Ogletree, Austin Sarat, 2006-05 Situates the linkage between race and the death penalty in the history of the U S Since 1976 over forty percent of prisoners executed in American jails have been African American or Hispanic This trend shows little evidence of diminishing and follows a larger pattern of the violent criminalization of African American populations that has marked the country s history of punishment In a bold attempt to tackle the looming question of how and why the connection between race and the death penalty has been so strong throughout American history Ogletree and Sarat headline an interdisciplinary cast of experts in reflecting on this disturbing issue Insightful original essays approach the topic from legal historical cultural and social science perspectives to show the ways that the death penalty is racialized the places in the death penalty process where race makes a difference and the ways that meanings of race in the United States are constructed in and through our practices of capital punishment From Lynch Mobs to the Killing State not only uncovers the ways that race influences capital punishment but also attempts to situate the linkage between race and the death penalty in the history of this country in particular the history of lynching In its probing examination of how and why the connection between race and the death penalty has been so strong throughout American history this book forces us to consider how the death penalty gives meaning to race as well as why the racialization of the death penalty is uniquely American      *Racial and Geographic Disparities in the Federal Death Penalty System* United

States. Congress. Senate. Committee on the Judiciary. Subcommittee on the Constitution, Federalism, and Property Rights, 2002      Women and Capital Punishment in the United States David V. Baker, 2015-11-26 The history of the execution of women in the United States has largely been ignored and scholars have given scant attention to gender issues in capital punishment This historical analysis examines the social political and economic contexts in which the justice system has put women to death revealing a pattern of patriarchal domination and female subordination The book includes a discussion of condemned women granted executive clemency and judicial commutations an inquiry into women falsely convicted in potentially capital cases and a profile of the current female death row population      Race, Racism, and American Law Derrick Bell, 1992      **Racist America** Joe R. Allen, Jerome M. Clubb, 2009-01-01 In Race Class and the Death Penalty Howard W. Allen and Jerome M. Clubb examine historical trends in the use of capital punishment in the United States Employing empirical data the authors explore how frequently the death penalty has been used and how its frequency of use has changed where the death penalty was used most often the offenses charged and the characteristics of the executed Not surprisingly their findings indicate that minority groups particularly African Americans and those of lower social and economic status in general have been executed in disproportionate numbers The authors conclude that while the use of the death penalty has progressively declined and the range of capital offenses has narrowed disparities in the use of capital punishment between

social groups and regions that appeared in the colonial period have persisted into the twenty first century      *The Death Penalty* Megan Manzano, 2017-12-15 Is capital punishment morally justified Although the issue generates strong opinions there are no easy answers when it comes to taking the life of a human being Supporters of the death penalty believe it deters law breaking and is the only punishment strong enough for horrific crimes such as child murder and genocide Opponents argue that it violates human rights and point to its finality in the face of judicial system error and unfairness This resource presents a fascinating progression of current viewpoints that reflect the many facets of the death penalty debate

Maratea, 2019-03-26. A history of the *McCleskey v. Kemp* Supreme Court ruling that effectively condoned racism in capital cases. In 1978, Warren McCleskey, a black man, killed a white police officer in Georgia. He was convicted by a jury of 11 whites and 1 African American and was sentenced to death. Although McCleskey's lawyers were able to prove that Georgia courts applied the death penalty to blacks who killed whites four times as often as when the victim was black, the Supreme Court upheld the death sentence in *McCleskey v. Kemp*, thus institutionalizing the idea that racial bias was acceptable in the capital punishment system. After a thirteen-year legal journey, McCleskey was executed in 1991. In *Killing with Prejudice*, R.J. Maratea chronicles the entire litigation process, which culminated in what has been called the Dred Scott decision of our time. Ultimately, the Supreme Court chose to overlook compelling empirical evidence that revealed the discriminatory manner in which the assailants of African Americans are systematically undercharged, and the aggressors of white victims are far more likely to receive a death sentence. He draws a clear line from the lynchings of the Jim Crow era to the contemporary acceptance of the death penalty and the problem of mass incarceration today. The *McCleskey* decision underscores the racial, socioeconomic, and gender disparities in modern American capital punishment, and the case is fundamental to understanding how the death penalty functions for the defendant, victims, and within the American justice system as a whole. **The Political Roots of Racial Tracking in American Criminal Justice** Nina M. Moore, 2015-01-26. The race problem in the American criminal justice system persists because we enable it. The tendency of liberals to point a finger at law enforcement, racial conservatives at the War on Drugs, Black as well as white voters, Democrats as much as Republican lawmakers, President Obama as much as Reagan, both Congress and the Supreme Court alike, all are implicated. We all are *The Man*. Whether the problem is defined in terms of blacks' overrepresentation in prisons or in terms of the disproportional use of deadly police force against blacks, not enough of us demand that something be done. The Political

Roots of Racial Tracking in American Criminal Justice is the story of how the race problem in criminal justice is continually enabled in the national crime policy process and why      **Congressional Record** United States. Congress,1994      America Without the Death Penalty John F. Galliher,Larry W. Koch,David Patrick Keys,Teresa J. Guess,2005 In 2000 Governor George Ryan of Illinois a Republican and a supporter of the death penalty declared a moratorium on executions in his state In 2003 he commuted the death sentences of all Illinois prisoners on death row Ryan contended that the application of the death penalty in Illinois had been arbitrary and unfair and he ignited a new round of debate over the appropriateness of execution Nationwide surveys indicate that the number of Americans who favor the death penalty is declining As the struggle over capital punishment rages on twelve states and the District of Columbia have taken bold measures to eliminate the practice This landmark study is the first to examine the history and motivations of those jurisdictions that abolished capital punishment and have resisted the move to reinstate death penalty statutes      **Machinery of Death** David R.
