Shaping Race Policy

Robert Lieberman, 2011-06-27 *Shaping Race Policy* investigates one of the most serious policy challenges facing the United States today the stubborn persistence of racial inequality in the post civil rights era Unlike other books on the topic it is comparative examining American developments alongside parallel histories of race policy in Great Britain and France Focusing on two key policy areas welfare and employment the book asks why America has had such uneven success at incorporating African Americans and other minorities into the full benefits of citizenship Robert Lieberman explores the historical roots of racial incorporation in these policy areas over the course of the twentieth century and explains both the relative success of antidiscrimination policy and the failure of the American welfare state to address racial inequality He chronicles the rise and resilience of affirmative action including commentary on the recent University of Michigan affirmative action cases decided by the Supreme Court He also shows how nominally color blind policies can have racially biased effects and challenges the common wisdom that color blind policies are morally and politically superior and that race conscious policies are merely second best *Shaping Race Policy* has two innovative features that distinguish it from other works in the area First it is comparative examining American developments alongside parallel histories of race policy in Great Britain and France Second its argument merges ideas and institutions which are usually considered separate and competing factors into a comprehensive and integrated explanatory approach The book highlights the importance of two factors America's distinctive political institutions and the characteristic American tension between race consciousness and color blindness in accounting for the curious pattern of success and failure in American race policy

The Politics of Immigration in

Multi-Level States E. Hepburn, R. Zapata-Barrero, 2014-07-08 This book develops an exploratory theory of immigration in multilevel states addressing two themes governance and political parties It examines not only how and by whom immigration policy is decided and implemented at different levels but also how it has become a key issue of party competition across multilevel states

Homonationalism, Femonationalism and Ablenationalism Angeliki Sifaki, C.L. Quinan, Katarina

Lončarević, 2022-04-28 This edited volume engages with a range of geographical political and cultural contexts to intervene in ongoing scholarly discussions on the intersection of nationalism with gender sexuality and race The book maps and analyses the racially and sexually normativising power of homonationalist femonationalist and ablenationalist dynamics and

structures three strands of research that have thus far remained separate. Scholars and practitioners from different geopolitical and academic contexts highlight research on the complexities of women's LGBTQ communities and disabled individuals' engagements with and subsumption within nationalist projects. Homonationalism, Femonationalism, and Ablenationalism: Critical Pedagogies Contextualised offers added value for those researching and teaching on topics related to gender, sexuality, disability, postcoloniality, and nationalism and includes new pedagogical strategies for addressing such timely global phenomena. This dynamic interdisciplinary volume is ideal for those teaching gender studies and for students and scholars in gender studies, international relations, and sexuality studies.

French Politics and Society Alistair Cole, 2017-04-21 French Politics and Society is the ideal companion for all students of France and French politics with a strong reputation for its lucidity and lively exposition of the French polity. This third edition remains a highly readable text and offers a broad critical and comprehensive understanding of French politics. The book provides an excellent description of French institutions and ensures readers access to background information through discussing historical developments, political forces, public policy, and the evolution of important aspects of French society. Key updates for the third edition include extensive updates including the Chirac, Sarkozy, and Hollande presidencies, inclusion of constitutional and state reform coverage since 2008, the French party system, and evolution of the French left and right, more on France's positioning with regards to Brussels, and the impact of the European economic crisis. French Politics and Society is essential reading for all undergraduates studying French politics, French studies, European studies, or comparative politics.

Empire Films and the Crisis of Colonialism, 1946-1959 Jon Cowans, 2015-05-15 The first transnational history of cinema's role in decolonization. Using popular cinema from the United States, Britain, and France, Empire Films and the Crisis of Colonialism, 1946-1959 examines postwar Western attitudes toward colonialism and race relations. Historians have written much about the high politics of decolonization but little about what ordinary citizens thought about losing their empires. Popular cinema provided the main source of images of the colonies, and according to Jon Cowans, in this far-reaching book, films depicting the excesses of empire helped Westerners come to terms with decolonization and even promoted the dismantling of colonialism around the globe. Examining more than one hundred British, French, and American films from the post-World War II era, Cowans concentrates on movies that depict interactions between white colonizers and nonwhite colonial subjects, including sexual and romantic relations. Although certain conservative films eagerly supported colonialism, Cowans argues that the more numerous liberal colonialist productions undermined support for key aspects of colonial rule, while a few more provocative films openly favored anticolonial movements and urged internal decolonization for people of color in Britain, France, and the United States. Combining new archival research on the films' production with sharp analysis of their imagery and political messages, the book also assesses their reception through box office figures and newspaper reviews. It examines both high-profile and lesser-known films on overseas colonialism, including *The King and I*, *Bhowani Junction*, and *Island in the Sun*, and

