Race, Crime, and Criminal Justice Anita Kalunta-Crumpton, 2025-07-10 One of the most controversial topics on the subject of race crime and criminal justice is the disproportionate representation of Blacks in the criminal justice system as offenders and prison inmates Rather than portraying Blacks as perpetual victims of racism in which societal institutions are solely responsible for reform this book seeks to put the power of change in the hands of Blacks It focuses on the preventative role that Blacks might play and considers solution oriented ways to stop this vicious cycle **Understanding Race And Crime** Webster, Colin, 2007-07-01 This book critically introduces debates and controversies about race crime and criminal justice to and undergraduate and post graduate social science audience *Race, Crime, and Justice* Steven E. Nieman,2001 Much of the current reassessment of race culture and criminal justice in the nineteenth century South has been based on intensive community studies Drawing on previously untapped sources the nine original papers collected here represent some of the best new work on how racial justice can be shaped by the particulars of time and place Although each essay is anchored in the local several important larger themes emerge across the volume such as the importance of personality and place the movement of former slaves from the capriciousness of plantation justice to the theoretically more evenhanded processes of the courts and the increased presence of government in daily aspects of American life Local Matters cites a wide range of examples to support these themes One essay considers the case of a quasi free slave in Natchez Mississippi himself

a slaveowner who was reined in by his master through the courts while another shows how federal aims were subverted during trials held in the aftermath of the 1876 race riots in Ellenton South Carolina Other topics covered include the fear of black criminality as a motivation of Klan activity the career of Thomas Ruffin slaveowner and North Carolina Supreme Court Justice blacks and the ballot in Washington County Texas the overturned murder conviction of a North Carolina slave who had killed a white man the formation of a powerful white bloc in Vicksburg Mississippi agitation by black and white North Carolina women for greater protections from abusive white male elites and slaves crime and the common law in New Orleans Together these studies offer new insights into the nature of law and the fate of due process at different stages of a highly racialized society

The System in Black and White Michael W. Markowitz, Delores D. Jones-Brown, 2000-04-30 In a collection of compelling contributions to the study of the nexus between race crime and justice noted scholars in the field critique many long held assumptions and myths about race challenging criminal justice policymakers to develop new and effective strategies for dealing with the social problems such misunderstandings create In sections devoted to criminological theory law enforcement courts and the law juvenile delinquency and gender contributors endeavor to dispel myths about African American involvement in the criminal justice system In so doing a number of important facts are established about the race crime nexus For example in an analysis of criminological theory it is concluded that race as a singular social factor has not been adequately represented in existing paradigms The subject of police profiling of African Americans reveals an evolution of court decisions that have marginalized rather than liberated African Americans since slavery Each contributor challenges both the reader and the criminal justice system to develop meaningful strategies for addressing the racism that still pervades our system of justice A chapter on women of color in prison makes a compelling argument that such institutions often represent safer environments than the life on the streets women leave behind This persuasive volume will be of interest to undergraduate and graduate students as well as faculty in Sociology Criminal Justice policy development African American and Women s Studies

Pope, 1981-04 It is some relief to come across this collection of papers edited by McNeely and Pope which sets out to get the record straight It is refreshing to see such intelligent and honest scholarship If there is not something here to cause us to reflect and make comparisons then we must indeed be prejudiced beyond redemption This reviewer at least will turn to this collection of papers and the valuable references whenever he wishes to consider the vexed but vital question of race and crime *International and Comparative Law Quarterly* October 1982 It is an excellent primer for those students and faculty unfamiliar with the demographics and important theoretical research and practice issues in the area Classes

Race, Crime and Justice Barbara Hudson, 1996 *Race Crime and Justice* brings together influential British and American articles on the involvement of minority ethnic groups with crime and criminal justice After reviewing empirical and theoretical issues the volume presents key facts about racial imbalances in prison populations and addresses the question of whether these are the result of discrimination by the criminal

justice systems of the United Kingdom and the United States or whether they can be explained by higher crime rates among certain racial groups Articles included cover possible discrimination by the police and the courts and the effects of particular criminal justice strategies are addressed Recent research on race biological characteristics and criminality is summarised and challenged as is underclass theory which has had significant impact on thinking about crime and criminal justice in the 1990s A final section deals with the criminal justice treatment of black women and looks towards a more gendered understanding of the effect of race on crime and justice
