Diversity and Aging Among Immigrant Seniors in Canada Douglas Durst, Michael MacLean, 2010-01-01 Historically Canada has been a nation of immigrants with 16 20% of its citizens being foreign born Most immigrant research addresses the issues of integration and adjustment of young and adult immigrants with little work on aging There are numerous books on immigrants and books on aging but there are few that have considered the topics of both diversity and aging *Diversity and Aging among Immigrant Seniors in Canada* breaks from that tradition and offers an eclectic collection of original research from among Canada s leading researchers on aging and immigrants Some researchers refer to this emerging field as Ethno gerontology There are two interesting groups of immigrant seniors those who entered Canada at over 65 years of age and those who aged in Canada Most Canadians are surprised to learn that the senior population of seniors has a higher

percentage of immigrants 19.6% than the general population 13.7%. As Canadians age, the country's composition of immigrant seniors has also changed from mainly European to greater cultural and ethnic diversity from Africa and Asia. This cultural and ethnic diversity has social health economic policy implications and impacts on programs and services delivered to seniors. Diversity and Aging among Immigrant Seniors in Canada is divided into two main sections. In Part 1, the chapters explore general and universal issues such as national trends and demographics, theoretical orientations, issues of culture and legal dimensions, poverty and income, and end of life care. In Part 2, the chapters examine issues pertaining to specific ethnic groups. For example, there are chapters on the social well-being of Chinese immigrants, determinants of mental health for Iranian seniors, family dynamics for aging Haitian elders, and emerging issues for Punjabi families. Diversity and Aging among Immigrant Seniors in Canada offers both breadth and depth to the topic of aging among immigrants and is a must-read for social work and health care professionals, students in health and social services policy and program planners, and families of aging immigrants. It is written in a language that crosses disciplines, shedding professional jargon, making it an informative and engaging read for professionals, researchers, and the general public.

**Racism** Albert J. Wheeler, 2005. Of all mankind's vices, racism is one of the most pervasive and stubborn. Success in overcoming racism has been achieved from time to time, but victories have been limited thus far because mankind has focused on personal economic gain or power grabs, ignoring generosity of the soul. This bibliography brings together the literature.

**Race and Society** Tina Patel, 2016-11-26

Race and Society is a thoughtful and critically engaging exploration of some of the key issues around race and racialisation which have arisen in what is considered to be a highly diverse and complex society. With a progressive approach emphasising the social construction of race issues within a post-racial era, moving away from essentialist and polarized explanations of racial interaction, Tina Patel introduces the main concepts and key theories, including their post-developments. Focuses on the processes and impact of racial categorisation in contemporary society. Highlights the intersectional and multifaceted nature of race and related conceptualizations. Illustrates how race has morphed into newer forms of categorizations. Race and Society is packed with topical examples and international case studies to engage students, along with chapter summaries, study questions, and further reading. It's a highly readable and thought-provoking guide to the study of race and racialisation.

processes for students of sociology criminology and related disciplines      **Race and Morality** Melvyn L. Fein, 2012-12-06

After I had finished my presentation a colleague and I sat rocking on the hotel porch to discuss its merits It was a picture perfect fall day in Jekyll Island Georgia and he was a friend Yes he explained what I was saying seemed to be true And yes it probably needed to be said but why did I want to be the one to say it Wasn't I after all a tenured professor who didn't need to make a fuss in order to retain his job Didn't it make sense to just kick back and enjoy the easy life I had earned The topic of our tete a tete was my speculations about race relations and he was certain that too much honesty could only get me in trouble Given my lack of political correctness people were sure to assume that I was a racist and not give me a fair hearing This was a prospect I had previously contemplated Long before embarking on this volume I had often asked myself why I wanted to write it The ideological fervor that dominates our public dialogue on race guaranteed that some people would perceive me as a dangerous scoundrel who had to be put in his place
