*Race, Citizenship, and Law in American Literature* Gregg D. **The Poetics of National and Racial Identity in Nineteenth-Century American Literature** John D. Kerkerling,2003-12-11 John D Kerkerling s study examines the literary history of racial and national identity in nineteenth century America Kerkerling argues that writers such as DuBois Lanier Simms and Scott used poetic effects to assert the distinctiveness of certain groups in a diffuse social landscape Kerkerling explores poetry s formal properties its sound effects as they intersect with the issues of race and nation He shows how formal effects ranging from meter and rhythm to alliteration and melody provide these writers with evidence of a collective identity whether national or racial Through this shared reliance on formal literary effects national and racial identities Kerkerling shows are related elements of a single literary history This is the story of how poetic effects helped to define national identities in Anglo America as a step toward helping to define racial identities within the United States This highly original study will command a wide audience of Americanists

**Political Prayer in Nineteenth-Century American Literature** Amy Dunham Strand,2024-09-30 Political Prayer in Nineteenth Century American Literature explores how American women writers such as Catharine Maria Sedgwick Harriet Beecher Stowe Rebecca Harding Davis and Emily Dickinson translated petitioning a political form for redress of

grievances with religious resonance or what Strand calls political prayer in their literary works At a time when petitioning was historically transforming governments mobilizing masses and democratizing North America these White women writers wrote literary petitions to advocate for others in social justice causes such as antiremoval antislavery and labor reform to transform American literature and culture and to articulate an ambivalent political agency Political Prayer in Nineteenth Century American Literature introduces historic petitioning into literary study as an overlooked but important new lens for reading nineteenth century fiction and poetry Understanding petitions in these literary works and these literary works as petitions also helps us to understand women s political agency before their enfranchisement to explain why scholars have long debated and inconsistently interpreted the works of well anthologized women writers and to see more clearly the multidimensional coexisting and often competing religious and political aspects of their writings

*The Powers of Dignity* Nick Bromell, 2021-01-04 In *The Powers of Dignity* Nick Bromell unpacks Frederick Douglass s 1867 claim that he had elaborated a political philosophy from his own slave

experience Bromell shows that Douglass devised his philosophy because he found that antebellum Americans liberal republican understanding of democracy did not provide a sufficient principled basis on which to fight anti Black racism To remedy this deficiency Douglass deployed insights from his distinctively Black experience and developed a Black philosophy of democracy He began by contesting the founders racist assumptions about humanity and advancing instead a more robust theory of the human as a collection of human powers He asserted further that the conscious exercise of those powers is what confirms human dignity and that human rights and democracy come into being as ways to affirm and protect that dignity Thus by emphasizing the powers and the dignity of all citizens deriving democratic rights from these and promoting a remarkably activist power oriented model of citizenship Douglass s Black political philosophy aimed to rectify two major failings of US democracy in his time and ours its complacency and its racism **Political Religion Beyond**

Joseph Conrad Graham Greene Elizabeth Bowen J G Ballard Don DeLillo and Jennifer Egan Identification Practices and Twentieth Century Fiction makes an original contribution to the disciplines of English Literature History and Cultural Studies
