Ever wondered why the monument to Shakespeare in the Church of the Holy Trinity in Stratford upon Avon names three pagans Nestor Socrates and Virgil king philosopher and poet Or why Shakespeare is on Olympus home of the Greek gods This interdisciplinary study the first to interpret the plays of Shakespeare in the light of the esoteric religious doctrines of the Corpus Hermeticum holds answers to these and other puzzling questions *Oscillation in Literary Modernism* John Francis Harty,2009 While the two modernist novels considered in this book Samuel Beckett's *Murphy* and Malcolm Lowry's *Under the Volcano* were initially understood within the categories of stoic and tragic despair more recent criticism has focused upon their carnivalesque dimension The identification of these hermeneutic polarities presented the author with the challenging problem which underlies the present analysis namely the question concerning the structural relationship between the contesting thematics Drawing upon the paradigm of oscillation as established within the natural sciences and adding a figurative dimension to the concept the author has adapted this model as a key to unravelling the narrative buoyancy and structural coherence which sustain these novels of Modernism The book elucidates how the carnivalesque challenge to despair contributes towards innovative narrative configurations galvanizing the thematic antipodes into vertiginous microcosms of defiant selfhood

Ghost Stories in Late Renaissance France Timothy Chesters,2011-01-13 Caught in the grip of savage religious war fear of sorcery and the devil and a deepening crisis of epistemological uncertainty the intellectual climate of late Renaissance France c 1550 1610 was one of the most haunted in European history Although existing studies of this climate have been

attentive to the extensive body of writing on witchcraft and demons they have had little to say of its ghosts Combining techniques of literary criticism intellectual history and the history of the book this study examines a large and hitherto unexplored corpus of ghost stories in late Renaissance French writing These are shown to have arisen in a range of contexts far broader than was previously thought whether in Protestant polemic against the doctrine of purgatory humanist discussions of friendship the growing ethnographic consciousness of New World ghost beliefs or courtroom wrangles over haunted property Chesters describes how over the course of this period we also begin to see emerge characteristics recognisable from modern ghost tales the setting of the haunted house the eroticised ghost or the embodied revenant Taking in prominent literary figures including Rabelais Ronsard Montaigne d Aubign as well as forgotten demonological tracts and sensationalist pamphlets *Ghost Stories in Late Renaissance France* sheds new light on the beliefs fears and desires of a period on the threshold of modernity It will be of interest to any scholar or student working in the field of early modern European history literature or thought

Homer and the Question of Strife from Erasmus to Hobbes Jessica Wolfe, 2015-09-15 From antiquity through the Renaissance Homer s epic poems the Iliad the Odyssey and the various mock epics incorrectly ascribed to him served as a lens through which readers translators and writers interpreted contemporary conflicts They looked to Homer for wisdom about the danger and the value of strife embracing his works as a mythographic shorthand with which to describe and interpret the era s intellectual political and theological struggles *Homer and the Question of Strife from Erasmus to Hobbes* elegantly exposes the ways in which writers and thinkers as varied as Erasmus Rabelais Spenser Milton and Hobbes presented Homer as a great champion of conflict or its most eloquent critic Jessica Wolfe weaves together an exceptional range of sources including manuscript commentaries early modern marginalia philosophical and political treatises and the visual arts Wolfe s transnational and multilingual study is a landmark work in the study of classical reception that has a great deal to offer to anyone examining the literary political and intellectual life of early modern Europe