tackles treatments of miscegenation and internal colonialism that appeared in Westerns and American films like *Pinky* and *Giant* The first truly transnational history of cinema's role in decolonization this powerful book weaves a unified historical narrative out of the experiences of three colonial powers in diverse geographic settings Muslim Identity Politics Khadijah Elshayyal, 2018-02-28 The surge in divisive and far right politics and growing Islamophobia in Britain pose new challenges for Muslim advocacy organisations British Muslim activism has taken centre stage in the public sphere as a result Yet for over fifty years Muslim advocacy groups have worked to preserve religious identity lobby the state and provide concerted responses to the political establishment This is the first book to chart critically the national and global factors influencing the political mobilisation of British Muslim activists as Muslims Khadijah Elshayyal traces the changes of thought direction and method within Muslim identity politics after 1960 noting key organisations and turning points such as the Rushdie Affair the 9/11 attacks the 7/7 bombings and the current conflict in Syria The book argues that the Rushdie Affair prompted new debate around the subject of freedom of expression which has continued to be a point of contention ever since Providing a history of the interaction between Muslim advocacy groups and the state and the impact of state policy on Muslim communities *Muslims Identity Politics* shows that that Muslim citizens continue to experience an equality gap and recommends where transformation and progress can be made Based on primary sources and in depth interviews this book is a vital resource for government officials policy makers and researchers interested in multiculturalism Islamophobia and security issues in Britain

Civic Hopes and Political Realities S. Karthick Ramakrishnan, Irene Bloemraad, 2008-07-10 For many Americans participation in community organizations lays the groundwork for future political engagement But how does this traditional model of civic life relate to the experiences of today's immigrants Do community organizations help immigrants gain political influence in their neighborhoods and cities In *Civic Hopes and Political Realities* experts from a wide range of disciplines explore the way civic groups across the country and around the world are shaping immigrants quest for political effectiveness *Civic Hopes and Political Realities* shows that while immigrant organizations play an important role in the lives of members their impact is often compromised by political marginalization and a severe lack of resources S Karthick Ramakrishnan and Irene Bloemraad examine community organizations in six cities in California and find that even in areas with high rates of immigrant organizing policymakers remain unaware of local ethnic organizations Looking at new immigrant destinations Kristi Andersen finds that community organizations often serve as the primary vehicle for political incorporation a role once played by the major political parties Floris Vermeulen and Maria Berger show how policies in two European cities lead to very different outcomes for ethnic organizations Amsterdam's more welcoming multicultural policies help immigrant community groups attain a level of political clout that similar organizations in Berlin lack Janelle Wong Kathy Rim and Haven Perez report on a study of Latino and Asian American evangelical churches While the church shapes members political views on issues such as abortion and same sex marriage church members may also question the

evangelical movement's position on such issues as civil rights and immigration Els de Graauw finds that many non profit organizations without explicitly political agendas nonetheless play a crucial role in advancing the political interests of their immigrant members Recent cuts in funding for such organizations she argues block not only the provision of key social services but also an important avenue for political voice Looking at community organizing in a suburban community Sofya Aptekar finds that even when immigrant organizations have considerable resources and highly educated members they tend to be excluded from town politics Some observers worry that America's increasing diversity is detrimental to civic life and political engagement Civic Hopes and Political Realities boldly advances an alternative understanding of the ways in which immigrants are enriching America's civic and political realms even in the face of often challenging circumstances **Identity Politics in the Public Realm** Avigail Eisenberg, Will Kymlicka, 2011-10-11 In an age of multiculturalism and identity politics many minority groups seek some form of official recognition or public accommodation of their identity But can public institutions accurately recognize or accommodate something as subjective and dynamic as identity Are there coherent standards and fair procedures for responding to identity claims In this book Avigail Eisenberg and Will Kymlicka lead a distinguished team of scholars who explore state responses to identity claims worldwide Their case studies focus on key issues where identity is central to public policy such as the construction of census categories interpretation of antidiscrimination norms and assessment of indigenous rights By illuminating both the risks and opportunities of institutional responses to diversity this volume shows that public institutions can either enhance or distort the benefits of identity politics Much depends on the agency of citizens and the ability of institutions to adapt to success and failure **Race and War in France** Richard S. Fogarty, 2008-08-15 Reservoirs of men Race and the deployment of troupes indigènes Hierarchies of rank hierarchies of race Race and language in the army Religion and the problem of Islam in the French army Race sex and imperial anxieties Between subjects and citizens **National Security and Immigration** Christopher Rudolph, 2006 Includes statistical tables and graphs **The Future of Human Rights in the UK** Richard Lang, Claire-Michelle Smyth, 2017-11-06 In November 2016 the University of Brighton hosted a one day conference entitled The Future of Human Rights in the UK Legal academics and practitioners from across the UK and Ireland attended to discuss the various topical issues that arise under the title of the conference Papers were presented on terrorism and counter terrorism the role of the European Court of Human Rights surrogacy and parental rights union rights social and economic rights and Brexit to name but a few This edited collection comprises a selection of the papers presented It is a thought provoking collection designed to make the reader ask themselves what does the future of human rights in the UK look like *We're Here Because You Were There* Ian Patel, 2021-04-13 What are the origins of the hostile environment for immigrants in Britain Chosen as a BBC History Magazine Book of the Year 2021 and shortlisted for the PEN Hessell Tiltman Prize 2022 In the wedded stories of migration and the end of empire Ian Sanjay Patel uncovers a forgotten history of post war Britain After the Second World
