*Race and Ethnicity* Pierre L. Van den Berghe, 1970      *Race and Ethnicity : Essays in Comparative Sociology* G. W. Sannes, 1970      *Ideologies of Race* David Rainbow, 2019-10-17 Is the concept of race applicable to Russia and the Soviet Union Citing the idea of Russian exceptionalism many would argue that in the nineteenth and twentieth centuries while nationalities mattered race did not Others insist that race mattered no less in Russia than it did for European neighbours and countries overseas These conflicting notions have made it difficult to understand rising racial tensions in Russian and Eurasian societies in recent years A collection of new studies that reevaluate the meaning of race in Russia and the Soviet Union *Ideologies of Race* brings together historians literary scholars and anthropologists of Russia the Soviet Union Western Europe the United States the Caribbean and Latin America The essays shift the principle question from whether race meant the same thing in the region as it did in the classic racialized regimes such as Nazi Germany and the United States to how race worked in Russia and the Soviet Union during various periods in time Approaching race as an ideology this book illuminates the complicated and sometimes contradictory intersection between ideas about race and racializing practices An essential reminder of the tensions and biases that have had a direct and lasting impact on Russia *Ideologies of Race* yields crucial insights into the global history of race and its ongoing effects in the contemporary world Contributors include Adrienne Edgar University of California Santa Barbara Aisha Khan New York University Alaina Lemon University of Michigan Susanna Soojung Lim University of Oregon Marina Mogilner University of Illinois Chicago Brigid O Keeffe Brooklyn College David Rainbow University of Houston Gunja SenGupta Brooklyn College Vera Tolz University of Manchester Anika Walke Washington University St Louis Barbara Weinstein New York University and Eric Weitz City University of New York      The Excluded Past Robert MacKenzie, Peter Stone, 2013-10-23 A ground breaking book that examines the uneasy relationship between archaeology and education Argues that archaeologists have a vital role to play in education alongside other interpreters of the past Contributors from different countries and disciplines show how the exclusion of aspects of the past tends to impoverish and distort social and educational experience      **Chinese in Australian Fiction, 1888-1988** ,

**Growing up Indigenous: Developing Effective Pedagogy for Education and Development** R.M. Nichol, 2011-07-23 This is a fascinating account of traditional socialisation and Indigenous forms of learning in Australia and Melanesia It draws from rich ethnographic historical and educational material There has never been a greater need for a socially and historically informed yet critical account of the mismatch between traditional ways realities of life in Indigenous communities villages and enclaves and the forms of education provided in schools Raymond Nichol a specialist in Indigenous education and pedagogy surveys the links too often disparities between ethnographic detail of life on the ground and the schooling provided by nation states in this vast region Most importantly he explores and suggests ways community developers and educators Indigenous and non Indigenous may work to bridge the gaps in social rights educational and economic development This is

relevant for all Indigenous communities their survival and development Many vexed issues are discussed such as race ethnicity identity discrimination self determination development and relevant effective pedagogical learning and schooling strategies

*Shades of Difference* Richard W. Rees,2007 From its prehistory in the biological theories of racial difference formulated in the 1800s to its current position in academic debate Richard Rees investigates the diverse fields of scholarship from which the multifaceted understanding of the term ethnicity is derived At the same time Rees traces the broader historical forces that shaped the needs to which the concept of ethnicity responded and the social purposes to which it was applied Centrally he focuses upon the emergence of ethnicity in the early 1940s as a means of resolving contradictions and ambiguities in the racial status of European immigrants and its subsequent legacy and implications on race and caste *Shades of Difference* introduces new perspectives on the definition of whiteness in America and makes an original contribution to the larger discussion of race through a detailed account of ethnicity s original meaning and its revaluation when later appropriated by the discourse of Black Nationalism in the 1960s and 70s Rees has produced a powerful new analysis of the cultural and political history of ethnicity in America

Routledge International Handbook of Contemporary Racisms John Solomos,2020-02-25 The study of contemporary forms of racism has expanded greatly over the past four decades Although it has been a focus for scholarship and research for the past three centuries it is perhaps over this more recent period that we have seen important transformations in the analytical frames and methods to explore the changing patterns of contemporary

racisms The Routledge International Handbook of Contemporary Racisms brings together thirty four original chapters from international experts that address key features of contemporary racisms The Handbook has a truly global orientation and covers contemporary racisms in both the western and non western geopolitical environments In terms of structure the volume is organized into ten interlinked parts that include Theories and Histories Contemporary Racisms in Global Perspective Racism and the State Racist Movements and Ideologies Anti Racisms Racism and Nationalism Intersections of Race and Gender Racism Culture and Religion Methods of Studying Contemporary Racisms and the End of Racism These parts contain chapters that draw on original theoretical and empirical research to address the evolution and changing forms of contemporary racism The Handbook is framed by a General Introduction and by short introductions to each part that provide an overview of key themes and concerns Written in a clear and direct style and from a conceptual multidisciplinary and international perspective the Handbook will provide students scholars and practitioners with an overview of the most pressing issues of Racisms in our time

**Culture and Fertility** Amelia B. Alfonso, Leda L. Layo, Rodolfo A. Bulatao, 1980 The monograph is concerned with gaining an insight into the relationship between ethnic identity and population behaviour in the Philippines Establishing the linkage between ethnic diversity and fertility differentials will have definite implications for population policies and programmes This interest grows from the general recognition that such policies and programmes have often been planned and implemented on a national scale with little consideration for ethnic diversity While the relationship between ethnicity and fertility will not be directly studied or measured in this manuscript inferences and hypotheses will be drawn from an integration of available literature on the various ethnic groups in the Philippines on the one hand and a review of relevant population data from existing surveys on the other

**Theoretical Explorations in African Religion** Wim van Binsbergen, Matthew Schoffeleers, 2013-10-28 First published in 1985 This collection of papers on theoretical and methodological perspectives in the study of African religion is the outcome of a conference which the editors were asked to convene on behalf of the African Studies Centre Leiden in December 1979

**Pluralism in Malaysia** Nagata, 2024-09-02

**Lynching** Robert W. Thurston, 2016-05-06 Addressing one of the most controversial and emotive issues of American history this book presents a thorough reexamination of the background dynamics and decline of American lynching It argues that collective homicide in the US can only be partly understood through a discussion of the unsettled southern political situation after 1865 but must also be seen in the context of a global conversation about changing cultural meanings of race A deeper comprehension of the course of mob murder and the dynamics that drove it emerges through comparing the situation in the US with violence that was and still is happening around the world Drawing on a variety of approaches historical anthropological and literary the study shows how concepts of imperialism gender sexuality and civilization profoundly affected the course of mob murder in the US Lynching provides thought provoking analyses of cases where race was and was not a factor The book is constructed as a series of case studies grouped into three thematic sections

Part I Understanding Lynching starts with accounts of mob murder around the world Part II Lynching and Cultural Change examines shifting concepts of race gender and sexuality by drawing first on the romantic travel and adventure fiction of the era 1880 1920 from authors such as H Rider Haggard and Edgar Rice Burroughs Changing images of black and white bodies form another major focus of this section Part III Blood Debate and Redemption in Georgia follows the story of American collective murder and growing opposition to it in Georgia a key site of lynching in the early twentieth century By situating American mob murder in a wide international context and viewing the phenomenon as more than simply a tool of racial control this book presents a reappraisal of one of the most unpleasant yet important periods of America s history one that remains crucial for understanding race relations and collective violence around the world **The Japanese Overseas**

Merry E. White, 2014-07-14 The astonishing success of Japanese corporations throughout the world has transplanted millions of Japanese into foreign lands but returning families face a crisis a problematic sometimes traumatic reunion with an inward looking culture Drawing on scores of in depth interviews Merry White explores the personal and social consequences of a problem that is fully recognized as a national issue in Japan She pays particular attention to the plight of the returnee Japanese child a stranger in his or her own land In this knowledgeable and perceptive book Merry White describes how families who have returned from prolonged sojourns abroad endure damaged careers and spoiled educational prospects Joan Cassell The New York Times Book Review An invaluable source of insights into the problems that Japanese overseas face and the strategies they pursue both in adjusting to life in foreign countries and in preparing for what may or may not be a hospitable welcome when they arrive back home Theodore C Bestor The Journal of Asian Studies Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *The Public Realm* Lyn H. Lofland, 2017-07-12 This book is about the public realm defined as a particular kind of social territory that is found almost exclusively in large settlements This particular form of social psychological space comes into being whenever a piece of actual physical space is dominated by relationships between and among persons who are strangers to one another as often occurs in urban bars buses plazas parks coffee houses streets and so forth More specifically the book is about the social life that occurs in such social psychological spaces the normative patterns and principles that shape it the relationships that characterize it the aesthetic and interactional pleasures that enliven it and the forces anti urbanism privatism post war planning and architecture that threaten it The data upon which the book s analysis is based are diverse direct observation interviews contemporary photographs historic etchings prints and photographs and historical maps histories of specific urban public spaces or spatial types and the

relevant scholarly literature from sociology environmental psychology geography history anthropology and architecture and urban planning and design Its central argument is that while the existing body of accomplished work in the social sciences can be reinterpreted to make it relevant to an understanding of the public realm this quintessential feature of city life deserves much more u it deserves to be the object of direct scholarly interest in its own right Choice noted that The author s writing style is unusually accessible and the often fascinating narrative is generously supported by well chosen photos

**Ethnicity and Resource Competition in Plural Societies** Leo A. Despres,2011-06-03 No detailed description available for Ethnicity and Resource Competition in Plural Societies      Language Rights V. Pupavac,2012-09-23 Exploring language rights politics in theoretical historical and international context this book brings together debates from law sociolinguistics international politics and the history of ideas The author argues that international language rights advocacy supports global governance of language and questions freedoms of speech and expression      The Copts in Egyptian Politics (RLE Egypt) B. L. Carter,2012-11-23 This book explores the political relationship between the Muslim majority and Coptic minority in Egypt between 1918 and 1952 Many Egyptians hoped to see the collaboration of the 1919 revolution spur the creation of both a new collective Egyptian identity and a state without religious bias Traditional ways of governing however were not so easily cast aside Some Egyptians held tenaciously to the traditional arrangements which had both guaranteed Muslim primacy and served relatively well to protect the Copts and afford them some autonomy Differences within the Coptic community over the wisdom of trusting the genuineness and durability of Muslim support for equality were accentuated by a protracted struggle between reforming laymen and conservative clergy for control of the community The unwillingness of all parties to compromise hampered the ability of the community both to determine and to defend its interests The Copts met with modest success in their attempt to become full Egyptian citizens Their influence in the Wafd the pre eminent political party was very strong prior to and in the early years of the constitutional monarchy and their formal representation was generally adequate and in some parliaments better than adequate However this very success produced a backlash which caused many Copts to believe by the 1940s that the experiment had failed political activity has become fraught with risk for them At the close of the monarchy equality and shared power seemed motions as distant as in the disheartening years before the 1919 revolution
